Subject: Cheshire conveyance

Hello all,

After reviewing the previous 2019 Cheshire North End conveyance of land from DOT which we are looking to update, the request for Econ Dev or Open Space should also read "or for medical use" and extend the period for 5 years before it reverts back to the state.

I recognize that Medical Use could fall under Econ Dev, but in the interest of transparency for our residents, I think it wouldn't hurt to spell it out. And the extension of time is a reflection of a new pool of buyers and/or local decision on how to proceed with the land.

Thank you so much. Please let me know if you have any questions.

Warmly,
Liz
