Explanation

The bill is anticipated to result in a cost to the Department of Social Services (DSS) associated with increasing the HUSKY C asset limit based on the percentage increase, if any, in the most recent calendar year average in the consumer price index for urban consumers over the average for the previous calendar year.

The current asset limit for HUSKY C participants is generally \$1,600 for an individual and \$2,400 for a married couple. Based on the percent change in the average CPI-U between 2023 and 2024, the asset limit is estimated to increase to \$1,647 for an individual and \$2,471 for a couple. The number of clients that would become eligible due to the increased asset limit is currently unknown. For context, the program currently supports approximately 84,700 individuals at an average state cost of approximately \$1,680 per member per month.

The Out Years

The annualized ongoing fiscal impact identified above would continue into the future subject to inflation.

OLR Bill Analysis**sHB 6911*****AN ACT CONCERNING ASSET LIMITS FOR HUSKY C BENEFICIARIES.*****SUMMARY**

This bill expands eligibility for Connecticut's Medicaid program known as HUSKY C, which is available to qualifying residents who are age 65 or older or who are ages 18 to 64 and are disabled or blind. It does so by increasing how much program applicants can have in assets to participate.

The bill specifically requires the Department of Social Services (DSS) commissioner, starting by July 1, 2025, to annually increase the program's asset limits by amounts at least equal to the percentage increase, if any, in the most recent calendar year's average consumer price index for urban consumers over the average for the previous year. Under current law, the HUSKY C asset limits are generally \$1,600 for an unmarried individual and \$2,400 for a married couple.

Relatedly, the bill also requires the DSS commissioner, starting by July 1, 2026, to annually submit a report on (1) the number of people eligible for HUSKY C for the prior fiscal year and (2) any additional costs the state incurred because of changes to the asset limits. She must submit these reports to the Aging, Appropriations, and Human Services committees.

EFFECTIVE DATE: Upon passage
