HB-7200

AN ACT CONCERNING BLEEDING CONTROL TRAINING AND  
KITS.

## AMENDMENT

LCO No.: 10399

File Copy No.: 475

House Calendar No.: 305

---

### ***OFA Fiscal Note***

### ***See Fiscal Note Details***

The amendment strikes the underlying bill and its associated fiscal impact.

The amendment allows the Department of Public Health (DPH) to work with health districts to install bleeding control kits in public buildings, resulting in a potential cost to municipalities beginning in FY 26 to the extent that any bleeding control kits installed are not provided by DPH or private donation. A municipality that chooses not to participate in the program will incur no fiscal impact.

The amendment also allows the Department of Emergency Services and Public Protection to administer a bleeding control trainer qualification program, which results in no fiscal impact to the state because it is anticipated that the department will be able to partner with a nonprofit organization to provide this training at no cost.

*The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.*
