## **PREFACE**

This publication is intended to serve as a reference source for legislators, the Governor and administrative officials of the various state agencies in matters relating to the state budget. It includes all appropriations, bond authorizations, and tax and revenue changes that make up the revised budget for the 2005-2007 biennium.

Section II (Appropriations), the first several pages of the book, provides an overview of the 2005-2007 state budget and summarizes the major changes made by the General Assembly in the 2006 legislative session. Section III (Tax and Revenue Changes) explains tax and revenue changes made by 2006 legislation. Section IV (Financial Schedules) contains various financial schedules providing further details of the FY 07 Appropriations along with relevant historical data. Section V (Agency Budgets) provides the individual state agency budget summaries, including appropriations and other resources available to the agencies from special non-appropriated funds and federal and private sources. An explanation of legislative intent concerning appropriated funds and a summary of significant legislation affecting an agency are also provided where appropriate. Section VI (Capital Budget) presents a listing of all agencies' revised bond authorizations for 2005-2007 consolidated with those unallocated balances remaining from previous years.

Section VII (Appendix), contains a listing of carryforwards and PA 06-186, the revised FY 07 Appropriation Act. The following liberties have been taken with the presentation of the act to make it more readable and comprehensive: 1.) Brackets and underlining in the agency appropriation sections have been omitted and replaced with columns depicting the original agency appropriations, the revised agency appropriations and the difference; 2.) Unrevised funds in the agency appropriation sections and the revenue schedules have been included for informational purposes and; 3.) Adjustments required by other subsequent legislation have been incorporated.

A breakout of the statutory formula grants which is normally included in the Appendix can be found in OFA's "Highlights of the Revised 2005 - 2007 Biennial Budget" which can be accessed through the link below.

It is also significant to note that the budget data presented for each agency in Section V is stored in a computerized budget information system, and various inquiry programs are available to perform additional comparative analysis. Please contact the office for further information concerning this system.

In addition, certain summary information from this and other OFA reports are available on the Internet. The OFA home page is listed under the State of Connecticut home page. The direct OFA address is: <http://www.cga.ct.gov/ofa/>.

### The Connecticut State Budget Revisions for FY 07

#### ***FY 07 Budget Overview***

The original biennial State Budget, as approved by the 2005 General Assembly for FY 07 (the second year of the 2005-2007 biennium), was \$15.94 billion. However, the 2006 session of the General Assembly revised the FY 07 budget by increasing the FY 07 appropriation by \$129.3 million, resulting in a budgeted \$16.07 billion. The General Fund is \$14.8 billion for FY 07, while the Transportation Fund is \$1.06 billion. The two major funds of the budget, the General Fund and the Transportation Fund, together represent 98.9% of all expenditures. All other appropriated funds make up the remaining balance of \$174.6 million. PA 06-186 "AA Making Adjustments to State Expenditures and Revenues for the Biennium Ending June 30, 2007" which reflects state agency appropriations is located in Section VII. The following table shows the original and revised appropriation by fund. Also included in the table is the budget growth over the prior year and the amount by which total appropriations are under the spending cap for all appropriated funds.

<b>Fund</b>	<b>Net FY 07 Original Appropriation (\$)</b>	<b>Net FY 07 Revised Appropriation (\$)</b>	<b>Difference (\$)</b>
General Fund	14,745,188,975	14,837,159,984	91,971,009

<b>Budget Growth over Prior Year (adjusted)</b>	<b>3.2%</b>	<b>5.8%</b>	<b>2.6%</b>
<b>Amount Total Appropriations are Under the Statutory Spending Cap (in millions)</b>	<b>(\$10.4)</b>	<b>(\$4.0)</b>	<b>\$6.4</b>

The amount by which total appropriations are under the spending cap is based on appropriations for the ten appropriated funds and five-year average growth in personal income of 3.54% in the original budget and the revised budget.

### **Budget Growth Rate**

The following table shows that the budget growth rate for all appropriated funds is 5.8% for FY 07. The growth rates account for the use of FY 05 and FY 06 surplus in the year in which these funds are anticipated to be expended rather than the year in which these funds were appropriated.

[1] General Fund and Transportation Fund estimates are as of February 1, 2006. These estimates reflect deficiencies and lost lapses, yet exclude expenditures from carry-forwards. [2] Includes the following: Banking; Insurance; DPUC/Consumer Counsel; Workers' Compensation; Regional Market; Soldiers', Sailors' and Marines'; Criminal Injuries Compensation; and Mashantucket Pequot and Mohegan Fund.				

### **Spending Cap**

The budget bill increased FY 06 appropriations by \$27.0 million for deficiency appropriations which brought the spending level for FY 06 to the allowed spending cap expenditure limitation. The Governor issued a declaration, and the legislature approved by a three-fifths vote, to exceed the spending cap with an additional \$394.5 million appropriation from the anticipated FY 06 surplus. For FY 07, the revised appropriation of \$16.068 billion is \$4.0 million under the allowed expenditure level for all funds. The Governor's declaration includes \$125.5 million (which is an amount equivalent to the additional FY 07 Teachers' Retirement payment from anticipated FY 06 surplus) as FY 07 general budget expenditures for the purposes of determining expenditures in FY 08. This inclusion has the effect of increasing by \$125.5 million the allowed expenditure level calculated under the spending cap for FY 08.

