

My name is Enrique Velilla and the reason for this email is because I'm angry about the (proposed and possible passing) of bills HB 7005 and HB 7222. Removing our religious exemption rights is outright underhanded, treacherous, demeaning and unconstitutional. Attorney General Tong is biased and obviously has set plans in motion to vote for or sway those in power in favor to remove religious exemptions and to implement HB 7222. PLEASE VOTE NO TO HB 7005 and HB 7222.

Sincerely,
Enrique Velilla
