

I am writing to let you know that I believe our police officers should continue to have qualified immunity. I don't believe that the majority of officers approach their day with the goal of harming or killing citizens. By removing this immunity, I believe we will lose a large number of good, qualified people and probably won't see many new recruits. They put their lives on the line daily, not knowing what they will encounter. I believe we need to back them up. Thank you.
