

PLEASE VOTE NO TO THIS BILL Draft LCO #3471

This bill in its current form will force not some, but ALL Officers to refrain from making any arrests or taking actions that aren't absolutely necessary. What does this mean for me? It means no traffic enforcement, far less D.U.I arrests (at least prior to the fatal crashes). It means no proactive stops resulting in the location of illegal firearms/narcotics, it means rampant drug dealing on our street corners. It means sex offenders left unchecked, it means arrest warrants not being served. Ultimately it leads to INCREASED crime in our communities. I implore you to research New York City and it's crime rate increase. If the Police aren't stopping it WHO will? I am frightened that you would be a part of placing my family's and friend's lives in jeopardy this way. For the love of God this is not a Democrat/Republican Trump/Biden issue this is as simple as Good vs Evil. Lastly, I am completely aware that Social Media has defined their "popular" view but you, as elected Officials know that sometimes the CORRECT view and choice isn't always popular.
