175 child placed in the care and custody of the commissioner pursuant to an  
176 order of temporary custody or an order of commitment is provided  
177 visitation with such child's parents and siblings, unless otherwise  
178 ordered by the court.

179 (b) The commissioner shall ensure that such child's visits with his or  
180 her parents, or opportunities to communicate with such child's parents  
181 and siblings by telephonic, video or other conferencing platform in  
182 accordance with the provisions of subsection (d) of this section, shall

183 occur as frequently as reasonably possible, based upon consideration of  
184 the best interests of the child, including the age and developmental level  
185 of the child, and shall be sufficient in number and duration to ensure  
186 continuation of the relationship.

187 (c) If such child has an existing relationship with a sibling and is  
188 separated from such sibling as a result of intervention by the  
189 commissioner including, but not limited to, placement in a foster home  
190 or in the home of a relative, the commissioner shall, based upon  
191 consideration of the best interests of the child, ensure that such child has  
192 access to and visitation rights with such sibling throughout the duration  
193 of such placement. In determining the number, frequency and duration  
194 of sibling visits, the commissioner shall consider the best interests of  
195 each sibling, given each child's age and developmental level and the  
196 continuation of the sibling relationship. If the child and his or her sibling  
197 both reside within the state and within fifty miles of each other, the  
198 commissioner shall, within available appropriations, ensure that such  
199 child's visits with his or her sibling occur, on average, not less than once  
200 per week, unless the commissioner finds that the frequency of such  
201 visitation is not in the best interests of each sibling.

202 (d) In the event of a pandemic or outbreak of a communicable disease  
203 resulting in a declaration of a public health emergency by the Governor  
204 pursuant to section 19a-131a, or a declaration of a national emergency  
205 by the President of the United States, such child shall be provided  
206 opportunities to communicate with such child's parents and siblings by  
207 telephonic, video or other conferencing platform in lieu of in-person  
208 visitation, for the duration of any such declaration. Not later than  
209 January 1, 2022, the commissioner shall develop a policy that requires  
210 the temporary cessation of in-person visitation provided pursuant to  
211 this section, on a case-by-case basis, in the event that a child or such  
212 child's parent or sibling is seriously ill due to a communicable disease,  
213 and visitation could result in the contraction of such disease by one or  
214 more participants in the visitation. Such policy shall require that such  
215 child be provided an opportunity to communicate with such child's  
216 parents and siblings by telephonic, video or other conferencing platform

217 in lieu of such visitation. The commissioner shall define "seriously ill"  
218 and "communicable disease" for the purposes of carrying out this  
219 subsection.

220 (e) The commissioner shall include in each child's case record  
221 information relating to the factors considered in making visitation  
222 determinations pursuant to this section. If the commissioner determines  
223 that such visits are not in the best interests of the child, that the  
224 occurrence of, on average, not less than one visit per week with his or  
225 her sibling is not in the best interests of each sibling, or that the number,  
226 frequency or duration of the visits requested by the child's attorney or  
227 guardian ad litem is not in the best interests of the child, the  
228 commissioner shall include the reasons for such determination in the  
229 child's case record.

230 [(f) On or before October first of each year, the commissioner shall  
231 report, in accordance with the provisions of section 11-4a, to the joint  
232 standing committee of the General Assembly having cognizance of  
233 matters relating to children, data sufficient to demonstrate compliance  
234 with subsections (a), (c) and (e) of this section. Such data shall include  
235 the total annual number of children in out-of-home placements who  
236 have siblings, the total number of child cases with documented sibling  
237 visitation and the number of individual siblings involved in each case.]

239 is repealed and the following is substituted in lieu thereof (*Effective July*  
240 *1, 2026*):

290 (g) (1) Notwithstanding the provisions of subsections (a) to (f),  
291 inclusive, of this section, the commissioner may establish a program of  
292 family assessment response to reports of child abuse and neglect  
293 whereby the report may be referred to appropriate community  
294 providers for family assessment and services without an investigation  
295 or at any time during an investigation, provided there has been an initial  
296 safety assessment of the circumstances of a family and child and  
297 criminal background checks have been performed on all adults involved  
298 in the report. Services provided through family assessment response  
299 shall include an array of community-based services and supports  
300 designed to meet the individual needs of families, build upon their  
301 strengths, enhance child development, reduce child abuse and neglect  
302 and increase the health, safety and well-being of children.

303 (2) In response to an accepted family assessment report, the  
304 department shall conduct a comprehensive family assessment that shall  
305 include a safety and risk assessment and an assessment of family  
306 strengths and needs. Such assessment shall include personal interviews  
307 with the child and the child's parent or primary caretaker, an evaluation  
308 of the home environment and the performance of criminal background  
309 checks on all adults residing in the same household. Such assessment  
310 may include, as appropriate, personal interviews with other children or  
311 adults residing in the same household as well as any other caregivers,  
312 family members and collateral contacts. In conducting such assessment,  
313 the department shall consider the age and vulnerability of the child,  
314 family functioning, family history of abuse and neglect and family

315 history of involvement with the department. The department shall,  
316 upon securing any necessary releases, request any relevant out-of-state  
317 history of child abuse or neglect involving any adults residing in the  
318 same household.

