

General Assembly

Amendment

January Session, 2025

LCO No. 9418

Offered by:

REP. MCCARTHY VAHEY, 133rd Dist. SEN. ANWAR, 3rd Dist.

To: Subst. House Bill No. 6978 File No. 149 Cal. No. 123

"AN ACT CONCERNING THE DEPARTMENT OF PUBLIC HEALTH'S RECOMMENDATIONS REGARDING VARIOUS REVISIONS TO THE PUBLIC HEALTH STATUTES."

- Strike everything after the enacting clause and substitute the following in lieu thereof:
- "Section 1. Section 19a-6t of the general statutes is amended by adding subsection (h) as follows (*Effective from passage*):
- 5 (NEW) (h) The council may (1) apply for and accept grants, gifts,
- 6 bequests, sponsorships and in-kind donations of funds from federal and
- 7 interstate agencies, private firms, individuals and foundations for the
- 8 purpose of carrying out its responsibilities, and (2) enter into any
- 9 contracts or agreements, in accordance with any established procedures,
- 10 as may be necessary for the distribution or use of any received funds,
- services or property in accordance with any requirements to fulfill any
- 12 conditions of a grant, gift, bequest, sponsorship or in-kind donation.
- 13 Sec. 2. Subsections (d) and (e) of section 19a-59h of the general

statutes are repealed and the following is substituted in lieu thereof (*Effective July 1, 2025*):

- 16 (d) A hospital shall provide the department with access, including 17 remote access, to the entirety of a patient's medical record, as the 18 department deems necessary, to review case information related to a 19 maternal death case under review by the program. Such remote access 20 shall be provided on or before October 1, 2022, if technically feasible. All 21 personal information obtained from the medical record [shall not be 22 divulged to anyone and] shall be held strictly confidential pursuant to 23 section 19a-25, as amended by this act, by the department.
- (e) All information obtained by the department for the maternal mortality review program shall be confidential pursuant to section 19a-25, as amended by this act. The department may use such information to improve the accuracy of vital statistics data.
- Sec. 3. Subsection (d) of section 19a-59i of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1*, 30 2025):
- 31 (d) Whenever a meeting of the maternal mortality review committee 32 takes place, the committee shall consult with relevant experts to 33 evaluate the information and findings obtained from the department 34 pursuant to section 19a-59h, as amended by this act, and make 35 recommendations regarding the prevention of maternal deaths. Not 36 later than ninety days after such meeting, the committee shall report, to 37 the Commissioner of Public Health, any recommendations and findings 38 of the committee in a manner that complies with section 19a-25, as 39 amended by this act. The department may use any finding of the 40 committee to improve the accuracy of vital statistics data.
- Sec. 4. Subsection (a) of section 19a-25 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1*, 2025):
- 44 (a) All information, records of interviews, written reports, statements,

45 notes, memoranda or other data, including personal data as defined in 46 subdivision (9) of section 4-190, procured by: (1) The Department of 47 Public Health, by staff committees of facilities accredited by the 48 Department of Public Health, the maternity mortality review 49 committee, established pursuant to section 19a-59i, as amended by this 50 act, or the infant mortality review committee, established pursuant to 51 section 19a-59k, in connection with studies of morbidity and mortality 52 conducted by the Department of Public Health, such staff committees, 53 the maternal mortality review committee or the infant mortality review 54 committee, or carried on by said department, such staff committees or 55 the maternal mortality review committee jointly with other persons, 56 agencies or organizations, (2) the directors of health of towns, cities or 57 boroughs or the Department of Public Health pursuant to section 19a-58 215, or (3) the Department of Public Health or such other persons, 59 agencies or organizations, for the purpose of reducing the morbidity or 60 mortality from any cause or condition, shall be confidential and shall be 61 used solely for the purposes of (A) medical or scientific research, [and,] 62 (B) for information obtained pursuant to section 19a-215, disease prevention and control by the local director of health and the 63 64 Department of Public Health, [and] (C) reducing the morbidity or 65 mortality from any cause or condition, (D) for information obtained by 66 the department for the maternal mortality review program pursuant to 67 section 19a-59h, as amended by this act, improving the accuracy of vital 68 statistics data, and (E) for findings of the maternal mortality review 69 committee, established pursuant to section 19a-59i, as amended by this 70 act, improving the accuracy of vital statistics data. Such information, 71 records, reports, statements, notes, memoranda or other data shall not 72 be admissible as evidence in any action of any kind in any court or 73 before any other tribunal, board, agency or person, nor shall it be 74 exhibited or its contents disclosed in any way, in whole or in part, by 75 any officer or representative of the Department of Public Health or of 76 any such facility, by any person participating in such a research project 77 or by any other person, except as may be necessary for the purpose of 78 furthering the research project or public health use to which it relates.

