271 ~~[(f)]~~ (g) Data protection assessments and impact assessments shall be  
272 confidential and shall be exempt from disclosure under the Freedom of  
273 Information Act, as defined in section 1-200. To the extent any  
274 information contained in a data protection assessment or impact  
275 assessment disclosed to the Attorney General includes information  
276 subject to the attorney-client privilege or work product protection, such  
277 disclosure shall not constitute a waiver of such privilege or protection.

299 such online service, product or feature, if such online service, product  
300 or feature engages in any profiling for the purpose of making decisions  
301 that produce legal or similarly significant effects concerning such

302 consumers; (2) an analysis of whether such profiling poses any known  
303 or reasonably foreseeable heightened risk of harm to minors and, if so,

310 the categories of personal data the processor used to customize such

325 address issues arising from deployment of such online service, product  
326 or feature for the purposes of such profiling.

327 (c) Each processor that conducts an impact assessment pursuant to  
328 subsection (b) of this section shall: (1) Review such impact assessment  
329 as necessary to account for any material change to the profiling  
330 operations of the online service, product or feature that is the subject of  
331 such impact assessment; and (2) maintain documentation concerning  
332 such impact assessment for the longer of (A) the three-year period  
333 beginning on the date on which such profiling operations cease, or (B)  
334 as long as such processor offers such online service, product or feature.

335 (d) A single impact assessment may address a comparable set of

336 profiling operations that include similar activities.

337 (e) If a processor conducts an impact assessment for the purpose of  
338 complying with another applicable law or regulation, the impact  
339 assessment shall be deemed to satisfy the requirements established in  
340 this section if such impact assessment is reasonably similar in scope and  
341 effect to the impact assessment that would otherwise be conducted  
342 pursuant to this section.

344 subsection (b) of this section and determines that the online service,  
345 product or feature that is the subject of such assessment poses a

358 the requirements established in subsection (b) of section 42-521.

359 ~~[(c)]~~ (i) Nothing in this section shall be construed to relieve a  
360 controller or processor from the liabilities imposed on the controller or  
361 processor by virtue of such controller's or processor's role in the  
362 processing relationship, as described in sections 42-529 to 42-529e,  
363 inclusive, as amended by this act.

364 ~~[(d)]~~ (j) Determining whether a person is acting as a controller or  
365 processor with respect to a specific processing of data is a fact-based  
366 determination that depends upon the context in which personal data is

367 to be processed. A person who is not limited in such person's processing  
368 of personal data pursuant to a controller's instructions, or who fails to  
369 adhere to such instructions, is a controller and not a processor with  
370 respect to a specific processing of data. A processor that continues to  
371 adhere to a controller's instructions with respect to a specific processing  
372 of personal data remains a processor. If a processor begins, alone or  
373 jointly with others, determining the purposes and means of the  
374 processing of personal data, the processor is a controller with respect to  
375 such processing and may be subject to an enforcement action under  
376 section 42-529e.
