

# **Statutory CUTPA Violations**

By: Duke Chen, Principal Analyst August 8, 2023 | 2023-R-0166

#### Issue

This report lists the state's statutory CUTPA (Connecticut Unfair Trade Practices Act) violations. It provides each violation's statutory reference (or the public act creating the violation) and a brief description of the violation.

The report updates OLR Report 2022-R-0199.

# Summary

Enacted in 1973, CUTPA is a state law that protects people, businesses, and other entities from unfair competition and unfair or deceptive acts or practices in trade or commerce ( $CGS \S 42-110b$ ). It is modeled after the Federal Trade Commission Act ( $15 U.S.C. \S 45(a)(1)$ ).

There are two types of CUTPA violations. The first is judicially determined, where a court decides if an action violated the law. The second is a *per* se violation, which is a specific statutorily prohibited action that automatically constitutes a CUTPA violation. For example, anyone who violates the state's home improvement contractor laws also violates CUTPA (<u>CGS § 20-427(c)</u>, as amended by <u>PA 23-99</u>, § 15). For a list of all statutory *per* se violations, see Table 1 below.

In addition to the statutory *per* se violations listed in Table 1, CUTPA also allows the consumer protection commissioner to issue regulations defining certain actions as an unfair trade practice (<u>CGS § 42-110b(c)</u>). For example, it is a CUTPA violation for car dealers to advertise a price without disclosing certain fees (<u>Conn. Agencies Regs. § 42-110b-28(6)</u>).