Sec. 5. Subsection (a) of section 19a-493 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective October* 1, 2025):

(a) Upon receipt of an application for an initial license, the Department of Public Health, subject to the provisions of section 19a-491a, shall issue such license if, upon conducting a scheduled inspection and investigation, the department finds that the applicant and facilities meet the requirements established under section 19a-495, provided a license shall be issued to or renewed for an institution, as defined in section 19a-490, only if such institution is not otherwise required to be licensed by the state. If an institution, as defined in [subsections (b), (d), (e) and (f) of section 19a-490, except for a nursing home or nursing home facility, as defined in section 19a-490, applies for license renewal and, [has been] at the time of such application for license renewal, is certified as a provider of services by the United States Department of Health and Human Services under Medicare or Medicaid programs, [within the immediately preceding twelve-month period, or if an institution, as defined in subsection (b) of section 19a-490, is currently certified,] the commissioner or the commissioner's designee may waive, on renewal of the institution's license, the inspection and investigation of such [facility] <u>institution</u> required by this section and, in such event, any such [facility] institution shall be deemed to have satisfied the requirements of section 19a-495 for the purposes of licensure. Such license shall be valid for two years or a fraction thereof and shall terminate on March thirty-first, June thirtieth, September thirtieth or December thirty-first of the appropriate year. A license issued pursuant to this chapter, unless sooner suspended or revoked, shall be renewable biennially (1) after an unscheduled inspection is conducted by the department, and (2) upon the filing by the licensee, and approval by the department, of a report upon such date and containing such information in such form as the department prescribes and satisfactory evidence of continuing compliance with requirements established under section 19a-495. In the case of an institution, as defined in subsection (d) of section 19a-490, that is also certified as a provider under the Medicare

113 program, the license shall be issued for a period not to exceed three 114 years, to run concurrently with the certification period. In the case of an 115 institution, as defined in subsection (m) of section 19a-490, that is 116 applying for renewal, the license shall be issued pursuant to section 19a-117 491. Except in the case of a multicare institution, each license shall be 118 issued only for the premises and persons named in the application. Such 119 license shall not be transferable or assignable. Licenses shall be posted 120 in a conspicuous place in the licensed premises.

Sec. 6. Section 19a-2a of the general statutes is repealed and the following is substituted in lieu thereof (*Effective from passage*):

The Commissioner of Public Health shall employ the most efficient and practical means for the prevention and suppression of disease and shall administer all laws under the jurisdiction of the Department of Public Health and the Public Health Code. The commissioner shall have responsibility for the overall operation and administration of the Department of Public Health. The commissioner shall have the power and duty to: (1) Administer, coordinate and direct the operation of the department; (2) adopt and enforce regulations, in accordance with chapter 54, as are necessary to carry out the purposes of the department as established by statute; (3) establish rules for the internal operation and administration of the department; (4) establish and develop programs and administer services to achieve the purposes of the department as established by statute; (5) enter into a contract, including, but not limited to, a contract with another state, for facilities, services and programs to implement the purposes of the department as established by statute; (6) designate a deputy commissioner or other employee of the department to sign any license, certificate or permit issued by said department; (7) conduct a hearing, issue subpoenas, administer oaths, compel testimony and render a final decision in any case when a hearing is required or authorized under the provisions of any statute dealing with the Department of Public Health; (8) with the health authorities of this and other states, secure information and data concerning the prevention and control of epidemics and conditions

