Such regulations shall provide for the commissioner to contact each licensee that is the subject of a complaint in order to notify such licensee of the complaint and to relate to such licensee the particular matters alleged by the complainant. If the commissioner determines that the facts as alleged give rise to one or more violations of law related to the licensee's business, the commissioner may attempt to mediate a voluntary resolution of the complaint acceptable to the complainant and the licensee. Such regulations shall also provide that, if an acceptable resolution to the complaint is not achieved, the commissioner shall complete the commissioner's investigation of the facts and shall, if the commissioner has reason to believe that the licensee has violated any provision of section 14-64, proceed to take any action authorized under the provisions of section 14-64. If, after such an investigation, the commissioner elects not to take action against the licensee, the commissioner shall notify both the complainant and the licensee in writing.] dealer or repairer, including the provision of nonconsensual towing or transporting, recovery or storage of motor vehicles. The commissioner may permit a dealer or repairer to stipulate to a complaint and waive such dealer or repairer's right to an administrative hearing under the provisions of chapter 54.

(4) Not later than fourteen days from the date of receiving a customer complaint, the commissioner shall notify the customer and the dealer or repairer that is the subject of the complaint that the complaint (A) was received and of the particular matters alleged by the customer, and (B) will be subject to further investigation. Such investigation shall consist of a determination of (i) whether the complaint is complete and all relevant documents were received, and (ii) whether the complaint states facts which, if true, would give rise to one or more violations of sections 14-51 to 14-66c, inclusive, as amended by this act, sections 14-145, as amended by this act, 14-145a, as amended by this act, and 14-150, as amended by this act, section 3 of this act or any regulation adopted pursuant to said sections or section 16 of this act.

(5) In the event that the complaint is incomplete, the commissioner shall notify the customer, in writing, of what deficiencies exist in the complaint and provide the date by which the customer is required to submit documentation to address such deficiencies. In the event that such deficiencies are not addressed by the specified date, no action shall be taken on the complaint and the commissioner shall notify the customer and the dealer or repairer, in writing, that no further action will be taken. The commissioner shall maintain a written record of all conversations with the customer and include such record with the

Substitute House Bill No. 7162

complaint in the records of the department.

(6) In the event that the complaint does not state facts that give rise to a violation of sections 14-51 to 14-66c, inclusive, as amended by this act, sections 14-145, as amended by this act, 14-145a, as amended by this act, and 14-150, as amended by this act, section 3 of this act or any regulation adopted pursuant to said sections or section 16 of this act, the commissioner shall notify the customer and the dealer or repairer, in writing, that the commissioner will not proceed with the complaint. Such notice shall include a brief statement of the reasons why the commissioner has taken no action. [The commissioner shall also inform the complainant and the licensee that an unresolved complaint exists and that, unless the commissioner has determined that the allegations, even if true, fail to state a violation of applicable statutory or regulatory standards, the same shall be recorded in the records of the department pertaining to such licensee until such time as the licensee submits to the commissioner satisfactory evidence, signed by the complainant or the complainant's attorney, that the claim has been resolved by agreement with the complainant or submits to the department satisfactory evidence of final adjudication in favor of such licensee.]

(7) If, after the investigation, the commissioner determines that a complaint is complete and determines one or more violations of sections 14-51 to 14-66c, inclusive, as amended by this act, sections 14-145, as amended by this act, 14-145a, as amended by this act, and 14-150, as amended by this act, section 3 of this act or any regulation adopted pursuant to said sections or section 16 of this act, the commissioner shall notify the customer and the dealer or repairer of such determination. The notification shall relate the particular matters involved in the complaint and inform the dealer or repairer that such dealer or repairer is required to respond to the matters alleged in the complaint not later than ten days after the date of the notification. Upon receipt of the dealer or repairer's response, the commissioner may (A) mediate a voluntary

Substitute House Bill No. 7162

resolution of the complaint that is acceptable to the customer and the dealer or repairer, (B) proceed with an administrative hearing under chapter 54, or (C) determine that no action is to be taken and notify the customer and the dealer or repairer, in writing, of the reason for that determination.

(8) If the complaint is resolved through voluntary mediation, the dealer or repairer shall waive its right to an administrative hearing under chapter 54. If the dealer or repairer enters into a stipulated agreement, settlement agreement or consent order and fails to comply with the terms of such agreement or order, the dealer or repairer's license shall be suspended in accordance with the terms of such agreement or order. An agreement between the [licensee and the complainant] customer and the dealer or repairer shall not preclude the commissioner from proceeding to take action if the commissioner has reason to believe that the [licensee] dealer or repairer has violated any provision of section 14-64, as amended by this act.

