

All,

The passing of the bill LCO 3471 police accountabilty bill which is against police officers and society as a whole, **MUST BE STOPPED**. This bill will prevent police from doing their jobs and put them and law abiding citizens in danger. Crime will go through the roof. You will no longer get anyone wanting to be in that profession and our children will suffer for it. There is a silent majority who are fed up and their voices will be heard during election day.

Please stop this bill.

Very concerned citizen and tax payer.