affecting or endangering the public health, and compile such information and statistics and shall disseminate among health authorities and the people of the state such information as may be of value to them; (9) annually issue a list of reportable diseases, emergency illnesses and health conditions and a list of reportable laboratory findings and amend such lists as the commissioner deems necessary and distribute such lists as well as any necessary forms to each licensed physician, licensed physician assistant, licensed advanced practice registered nurse and clinical laboratory in this state. The commissioner shall prepare printed forms for reports and returns, with such instructions as may be necessary, for the use of directors of health, boards of health and registrars of vital statistics; and (10) specify uniform methods of keeping statistical information by public and private agencies, organizations and individuals, including a client identifier system, and collect and make available relevant statistical information, including the number of persons treated, frequency of admission and readmission, and frequency and duration of treatment. The client identifier system shall be subject to the confidentiality requirements set forth in section 17a-688 and regulations adopted thereunder. The commissioner may designate any person to perform any of the duties listed in subdivision (7) of this section. The commissioner shall have authority over directors of health and may, for cause, remove any such director; but any person claiming to be aggrieved by such removal may appeal to the Superior Court which may affirm or reverse the action of the commissioner as the public interest requires. The commissioner shall assist and advise local directors of health and district directors of health in the performance of their duties, and may require the enforcement of any law, regulation or ordinance relating to public health. In the event the commissioner reasonably suspects impropriety on the part of a local director of health or district director of health, or employee of such director, in the performance of his or her duties, the commissioner shall provide notification and any evidence of such impropriety to the appropriate governing authority of the municipal health authority, established pursuant to section 19a-200, or the district department of health,

established pursuant to section 19a-244, for purposes of reviewing and assessing a director's or an employee's compliance with such duties. Such governing authority shall provide a written report of its findings from the review and assessment to the commissioner not later than ninety days after such review and assessment. When requested by local directors of health or district directors of health, the commissioner shall consult with them and investigate and advise concerning any condition affecting public health within their jurisdiction. The commissioner shall investigate nuisances and conditions affecting, or that he or she has reason to suspect may affect, the security of life and health in any locality and, for that purpose, the commissioner, or any person authorized by the commissioner, may enter and examine any ground, vehicle, apartment, building or place, and any person designated by the commissioner shall have the authority conferred by law upon constables. Whenever the commissioner determines that any provision of the general statutes or regulation of the Public Health Code is not being enforced effectively by a local health department or health district, he or she shall forthwith take such measures, including the performance of any act required of the local health department or health district, to ensure enforcement of such statute or regulation and shall inform the local health department or health district of such measures. In September of each year the commissioner shall certify to the Secretary of the Office of Policy and Management the population of each municipality. The commissioner may solicit and accept for use any gift of money or property made by will or otherwise, and any grant of or contract for money, services or property from the federal government, the state, any political subdivision thereof, any other state or any private source, and do all things necessary to cooperate with the federal government or any of its agencies in making an application for any grant or contract. The commissioner may enter into any contracts or agreements, in accordance with any established procedures, as may be necessary for the distribution or use of such money, services or property in accordance with any requirements to fulfill any conditions of a gift, grant or contract. The commissioner may establish state-wide and regional advisory councils. For purposes of this section, "employee of