(9) If the commissioner determines that there is one or more probable violations of sections 14-51 to 14-66c, inclusive, as amended by this act, sections 14-145, as amended by this act, 14-145a, as amended by this act, and 14-150, as amended by this act, section 3 of this act or any regulation adopted pursuant to said sections or section 16 of this act and that the department will take action, the department shall notify the customer and dealer or repairer of such determination and proceed with a hearing in accordance with the provisions of chapter 54, regardless of whether the matter has or has not been settled between the customer and the dealer or repairer. The commissioner may proceed to take any action authorized under the provisions of section 14-64, as amended by this act, and, in the case of police-ordered towing, recommend to the Commissioner of Emergency Services and Public Protection that such dealer or repairer be removed from the rotational system maintained pursuant to section 29-23a, as amended by this act.

Substitute House Bill No. 7162

(10) A decision by the commissioner not to take action against the [licensee] dealer or repairer pursuant to the provisions of this subsection shall be without prejudice to the claim of the customer; and neither the fact that the [department] commissioner has determined not to proceed nor the notice furnished to the parties, in accordance with this subsection, shall be admissible in any civil action.

(11) The Commissioner of Motor Vehicles may adopt regulations, in accordance with the provisions of chapter 54, to implement the provisions of this subsection.

The wrecker service shall release the motor vehicle even if the address on the proof of registration, certificate of title, bill of sale, lease for the motor vehicle or other reasonable proof of ownership is different from the current address of the owner or authorized person redeeming the motor vehicle.

(e) The wrecker service shall accept such payment by cash or credit or debit card and maintain sufficient cash at the office of such wrecker service to provide change to the owner or authorized person at the time of payment. (g) The commissioner shall adopt regulations, in accordance with the provisions of chapter 54, requiring all wreckers to display either the name and address or name and telephone number of the licensed registrant of such wrecker.

(h) Any person, firm, corporation or association that violates the provisions of this section shall, for a first offense, be deemed to have committed an infraction and for a second or subsequent offense, shall be guilty of a class D misdemeanor.

Sec. 13. Section 14-150 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective October 1, 2025*):

The last owner of record of a motor vehicle found abandoned, as shown by the files of the Department of Motor Vehicles, shall be deemed prima facie to have been the owner of such motor vehicle at the time it was abandoned and the person who abandoned the same or caused or procured its abandonment.

(b) Any inspector of the Department of Motor Vehicles, any officer attached to an organized police department, any enforcement officer of a parking authority authorized under an ordinance adopted pursuant to section 7-204a to enforce parking regulations in the municipality in which it is located or any state police officer upon discovery of any motor vehicle, whether situated within or without any highway of this

If such balance is not claimed within such period, it shall escheat to the municipality. If the expenses incurred by the municipality for towing and the sale or disposition of such motor vehicle and any such fines exceed the proceeds of such sale or disposition, such person shall be liable to such municipality for such excess amount.

Two or more towns may join in appointing such hearing officer; provided any such hearing shall be held at a location which is as near to the town within which such motor vehicle was towed as is reasonable and practicable. The commissioner shall [establish by regulation] adopt regulations, in accordance with the provisions of chapter 54, to establish the qualifications necessary for hearing officers and procedures for the holding of such hearings. application for hearing has been filed, send a notice of intent to sell that complies with subsection (h) of this section to the commissioner, the owner of such motor vehicle and any known lienholder of record of such motor vehicle within such period. At any public auction held pursuant to this subsection, such owner or keeper may set a minimum bid equal to the amount of such owner's or keeper's charges and obligations with respect to the tow and storage of the motor vehicle. If no such bid is made, such owner or keeper may sell or dispose of such vehicle.

Substitute House Bill No. 7162

Except for a thirty-day period immediately following the date such motor vehicle was placed in storage under subdivision (1) of subsection (g) of this section, or a sixty-day period immediately following the date such motor vehicle was placed in storage under subdivision (2) of subsection (g) of this section, the commissioner may limit the number of days that such owner or keeper may charge for storage of the motor vehicle prior to the time such motor vehicle was sold unless such owner or keeper provides evidence to the commissioner that the storage charges accrued as a result of such owner or keeper's reliance upon statements or representations made by the owner or lienholder of the motor vehicle or

Substitute House Bill No. 7162

as a result of such owner's or keeper's good faith effort to negotiate the return of such motor vehicle to such owner or lienholder.

(j) The owner or keeper of such garage shall report the sales price, storing, towing and repair charges, if any; buyer's name and address; identification of the vehicle and such other information as may be required in regulations adopted pursuant to this section, to the commissioner within fifteen days after the sale of the motor vehicle.
