

Access to absentee ballots
Listening Session Re:LCO No. 3576
Expanding Access to Absentee Ballots During COVID-19

I request to give virtual testimony by registering through

Online Testimony Registration Link.

I am a 90 year old widow living in a senior retirement community. I cannot walk except with a walker or wheel chair, so cannot get to the voting booth. In this town of Bloomfield, CT where I live, there are three retirement communities, where virtually all of those people qualify for voting remotely, as in, with absentee ballot.

Thank you for registering my testimony in favor of allowing people to vote remotely for their representatives in government.

Sincerely,
Katharine Carle