such director" means an employee of, a consultant employed or retained

- 217 by or an independent contractor retained by a local director of health, a
- 218 district director of health, a local health department or a health district.
- Sec. 7. Section 20-99 of the general statutes is amended by adding
- subsection (c) as follows (*Effective from passage*):
- (NEW) (c) Nothing in this section shall prohibit the board from
- 222 holding a contested case hearing, in accordance with the provisions of
- chapter 54, before (1) one or more hearing officers, or (2) one or more
- members of the board pursuant to section 4-176e.
- Sec. 8. Subsection (a) of section 19a-494 of the general statutes is
- 226 repealed and the following is substituted in lieu thereof (Effective from
- 227 *passage*):
- 228 (a) The Commissioner of Public Health, after a hearing held in
- accordance with the provisions of chapter 54, may take any of the
- 230 following actions, singly or in combination, in any case in which the
- commissioner finds that there has been a substantial failure to comply
- with the requirements established under this chapter or requirements
- relating to institutions licensed under this title, the Public Health Code
- 234 or licensing regulations:
- 235 (1) Revoke a license or certificate;
- 236 (2) Suspend a license or certificate;
- 237 (3) Censure a licensee or certificate holder;
- 238 (4) Issue a letter of reprimand to a licensee or certificate holder;
- 239 (5) Place a licensee or certificate holder on probationary status and
- 240 require such licensee or certificate holder to report regularly to the
- 241 department on the matters which are the basis of the probation;
- 242 (6) Restrict the acquisition of other facilities for a period of time set
- 243 by the commissioner;

(7) Issue an order compelling compliance with applicable statutes or regulations of the department;

- (8) Impose a directed plan of correction; or
- 247 (9) Assess a civil penalty not to exceed twenty-five thousand dollars,
- 248 provided no such penalty shall be assessed for violations arising from
- 249 the investigation of a complaint filed with the Department of Public
- 250 Health before July 1, 2024, except for violations of regulatory
- 251 requirements relating to abuse or neglect of patients, as such terms are
- 252 defined in 42 CFR 483.5.
- Sec. 9. Subsection (g) of section 19a-565 of the general statutes is
- 254 repealed and the following is substituted in lieu thereof (Effective from
- 255 passage):

- 256 (g) A license issued under this section may be revoked or suspended
- in accordance with chapter 54 or subject to any other disciplinary action
- specified in section [19a-17] 19a-494, as amended by this act, if the
- 259 licensed clinical laboratory, blood collection facility or source plasma
- 260 donation center has engaged in fraudulent practices, fee-splitting
- 261 inducements or bribes, including, but not limited to, in the case of a
- 262 clinical laboratory, violations of subsection (h) of this section, or violated
- any other provision of this section or regulations adopted under this
- section after notice and a hearing is provided in accordance with the
- 265 provisions of said chapter.
- Sec. 10. (NEW) (Effective October 1, 2025) (a) For the purposes of this
- 267 section, "emergency department diversion" means the status of a
- 268 hospital licensed pursuant to chapter 368v of the general statutes that
- 269 reroutes incoming ambulances to other hospitals due to the diverting
- 270 hospital's lack of medical capability.
- 271 (b) Upon declaring an emergency department diversion, a hospital
- 272 licensed pursuant to chapter 368v of the general statutes shall, as soon
- as practicable, provide notice to the Department of Public Health in a
- form and manner prescribed by the Commissioner of Public Health.

Sec. 11. Subsection (b) of section 19a-88 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective October* 1, 2025):

- (b) Each person holding a license to practice medicine, surgery, podiatry, chiropractic or naturopathy shall, annually, during the month of such person's birth, register with the Department of Public Health, upon payment of the professional services fee for class I, as defined in section 33-182l, plus five dollars. Each person holding a license to practice medicine or surgery shall pay five dollars in addition to such professional services fee. Such registration shall be on blanks to be furnished by the department for such purpose, giving such person's name in full, such person's residence and business address and such other information as the department requests. On and after January 1, 2026, each person holding a license to practice medicine who has retired from the profession may renew such license. The fee for such license renewal shall be ten per cent of the professional services fee for class I, as determined in accordance with section 33-182l, or ninety-five dollars, whichever is greater. Any such license provided by the department at a reduced fee pursuant to this subsection shall indicate that the practitioner is retired.
- Sec. 12. (NEW) (Effective October 1, 2025) For the purposes of subsection (b) of section 19a-88 of the general statutes, as amended by this act, the Commissioner of Public Health shall adopt regulations, in accordance with the provisions of chapter 54 of the general statutes. Such regulations shall include, but need not be limited to, (1) a definition of "retired from the profession" as that term applies to physicians, (2) procedures for licensed physicians, who have retired from the profession, to return to active employment, and (3) appropriate restrictions upon the scope of practice for such physicians who are retired from the profession, including restricting the license of such physicians to the provision of volunteer services without monetary compensation.
- 307 Sec. 13. (NEW) (Effective October 1, 2025) Any person licensed

