

The police are doing an excellent job.

There is very little to improve on their end. They are protecting law abiding citizenry from criminals and also keeping communities safe and orderly.

It is absurd to attack the police for doing their essential and vitally important job. They are placing their lives at risk daily for the benefit of the community at large and do not hesitate to place themselves in harm's way to do their duty.

We should be showing them gratitude and honoring them for their selfless service on our behalf.

The current vicious and dishonest persecution of our police men and women is immoral and deeply repugnant.

Please open your minds and eyes to the enormous agit prop narrative gaslighting this country.

Read the data on police behavior and criminal behaviour and stand up for what is right and true.

Yours truly,

Claudia Di Fabrizio
