

DMV MISSION and CORE SERVICES

The Mission and Vision of the DMV is the following:

- **To serve motorists and customers quickly, efficiently and accurately**
- **To promote and advance public safety, security and service**
- **To always evolve as an organization and employ new and innovative measures and strategies that improve services to the public, enhance the security of credentials, foster staff development, streamline agency procedures, and promote clear and timely communication**

DMV's Core Services:

- **To ensure and promote public safety and security through regulation of motor vehicles, drivers, and vehicle related businesses**
- **To issue identity- related driver license/ID credentials and drive only operator licenses according to law**
- **To maintain records on drivers, vehicles and revenues and make those available to authorized persons and agencies**
