

“Act in haste repent at leisure.” Decision after ripe reflection is the state of a mature mind prepared to be fair. Data, statistics, experience, ride with the police, walk in their shoes, take the necessary steps, to educate yourselves to act responsibly to protect and ensure the health and well being of your constituents. The shoot from the hip gunslinger is not deciding but reacting.

We look to you to be neutral in your analyses, even majestic in your deliberations, to rise up high to the Instant occasion when you are most needed to be paradigms of profiles in courage

Our legislators are, or should be our exemplars, not influenced by the hyperbolic passions of the moment but patiently considering all options and proposing only after deliberation upon the potential unintended consequences.

Rather, than intone further, I proffer that you read *Terry v Ohio* for edification. Call upon an expert in your ranks like Representative O’Dea, to comment on it extensively and answer your questions.

Or from without your sanctums invite, perhaps, Attorney Elliot Spector for transparent elaboration ,no favors, give no quarter, subject him to rigorous cross examination. Simply, it should not be considered an imposition but merely the right thing to do.” One man, or woman, with courage makes a majority.” And, merely, is a euphemism for multi-verses. “ May God go with you Greathearts.”
