Explanation

The bill requires the Department of Social Services (DSS) to submit any proposal to change the fee-for-service Medicaid payment model to a managed care payment model to the Appropriations and Human Services committees before implementing or seeking any necessary federal approval to implement such change. To the extent this delays or prevents a change that otherwise would have occurred, the state could experience a fiscal impact that cannot be determined at this time.

The Out Years

The annualized ongoing fiscal impact identified above would continue into the future subject to changes in the Medicaid payment model.
