

I am a mother of a state trooper and are you kidding me? I will fight against this bill tooth and nail and get all my resources I can from my home state of NY to support me. Support your damn police!!! You should be creating laws that protect our police instead of the criminals. This bill is destroying the moral of our first responders. They put their lives on the line everyday and you show your gratitude by creating this bullshit? I hope there never comes a time in your life where your life depends on police to take action and save it.
