Action for our region's environment.

**SUPPLEMENTAL Testimony of Save the Sound
Before the Commerce and Environment Committees**

**Re: Listening Session Transfer Act and the Transition to a Release-Based Property
Remediation Program**

September 17, 2020

Dear Co-Chairs Hartley, Simmons, Cohen, and Demicco, and members of the Commerce and Environment Committees:

We write on behalf of Save the Sound (previously CT Fund for the Environment) to SUPPLEMENT our previous testimony supporting the Transition from the Transfer act to a Release Based Property Remediation Program. It has come to our attention this morning that the CT Business and Industry Association, despite being included in negotiations regarding the language reflected in Draft LCO 3962 is now seeking substantive changes to that language. Our support was premised on the agreed to language and we would oppose any bill that incorporates CBIA's attempts to change the agreed upon language or concepts.

Respectfully submitted,

Roger Reynolds
Senior Legal Counsel
Save the Sound
