
OLR Bill Analysis

HB 6982

AN ACT CONCERNING LIABILITY FOR INJURIES INHERENT IN CAMPING WHILE AT A PRIVATE CAMPGROUND.

SUMMARY

This bill limits the liability of certain private campground owners and operators. It does so by requiring that each “camper” (i.e. anyone who uses a private campground for camping or recreational vehicle camping) assume the risk for any injury to their person from the hazards inherent in camping.

However, the bill specifies that it does not prevent suit or limit the liability of a private campground owner or operator who, while operating the private campground, does any of the following:

1. commits an act or omission that is negligence;
2. intentionally causes the injury of another person;
3. acts with a disregard for the injured person’s safety;
4. fails to use a degree of care that an ordinarily careful, prudent person would use in similar circumstances; or
5. fails to conspicuously post warning signs of a condition known to be dangerous at the private campground.

The bill also requires any written contract between a camper and a private campground owner (or a private campground owner’s employee or officer) to contain, in clearly readable print, a warning notice stating that each camper assumes the risk for any injury to their person from the hazards inherent in camping.

Under the bill, “camping” means all aspects of visiting, staying at, using, and leaving a private campground, including using any lodging

while at a private campground.

EFFECTIVE DATE: October 1, 2025

PRIVATE CAMPGROUND

For purposes of this bill, a “private campground” is any parcel or tract of land, including buildings and other structures on it, owned or operated by a private property owner where five or more campsites are made available for use as temporary living quarters for recreational camping, travel, or seasonal use. Under the bill, “private campground” includes recreational vehicle parks operated by a private property owner.
