My name is Tyrone Blash.

I'm writing about some of the conditions of incarceration.

- 1) The facility is plagued with mold.
- 2) The lighting is terrible , Most of us wear glasses now because of it.
- 3) Our diet is subpar, lacking the proper nutrition. We are overwhelmed with soy and sugar.
- 4) The agreement on our tablets continues to change forcing us to accept the new terms or lose out on what we purchased.
- 5) The ventilation is awful, the vents have never been cleaned.
- 6) We are subjected to unnecessary strip searches after our virtual visits.
- 7) Our out of cell time requirements have not been met yet.
- 8) Our visit room is too small.
- 9) We're not receiving our 6 month clothing renewal.
- 10) The whole facility is placed on lockdown after a code no matter how minor.
