Testimony:

I Jamilla Byrd am writing this testimony on behalf of myself and fiancée Arnold Kirby who is currently a inmate at Osborne Correctional Facility my fiancée is currently serving a ten year sentence and he also currently works in the industry at the facility and is doing such a great job as well as everything that he has too do too make a positive change in his life and as his biggest support system I can truly say he's doing great at doing that and I as his fiancée i am truly proud of him for that I say that too say this I have been active on his visiting list and have been able to come see him until out of no where the facility told me I wasn't inactive on his visiting list and I could no longer visit him for no apparent reason

at all I don't have a criminal record nor has my fiancée gotten into any type of trouble at the facility so for them too just do this too us for no apparent reason I feel that is was wrong unfair unlawful and injustice it was very heartbreaking too him and I both when we did nothing wrong too deserve this it's been 8 months now since I've been able to see my fiancée nor have we gotten answers or justice these type of situations amongst other situations

accr in these facilities all the time and nothing is done about it nor do you hear about these situations unless a love one like myself who truly loves and cares about their fiancée and self speaks out I am and my fiancée are asking for help in getting justice for the matter that is at hand that him and I both are currently experiencing and not only that it's a violation of his rights we are seeking justice for me too be back active are his visiting list being I am is only support system it's been stressful and painful for him and I both as well as depressing not too be able to see one another visits up lift his spirits as well as keep him encouraged and focused on his goals he has set out for the new life he's trying too build for himself I am asking that you please hear us out and our story out and please help us thank you kindly in advance it's truly appreciated.