319 (3) The following reports of suspected child abuse or neglect shall not  
320 be referred for family assessment response: (A) Sexual abuse, (B) abuse  
321 or neglect occurring in an out-of-home placement, (C) abuse or neglect  
322 resulting in the death or serious physical or mental injury of a child, or  
323 (D) where the department's safety assessment reveals that the child is  
324 unsafe. A case supervisor or manager shall approve all referrals to  
325 family assessment response.

326 (4) Prior to referring a report to an appropriate community provider,  
327 the department shall develop a service plan designed to meet the  
328 family's immediate needs for services and supports and to guide the  
329 community provider's development of a long-term plan of care for the  
330 family.

331 (5) Following a referral pursuant to subdivision (1) of this subsection,  
332 a community provider shall schedule an in-person meeting with the  
333 family and shall develop a plan of care. Such plan of care shall be  
334 developed in consultation with the family and shall include (A) a review  
335 of the department's family assessment and service plan and any services  
336 and supports the family is currently receiving, and (B) an identification  
337 of the family's ongoing needs and the services and supports that may be  
338 available to meet such needs. Such plan of care shall identify the family's  
339 strengths and needs and describe the services and supports to be offered  
340 to (i) address the family's needs, (ii) build upon the family's strengths,  
341 and (iii) increase the health, safety and well-being of the child. The  
342 provider shall monitor the family's participation and progress with the  
343 plan of care.

344 (6) The community provider shall maintain ongoing contact with the  
345 family through in-person meetings, visits to the home, child and family  
346 team meetings and phone calls. If at any time following the referral or

347 during the implementation of the plan of care, the provider has  
348 reasonable cause to suspect or believe that any child under eighteen  
349 years of age (A) has been abused or neglected, as defined in section 46b-  
350 120, (B) has suffered a nonaccidental physical injury or an injury that is  
351 at variance with the history given for such injury, or (C) is placed at  
352 imminent risk of serious harm, the provider shall report or cause a  
353 report to be made in accordance with the provisions of sections 17a-101b  
354 to 17a-101d, inclusive.

355 (7) The community provider shall schedule an in-person meeting  
356 with the family prior to the end of services. The determination to end  
357 services shall be based upon the family's preference and progress in  
358 meeting the goals outlined in the plan of care. The community provider  
359 shall submit individual child and family specific data and  
360 administrative service data to the department not later than thirty days  
361 after ending services. Such data shall identify the needs of the family,  
362 the services and supports made available to address those needs, the  
363 family's met and unmet treatment goals, the final disposition at the time  
364 of ending services and the reasons for the family's discharge from  
365 services, including, but not limited to, met treatment goals, family  
366 relocation, the receipt of a new report by the department or transfer of  
367 the family to another provider.

368 (8) Subdivisions (5) to (7), inclusive, of this subsection shall apply to  
369 all community provider service contracts in effect on June 9, 2016, to the  
370 extent they are not in conflict with such contracts, and shall apply to all  
371 contracts entered into, amended, extended or renewed on or after June  
372 9, 2016.

373 (9) The commissioner shall adopt procedures to establish a method  
374 for the department to monitor the progress of the child and family  
375 referred to a community provider pursuant to subdivision (1) of this  
376 subsection and to set standards for reopening an investigation pursuant  
377 to this section. Such standards shall include, but need not be limited to,  
378 provisions for the reassignment of a report referred for family  
379 assessment response for an immediate investigation based on (A) a

380 reassessment of the initial report of child abuse or neglect or the  
381 discovery of new or additional facts indicating that the child is unsafe,  
382 or (B) a determination that the report meets the criteria of subdivision  
383 (3) of this subsection and, as a result, does not qualify for family  
384 assessment response. Not later than January 1, 2017, the commissioner  
385 shall submit a report regarding such procedures and standards, in  
386 accordance with the provisions of section 11-4a, to the joint standing  
387 committee of the General Assembly having cognizance of matters  
388 relating to children.

389 (10) Consistent with the provisions of section 17a-28, the department  
390 shall disclose all relevant information in its possession concerning the  
391 child and family, including prior child protection activity, to each  
392 provider to whom a report has been referred for use by the provider in  
393 the assessment, diagnosis and treatment of unique needs of the family  
394 and the prevention of future reports. Each provider who has received a  
395 report of child abuse or neglect referred pursuant to this subsection shall  
396 disclose to the department, consistent with the provisions of section 17a-  
397 28, all relevant information gathered during assessment, diagnosis and  
398 treatment of the child and family. The department may use such

480 the state, provided a child shall not be placed outside the state except  
481 for good cause and unless the [parent or guardian] parents or guardians

482 of such child are notified in advance of such placement and given an  
483 opportunity to be heard, or in a receiving home maintained and  
484 operated by the commissioner. When placing such child or youth, the  
485 commissioner shall provide written notification of the placement,
