
OLR Bill Analysis

HB 6830

AN ACT CONCERNING TRAINING FOR MEMBERS AND EMPLOYEES OF INLAND WETLANDS AGENCIES.

SUMMARY

This bill requires all inland wetlands agency members and employees to complete the Department of Energy and Environmental Protection's (DEEP) inland wetlands agency comprehensive training program. Under current law, just one member or staff person from each agency must complete the training and each agency must annually hold a meeting at which the information is summarized for its members.

The bill requires members and employees serving an agency on January 1, 2026, to complete their initial training within one year from that date. Those joining after that date must complete the training within one year after their appointment, election, or hire. All members and employees must retrain every four years or once per term (for elected or appointed members), whichever is less frequent.

Under the bill, DEEP must make the training program available on its website for agency members and employees. Current law requires it to provide the training program free to one person for each town and distribute informational videos and written materials to the agencies.

The bill also creates an annual reporting requirement for the agencies, beginning by March 1, 2027, to submit a statement to the municipality's legislative body or board of selectmen affirming that the individuals who had to complete the training during the prior year did so. Under both existing law and the bill, a member or employee's failure to complete the training does not invalidate the agency's actions. The bill also makes technical and conforming changes.

EFFECTIVE DATE: October 1, 2025
