

Bill LCO No. 3471, "An Act Concerning Police Accountability."

The violence that is happening around the country will find it's way to CT if we don't support our police. My cousin is a marine and trained sniper. CT is lucky to have him as a swat team police officer.

Do not pass this bill. Do what is best for our future. CT will become a dangerous place to be if we lose our skilled, smart police officers.

Thank you for your time,
Beth Oliveras
