CORRECTION

To Fiscal Note on LCO No. 5450
HB-5340, File No. 385

AN ACT CONCERNING RENEWABLE POWER GENERATION.

The fiscal note for LCO 5450 indicates a cost of \$14,909,100 in FY 27 and \$1,909,100 annually thereafter in section 15 to the Department of Administrative Services (DAS). It is expected that DAS will be able to implement the SolarApp+ platform to fulfill the requirements of the section, thereby eliminating the cost to DAS.

In addition, the working group referenced in section 8 does not involve the solar protection working group, and instead is made up of the members established in section 8. This does not alter the fiscal impact.
