Explanation

The amendment strikes the underlying bill and its associated fiscal impacts. The amendment results in the fiscal impacts described below.

Section 1 requires liquor permit applicants to certify that their inspection has occurred or will occur within the calendar year resulting in no fiscal impact to the state.

Sections 2-3 requires the State Fire Marshal, and the working group established in section 3, to develop and administer a two-year, risk-based residential fire inspection pilot program. This results in no fiscal impact to the state because the working group has the expertise to meet the requirements of the amendment.

Section 2 does not result in a fiscal impact to municipalities as it is

expected that a municipality will only participate in the pilot program if they have the resources necessary.

Section 4 requires café permittees to limit the number of patrons at all times and establishes that violations of this provision are subject to a fine. This results in a potential revenue gain to the state beginning in FY 27 to the extent fines are imposed.

The annualized ongoing fiscal impact identified above would continue into the future subject to inflation and the number of fines.