308 pursuant to section 20-13 of the general statutes, who is retired from the 309 profession and whose license has become void pursuant to section 19a-310 88 of the general statutes, as amended by this act, may apply for 311 reinstatement of such license pursuant to the provisions of section 19a-312 14 of the general statutes. The licensing fee for a reinstated retiree shall 313 be ten per cent of the professional services fee for class I, as determined 314 in accordance with section 33-182*l* of the general statutes, or ninety-five 315 dollars, whichever is greater. The Commissioner of Public Health shall 316 adopt regulations, in accordance with the provisions of chapter 54 of the 317 general statutes, to implement the provisions of this section. Such 318 regulations shall include, but need not be limited to, (1) a definition of 319 "retired from the profession" as that term applies to physicians, and (2) 320 (A) eligibility requirements consistent with the provisions of 321 subdivision (6) of subsection (a) of section 19a-14 of the general statutes, 322 and (B) application procedures relating to license reinstatement. The 323 commissioner may impose any conditions or restrictions upon the scope 324 of practice of a physician whose license is reinstated pursuant to the 325 provisions of this subdivision, including, but not limited to, conditions 326 or restrictions relating to the provision of volunteer services without 327 monetary compensation.

- 328 Sec. 14. Subsections (a) to (c), inclusive, of section 20-11b of the 329 general statutes are repealed and the following is substituted in lieu 330 thereof (Effective October 1, 2025):
- (a) Except as provided in subsection (c) of this section, each person 332 licensed to practice medicine and surgery under the provisions of 333 section 20-13 who provides direct patient care services shall maintain 334 professional liability insurance or other indemnity against liability for 335 professional malpractice. The amount of insurance which each such 336 person shall carry as insurance or indemnity against claims for injury or 337 death for professional malpractice shall not be less than five hundred thousand dollars for one person, per occurrence, with an aggregate of 339 not less than one million five hundred thousand dollars.
- 340 (b) Each insurance company which issues professional liability

331

insurance, as defined in subdivisions (1), (6), (7), (8) and (9) of subsection (b) of section 38a-393, shall on and after January 1, 1995, render to the Commissioner of Public Health a true record of the names and addresses, according to classification, of cancellations of and refusals to renew professional liability insurance policies and the reasons for such cancellation or refusal to renew said policies for the year ending on the thirty-first day of December next preceding.

(c) A person subject to the provisions of subsection (a) of this section shall be deemed in compliance with such subsection when providing primary health care or behavioral health care services at a clinic licensed by the Department of Public Health that is recognized as tax exempt pursuant to Section 501(c)(3) of the Internal Revenue Code of 1986 or any successor internal revenue code, as may be amended from time to time, provided: (1) Such person is not compensated for such services; (2) the clinic does not charge patients for such services; (3) the clinic maintains professional liability insurance coverage in the amounts required by subsection (a) of this section for each aggregated forty hours of service or fraction thereof for such persons; (4) the clinic carries additional appropriate professional liability coverage on behalf of the clinic and its employees in the amounts of five hundred thousand dollars per occurrence, with an aggregate of not less than one million five hundred thousand dollars; and (5) the clinic maintains total professional liability coverage of not less than one million dollars per occurrence with an annual aggregate of not less than three million dollars. Such person shall be subject to the provisions of subsection (a) of this section when providing direct patient care services in any setting other than such clinic. Nothing in this subsection shall be construed to relieve the clinic from any insurance requirements otherwise required by law.

