Explanation

The amendment strikes the underlying bill and its associated fiscal impact resulting in the following impact.

The amendment requires the Department of Consumer Protection (DCP) to license and regulate data brokers resulting in a cost and potential revenue gain to the state. To meet the requirements of the amendment DCP will have to hire a state program manager and a staff

¹The fringe benefit costs for most state employees are budgeted centrally in accounts administered by the Comptroller. The estimated active employee fringe benefit cost associated with most personnel changes is 40.71% of payroll in FY 26.

attorney for a cost of \$154,000 in FY 26² and \$199,000 in FY 27, along with associated fringe benefit costs of \$60,535 in FY 26 and \$80,714 in FY 27. The new employees are required to regulate the market, ensure compliance, conduct hearings, and issue civil penalties for violations.

The amendment requires DCP to oversee the registration of data brokers for an annual application and renewal fee of \$600 and allows DCP to impose a civil penalty of \$500 per day (not to exceed \$10,000 per year) for violations resulting in a potential revenue gain to the state to the extent applications are received and that violations occur.

The amendment also changes various data privacy laws resulting in no fiscal impact to the state.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.

²FY 26 costs reflect nine months of expenditures due to the amendment's 10/1/25 effective date.
