AN ACT CONCERNING SAFETY PLANS AND DISCHARGE PLANS  
FOR MINOR PATIENTS.

As Amended by House "A" (LCO 8543)

House Calendar No.: 390

---

## ***OFA Fiscal Note***

### ***State Impact:***

| Agency Affected  | Fund-Effect            | FY 26 \$ | FY 27 \$ |
|------------------|------------------------|----------|----------|
| Education, Dept. | GF - Potential<br>Cost | None     | Minimal  |

Note: GF=General Fund

***Municipal Impact:*** None

### ***Explanation***

The bill sets standards for local and regional boards of education (BOEs) and the State Department of Education (SDE) regarding the transmission of minor safety plans. The bill results in the fiscal impacts described by section below.

**Sections 1 – 2** require BOEs to: (1) have a secure messaging system to access minor safety plans and provide access to the secure messaging system to at least one designated employee by January 1, 2026; and (2) submit all secure messaging system addresses to SDE by April 1, 2026, which will maintain a list of the addresses. This has no fiscal impact to BOEs or SDE; it is anticipated they can meet the requirements with existing resources.

**Section 3** requires, beginning in FY 27: (1) BOEs to provide annual training for all newly designated employees; and (2) SDE to create

materials for such trainings. There is a potential minimal cost to SDE associated with producing and providing training materials.

**Section 4** requires the Office of Health Strategy (OHS) to provide a secure messaging platform for schools and school districts to receive safety plans from providers through the state's Health Information Exchange (Connie). As Connie already has direct messaging capability, there is no fiscal impact to OHS to develop such a platform.

House "A" eliminates the original bill and its associated fiscal impact, and results in the impact described above.

### ***The Out Years***

The annualized ongoing fiscal impact identified above would continue into the future subject to inflation.
