

Firstly ever source is leeching And price gouching in the hard work of citizens who have no other choice than to pay ever source for everyday usage. I have never seen such money hungry mafia and monopoly steal from citizens who are especially struggling amid this pandemic. Regulation laws or something along that line has to be implemented. I am sick of seeing my Bill over the top each month. This needs to be rectified ASAP! Unfortunately due to our income we don't even qualify for energy assistance even though we are truly struggling but don't meet the criteria.
