

Dear TAXPAYERS.

HELLO

CONNECTICUT Department of Corrections Spends
OVER 100 million A YEAR ON medical
for inmates, OVER 100 MILLION!
The medical department where I reside
A.T. "MacDonnell C.I." is the most
UN professional, rude, disrespectful
Nursing staff on the planet. They
laugh at us, make fun of us, TALK
about us in very unprofessional
ways to each other and custody staff.
Zero of the Nursing staff wear their
Identification cards as directed by
policy. I will say, though understaffed,
the Dental and Mental Health
departments are good! Recently I had
A painful medical situation. The
Custody staff treated me like a
patient while the Nursing staff
treated me like AN inmate that
was less than human. Thankfully,
we do ~~have~~ have a handful of good
nurses, BUT, we must get ~~thru~~ lucky
to see them. There is NO Accountability
for their actions when they do wrong.
WE ARE NOT PATIENTS TO THEM!
And I'm sure I will be on the
"YOUR ALL SET"

1st when they find out I wrote
this. Beep
