

Our Core Mission and Service

The core mission and service of the CSCU System and its 17 institutions is to provide affordable, innovative and rigorous programs for our over 92,000 students, 96% of which are CT residents, to achieve their personal and career goals as well as contribute to the economic growth of Connecticut. In addition to the pedagogical components required to offer programs, student and academic support services are also essential, including orientation, advising, tutoring, career and other critical services needed to ensure student success.
