

Correctional Advisory Committee

I write to you today w/ firsthand experience w/ these matters I bring before you today.

- First I would like to start w/ the chain of command. I believe we have a systemic problem w/ my belief being that the leadership or lack of does not hold no one accountable showing there is no true leadership, and the unprofessionalism that exists.
- The Grievance process has major flaws, and no true structure no real form of resolving issues. The Grievance process is just a way to defer, delay, and deny. How can you deny a claim without interviewing the party or parties involved. I've personally have had this experience in more than one occasion w/ property they have lost. We need a outside 3rd party to handle the Grievance process.
- The Medical Grievance process is just as bad or worse again there is no accountability, and lives have already been lost. We are in despite need of an outside 3rd
