

Let's call this police reform exactly what it is! This bill IS GOING TO MAKE COMMUNITIES LESS SAFE I'm not sure how anyone with connecting brain cells could vote for this. Of course everyone making this quick drastic decision all have nothing to do with police work. But go ahead, do your cowardly thing and cave to the loud minority who also don't have their fact right. But clearly facts don't matter here. I have just a couple more years left in this awful state and I'm counting the days.
