Potential Savings

Section 501 excludes municipalities with a population of less than 7,500 from the affordable housing appeal procedures. This results in a potential savings associated with legal costs to these municipalities to the extent fewer appeals are submitted.¹

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.

¹ According to the Department of Public Health's 2023 population estimates, 54 municipalities had a population of 7,500 or less.
