AN ACT CONCERNING MEDICAID PROVIDER AUDITS. AMENDMENT

LCO No.: 6120

File Copy No.: 413

House Calendar No.: 297

Senate Calendar No.: 519

OFA Fiscal Note

See Fiscal Note Details

The amendment strikes the language in the underlying bill and the associated fiscal impact.

The amendment increases the threshold at which a finding of overpayment can be based on extrapolation, from 1.75% to 2.75% of total claims paid to the provider for the audit period. This precludes savings associated with overpayment recoupments that the Department of Social Services (DSS) would otherwise achieve through reduced Medicaid payments to audited providers. Based on FY 25 audit data, this is anticipated to result in a loss to DSS of up to \$105,000.

The preceding Fiscal Impact statement is prepared for the benefit of the members of the General Assembly, solely for the purposes of information, summarization and explanation and does not represent the intent of the General Assembly or either chamber thereof for any purpose. In general, fiscal impacts are based upon a variety of informational sources, including the analyst's professional knowledge. Whenever applicable, agency data is consulted as part of the analysis, however final products do not necessarily reflect an assessment from any specific department.