Sec. 15. (NEW) (*Effective from passage*) On and after October 1, 2025, each chief medical officer and chief nursing officer employed by a hospital licensed pursuant to chapter 368v of the general statutes shall be licensed pursuant to chapters 370 and 378 of the general statutes,

- Sec. 16. Subsection (e) of section 19a-88 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective from passage*):
- 378 (e) (1) Each person holding a license or certificate issued under 379 section 19a-514, 20-65k, 20-74s, 20-185k, 20-185l, 20-195cc or 20-206ll and 380 chapters 370 to 373, inclusive, 375, 378 to 381a, inclusive, 383 to 383c, 381 inclusive, 383g, 384, 384a, 384b, 385, 393a, 395, 399 or 400a and section 382 20-206n or 20-2060 shall, annually, or, in the case of a person holding a 383 license as a marital and family therapist associate under section 20-195c 384 on or before twenty-four months after the date of initial licensure, 385 during the month of such person's birth, apply for renewal of such 386 license or certificate to the Department of Public Health, giving such 387 person's name in full, such person's residence and business address and 388 such other information as the department requests.
- (2) Each person holding a license or certificate issued under section 19a-514, and chapters 384a, 384c, 384d, 386, 387, 388 and 398 shall apply for renewal of such license or certificate once every two years, during the month of such person's birth, giving such person's name in full, such person's residence and business address and such other information as the department requests.
 - (3) Each person holding a certificate issued under section 20-195ttt shall apply for renewal of such certificate once every three years, during the month of such person's birth, giving such person's name in full, such person's residence and business address and such other information as the department requests.
 - (4) Each person holding a license or certificate issued pursuant to chapter 400c shall, annually, during the month of such person's birth, apply for renewal of such license or certificate to the department. Each lead training provider certified pursuant to chapter 400c and each asbestos training provider certified pursuant to chapter 400a shall,

399

400

401

402

403

annually, during the anniversary month of such training provider's initial certification, apply for renewal of such certificate to the department.

- 408 (5) Each entity holding a license issued pursuant to section 20-475 409 shall, annually, during the anniversary month of initial licensure, apply 410 for renewal of such license or certificate to the department.
- 411 (6) Each person holding a license issued pursuant to section 20-162bb shall, annually, during the month of such person's birth, apply for renewal of such license to the Department of Public Health, upon payment of a fee of three hundred twenty dollars, giving such person's name in full, such person's residence and business address and such other information as the department requests.
- 417 (7) Each person holding a license issued pursuant to section 20-278h 418 shall, once every two years, during the anniversary month of initial 419 licensure, apply for renewal of such license to the department.
- Sec. 17. Subsection (a) of section 19a-35a of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1*, 2025):
 - (a) Notwithstanding the provisions of chapter 439 and sections 22a-430, as amended by this act, and 22a-430b, the Commissioner of Public Health shall [, within available appropriations, pursuant to section 19a-36,] adopt regulations, in accordance with the provisions of chapter 54, that establish and define categories of discharge that constitute alternative on-site sewage treatment systems with capacities of [five] ten thousand gallons or less per day. After the establishment of such categories, said commissioner shall have jurisdiction, within available appropriations, to issue or deny permits and approvals for such systems and for all discharges of domestic sewage to the groundwaters of the state from such systems. Said commissioner shall [, pursuant to section 19a-36, and within available appropriations,] adopt regulations, in accordance with the provisions of chapter 54, that establish minimum

