

This bill is not only crazy, it's scary!!

NOBODY is going to want to be a part of a police force.

If the state eliminates the liability insurance and makes a cop have his/her own liability insurance, that's insane!!!

There will be so many lawsuits against individual cops for things as petty as putting handcuffs on a person.

AND, to have their name on their uniform not only jeopardizes their life, but that of their family!

CRAZY!!

Just because there are a few bad cops, this is saying all cops are bad!

Why are we letting the radical left take over our country, the silent majority conservatives need to wake up before our kids and grandkids grow up in a SOCIALIST COUNTRY!

You were elected to fight this type of BS!!

THIS NEEDS TO STOP!!
