

Hello,

I desire and fully support use of absentee balloting this fall, year 2020.

I reside in a Senior Living facility – where cleanliness, facial mask wear, social distancing and very limited inter-personal interactions is practiced.

The CORONA-19 virus is a major health threat to me and to our large Senior community.

I consider absentee balloting, in fall of year 2020, a major advantage in avoidance of my and our community's exposure to COVID-19 virus.

Very truly yours,

William E. Fuller

Bloomfield, CT 06002
