

As requested, I am Anita M. Donofrio of Ridgefield, CT 06877.

COVID-19 remains a threat and all registered CT voters must be assured they will be able to cast their votes safely in the general election this November.

No one should have to risk their health or lives for their right and duty to vote.

Please support bill LCO3576 to allow us to cast our votes in November without worry of contracting the virus.

Thank you.
