

Daer GAE Committee Representatives,

Please vote YES on LCO #3576 to permit voters to cast absentee ballots during the entire pandemic (not just during the primaries).

I am a member of the League of Women Voters Greenwich and am active on the Voter Services Committee. Typically, nothing can keep me from the polls on election day -- both as a voter, but also as a candidate myself (I'm in my second term on the Greenwich RTM) and as an advocate for candidates I am supporting. While I am relatively young (53) and healthy, I am not at all comfortable in areas with large crowds - even when social distancing and masks are in use. I do not want to have to choose between voting and protecting my health and the health of others in my household.

We must give our CT voters every opportunity to vote and to do so safely. Please support LCO #3576 and take steps to ensure the health of our citizens and our democracy.

Thank you!
