

1. The Municipal Police Training Council Academy needs to be a “ Stand Alone” educational platform and NOT under the control of the Commissioner of Emergency Preparedness and Public Safety
2. Mental Health screening every 5 years for Police Officers. Police Chiefs have the authority to order a Police Officer to undergo such a screening. Does not need to be legislated. When Legislators submit to “Mental Health” screening prior to taking their seat in the Legislature, then you can revisit this issue.
Ripe for misuse !
3. Poorly thought out. More input by Police required.
