

> To My State Representative,

> Hello my name is Heidi Rykowski from Naugatuck Ct. Please refrain from passing this bill. Holding our police officers back from doing their job will put your citizens in danger as we see in our neighboring state of New York. There is no dispute that changes need to be made, but this is not it! Our great officers should not be hung out to dry due to the actions of a select few.

> Thank you for your time