436 requirements for alternative on-site sewage treatment systems under 437 said commissioner's jurisdiction, including, but not limited to: (1) 438 Requirements related to activities that may occur on the property; (2) 439 changes that may occur to the property or to buildings on the property 440 that may affect the installation or operation of such systems; and (3) 441 procedures for the issuance of permits or approvals by said 442 commissioner, a local director of health or an environmental health 443 specialist licensed pursuant to chapter 395. The commissioner may issue 444 and update technical standards applicable to the design, installation, 445 engineering and operation of alternative on-site sewage disposal 446 systems. Such technical standards shall not be considered regulations of 447 Connecticut state agencies, as defined in section 4-166. The 448 commissioner may implement policies and procedures necessary to 449 implement the provisions of this subsection while in the process of 450 adopting such policies and procedures as regulations, provided notice 451 of intent to adopt regulations is published on the eRegulations System 452 not later than twenty days after the date of implementation of such 453 policies and procedures. Policies and procedures implemented 454 pursuant to this subsection shall be valid until the time final regulations 455 are adopted in accordance with the provisions of chapter 54. A permit 456 or approval granted by said commissioner, such local director of health 457 or such environmental health specialist for an alternative on-site sewage 458 treatment system pursuant to this section shall: (A) Not be inconsistent 459 with the requirements of the federal Water Pollution Control Act, 33 460 USC 1251 et seq., the federal Safe Drinking Water Act, 42 USC 300f et 461 seq., and the standards of water quality adopted pursuant to section 462 22a-426, as such laws and standards may be amended from time to time, 463 (B) not be construed or deemed to be an approval for any other purpose, 464 including, but not limited to, any planning and zoning or municipal 465 inland wetlands and watercourses requirement, and (C) be in lieu of a 466 permit issued under section 22a-430, as amended by this act, or 22a-467 430b. For purposes of this section, "alternative on-site sewage treatment 468 system" means a sewage treatment system serving one or more 469 buildings on a single parcel of property that utilizes a method of 470 treatment other than a subsurface sewage disposal system and that

involves a discharge of domestic sewage to the groundwaters of the state.

- Sec. 18. Subsection (g) of section 22a-430 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1*, 2025):
- 476 (g) The commissioner shall, by regulation adopted prior to October 1, 477 1977, establish and define categories of discharges that constitute 478 household and small commercial subsurface sewage disposal systems 479 for which the commissioner shall delegate to the Commissioner of 480 Public Health the authority to issue permits or approvals and to hold 481 public hearings in accordance with this section, on and after said date. 482 Not later than July 1, 2025, the commissioner shall amend such 483 regulations to establish and define categories of discharges that 484 constitute small community sewerage systems and household and small 485 commercial subsurface sewage disposal systems. The Commissioner of 486 Public Health shall [, pursuant to section 19a-36,] adopt regulations, in 487 accordance with the provisions of chapter 54, to establish minimum 488 requirements for small community sewerage systems and household 489 and small commercial subsurface sewage disposal systems and 490 procedures for the issuance of such permits or approvals by the local 491 director of health or an environmental health specialist registered 492 pursuant to chapter 395. The commissioner shall issue and update 493 technical standards applicable to the design, installation, engineering 494 and operation of on-site sewage disposal systems under the jurisdiction 495 of the Department of Public Health. Such technical standards shall not 496 be considered regulations of Connecticut state agencies, as defined in 497 section 4-166. The commissioner may implement policies and 498 procedures necessary to implement the provisions of this subsection 499 while in the process of adopting such policies and procedures as 500 regulations, provided notice of intent to adopt regulations is published 501 on the eRegulations System not later than twenty days after the date of 502 implementation of such policies and procedures. Policies and 503 procedures implemented pursuant to this subsection shall be valid until

the time final regulations are adopted in accordance with the provisions of chapter 54. As used in this subsection, small community sewerage systems and household and small commercial disposal systems shall include those subsurface sewage disposal systems with a capacity of ten thousand gallons per day or less. Notwithstanding any provision of the general statutes (1) the regulations adopted by the commissioner pursuant to this subsection that are in effect as of July 1, 2017, shall apply to household and small commercial subsurface sewage disposal systems with a capacity of seven thousand five hundred gallons per day or less, and (2) the regulations adopted by the commissioner pursuant to this subsection that are in effect as of July 1, 2025, shall apply to small community sewerage systems, household systems and small commercial subsurface sewerage disposal systems with a capacity of ten thousand gallons per day or less. Any permit denied by the Commissioner of Public Health, or a director of health or registered environmental health specialist shall be subject to hearing and appeal in the manner provided in section 19a-229. Any permit granted by the Commissioner of Public Health, or a director of health or registered environmental health specialist on or after October 1, 1977, shall be deemed equivalent to a permit issued under subsection (b) of this section.

