

To whom it may concern I highly oppose the police accountability bill. As it does not protect police against the criminals. In this day and age we need more law enforcement not less. I want to feel safe and protected by the police. Rioters and protestors should not be protected under the law, police need to use whatever means necessary to protect the citizens. The politicians in ct are not listening to the constituents of Connecticut we do not want this bill passed but if it is I will hold the governor personally responsible for any harm that comes to any citizen in Connecticut man woman or child.
