(c) For the fiscal year ending June 30, 2026, and each fiscal year thereafter, the board of education for a town shall be paid a special education and expansion development grant equal to the amount such board is entitled to receive under the provisions of subsection (b) of this section. Such grant shall be calculated using the data of record as of the December first prior to the fiscal year such grant is to be paid, adjusted for the difference between the final entitlement for the prior fiscal year and the preliminary entitlement for such fiscal year as calculated using the data of record as of the December first prior to the fiscal year when such grant was paid.

The amount so forfeited shall be withheld by the Department of Education from the grant payable to the board of education in the second fiscal year immediately following such failure by deducting such amount from the board of education's special education and expansion development grant payment pursuant to this section. Notwithstanding the provisions of this subdivision, the State Board of Education may waive such forfeiture upon agreement with the board of education that the board of education shall increase its appropriation for special education during the fiscal year in which the forfeiture would occur by an amount not less than the amount of said forfeiture or for other good cause shown.

**House Bill No. 5001**

(f) Not later than July 15, 2026, and annually thereafter, each local and regional board of education shall submit an annual expenditure report to the Commissioner of Education, except any board of education that receives a grant under this section that is less than ten thousand dollars in any fiscal year shall not be responsible for submitting such report for such fiscal year. Such report shall include a summary and itemization of how grant funds received pursuant to this section were expended during the prior fiscal year for the direct provision of special education and related services to students, including whether such grant was used to hire any new special education teachers, paraeducators or behavioral or reading specialists.

(g) Notwithstanding the provisions of this section, for the fiscal year ending June 30, 2026, the amount of grants payable to local or regional boards of education under this section shall be reduced proportionately if the total of such grants in such year exceeds the amount appropriated for such grants for such year.

Sec. 8. (*Effective July 1, 2025*) (a) The Department of Education shall develop licensure standards for private providers of special education services in the state that shall include, but need not be limited to, (1) the application and review process for such licensure, (2) periods for initial licensure and license renewal, (3) minimum requirements based on the type of special education services provided, and (4) a fee of five thousand dollars for each application for initial licensure and one thousand five hundred dollars for each application for a license renewal.