Sec. 19. Subsection (b) of section 25-33 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective from passage*):

(b) [No system of water supply owned or used by a water company shall be constructed or expanded or a new additional source of water supply utilized until the plans therefor have been submitted to and reviewed and approved by the department, except that no such prior review or approval is required for distribution water main installations that are constructed in accordance with sound engineering standards and all applicable laws and regulations. A plan for any proposed new source of water supply submitted to the department pursuant to this subsection shall include documentation that provides for: (1) A brief

description of potential effects that the proposed new source of water supply may have on nearby water supply systems including public and private wells; and (2) the water company's ownership or control of the proposed new source of water supply's sanitary radius and minimum setback requirements as specified in the regulations of Connecticut state agencies and that such ownership or control shall continue to be maintained as specified in such regulations.] No public water system, as defined in section 19a-37f, or lessee thereof, or individual, partnership, association, corporation, municipality or other entity shall construct, expand or utilize any system that provides water for drinking from a water supply source, as defined in section 25-32, except a private well or semipublic well, as such terms are defined in section 19a-37, unless approved by the department in accordance with the provisions of this subsection and upon a showing that the applicant shall comply with all the applicable requirements of this chapter and the regulations of Connecticut state agencies. Before granting approval to construct, expand or utilize any such system, the department shall require an applicant to submit to the department for approval a plan of such proposed public water system that includes, but need not be limited to, the location of the system, the location of any disposal system or other source of pollution on the property on which such system is located and the proposed sanitary radius as set forth in the regulations of Connecticut state agencies, any potential effects such system may have on any nearby water supply sources and documentation demonstrating an applicant's ownership or control of such system and the proposed sanitary radius. If the department determines, based upon investigation, inspection or documentation provided, [that the water company] an applicant does not own or control the proposed [new source of water supply's sanitary radius [or minimum setback requirements as specified in the regulations of Connecticut state agencies] of the well, the department shall require the [water company proposing a new source of water supply applicant to [supply] submit additional documentation to the department that adequately demonstrates the alternative methods that will be utilized to [assure] ensure the proposed [new source of water supply's] water supply source's long-term purity

and adequacy. In reviewing any plan [for a proposed new source of water supply] or application, the department [shall consider the issues specified in this subsection] may conduct an investigation and inspection for compliance with all the applicable requirements of this chapter and the regulations of Connecticut state agencies. A proposed water system approved pursuant to this subsection shall be used, constructed or expanded in accordance with the approval issued by the department unless the department has issued prior written approval of any changes. The Commissioner of Public Health may adopt regulations, in accordance with the provisions of chapter 54, to carry out the provisions of this subsection and subsection (c) of this section. Such regulations shall include (1) procedures and requirements for granting approval for the construction, expansion or utilization of a proposed water system, (2) requirements for the content and procedures for submitting applications pursuant to the provisions of this subsection, (3) department inspections prior to and after an application is submitted or approved, (4) water quality testing, monitoring and treatment methods to ensure the purity and adequacy of drinking water, (5) requirements for construction of the proposed water system, (6) location restrictions of a proposed water system and minimum setback requirements for disposal sources or other sources of pollution, and (7) any other requirements necessary to ensure the purity and adequacy of the drinking water of the proposed water system. No approval shall be required for distribution water main installations that are constructed in accordance with sound engineering standards and all applicable laws and regulations. For purposes of this subsection and subsection (c) of this section, "distribution water main installations" means installations, extensions, replacements or repairs of public water supply system mains from which water is or will be delivered to one or more service connections and which do not require construction or expansion of pumping stations, storage facilities, treatment facilities or sources of supply. Notwithstanding the provisions of this subsection, the department may approve any location of a replacement public well, if such replacement public well is (A) necessary for the water company to maintain and provide to its consumers a safe and adequate water

supply, (B) located in an aquifer of adequate water quality determined by historical water quality data from the source of water supply it is replacing, and (C) in a more protected location when compared to the source of water supply it is replacing, as determined by the department. For purposes of this subsection, "replacement public well" means a public well that (i) replaces an existing public well, and (ii) does not meet the sanitary radius and minimum setback requirements as specified in the regulations of Connecticut state agencies."

This act shall take effect as follows and shall amend the following
