Social Services, Dept.	GF - Potential	See Below	See Below

Note: GF=General Fund

***Municipal Impact:*** None

### ***Explanation***

The amendment strikes the language in the underlying bill and the associated fiscal impact.

The amendment requires (1) the Department of Social Services (DSS) to submit any proposal to change the fee-for-service Medicaid payment model to a managed care payment model to the Appropriations and Human Services committees, and (2) the committees of cognizance to submit recommendations to the General Assembly. DSS cannot implement or seek necessary federal approval to implement any related proposal unless approved by the General Assembly. To the extent this delays or prevents a change that otherwise would have occurred, the state could experience a fiscal impact that cannot be determined at this time.