### ***Budget Reserve (Rainy Day) Fund***

The General Fund ended FY 04 with a surplus of \$302.2 million and is estimated to end FY 05 with a surplus of \$371.8 million for a total Budget Reserve Fund (BRF) deposit of \$674 million. The budget act earmarks \$485.5 million of the FY 06 estimated \$1,000 million surplus, leaving a projected additional \$514.5 million that will be transferred to the BRF thereby increasing its total to \$1,188.5 million or 80.1% of full BRF capacity. This amount falls \$295.2 million short of the \$1,483.7 million maximum that could be deposited in the BRF. The act also budgets a potential surplus of \$160.8 million in FY 07, which if realized would further increase the BRF total to \$1,349.3 million or 84.7% of full BRF capacity.

### ***Grants to Towns***

The FY 07 General Fund and Transportation Fund appropriation for grants to towns increases by \$86.82 million to \$2,557.5 million in FY 07 from the original FY 07 appropriation of \$2,470.7 million, and increases by \$115.53 million over FY 06. These figures include the use of FY 05 surplus and the anticipated FY 06 surplus. The significant changes in the grants to towns are outlined below.

<b>Significant Changes in Grants to Towns Original FY 07 Versus Revised FY 07 Budget (\$ millions)</b>			
<b>Grant</b>	<b>Original FY 07</b>	<b>Revised FY 07</b>	<b>Difference</b>

<b>Totals - Significant Grants Above</b>	<b>\$443.3</b>	<b>\$525.0</b>	<b>\$81.8</b>

### Estimated Lapse

The budget act anticipates the following sums to remain unexpended, either through normal spending patterns (most agencies do not spend their full appropriation), or through “mandated” savings. The Office of Policy and Management prorates the General Personal Services (PS) and Other Expenses (OE) reductions among most agencies. The Revised FY 07 estimated lapses/savings represents a \$300,000 reduction from the amount included in the Original FY 07 budget. The \$1.0 million lapse for Centralize Business Operations included in the original FY 07 budget is eliminated and is achieved by reducing Personal Services accounts within affected agencies. The following reflects the original and revised FY 07 lapse/savings:

Estimated Lapse/Savings	Original FY 07 Appropriation	Revised FY 07 Appropriation	Difference
General Fund:			
Legislative Unallocated Lapse	(2,200,000)	(2,200,000)	0
Estimated Unallocated (Normal) Lapse	(86,480,000)	(87,780,000)	(1,300,000)

General Other Expenses Reduction	(11,000,000)	(11,000,000)	0
Centralize Business Operations	(1,000,000)	0	1,000,000
Total General Fund	(\$114,680,000)	(\$114,980,000)	(\$300,000)
Transportation Fund:			
Estimated Unallocated (Normal) Lapse	(11,000,000)	(11,000,000)	0
<b>Total General Fund and Transportation Fund</b>	<b>(\$125,680,000)</b>	<b>(\$125,980,000)</b>	<b>(\$300,000)</b>

### Appropriations by Major Function of Government

Of the \$16.2 billion gross appropriation, \$4.25 billion, or 26.3% of the total, has been designated for social service needs such as health care, cash assistance, and childcare. Education is the second highest area of expenditure, representing 19.7% of the budget at \$3.2 billion. Debt service, ongoing payments of principal and interest on state bonds, accounts for 11.2% of the state budget. The net FY 07 appropriation of \$16.07 billion reflects the subtraction of \$125.98 million for the estimated lapse. The amounts shown below for each function of government represent the share of the gross appropriation of \$16.2 billion.

### ***Significant Changes of a General Policy Nature***

**Private Provider COLA** - The budget includes a combined \$19.2 million (\$11.15 in new appropriations to various state agencies and \$8.0 million transfer from the Contingency Needs account in OPM to these agencies) for a 2% cost of living increase effective October 1, 2006. The 2% COLA is for most private providers under contract with the Departments of Mental Retardation, Mental Health and Addiction Services, Children and Families, Social Services, Public Health and Correction; the Judicial Department; and the Council to Administer the Children's Trust Fund.

**Department of Public Safety (DPS)** - Funding is included for upgrades and maintenance of the COLLECT system (Connecticut On-Line Law Enforcement Communications Teleprocessing) including:

- \$568,000 for a maintenance contract: DOIT will oversee the maintenance of COLLECT at a cost of \$71,000 per month, an annualized cost of \$852,000. Currently, DPS pays \$284,000 for the maintenance of COLLECT, a difference of \$568,000;
- \$128,859 for licensing software renewals: various software licensing renewals are required for the COLLECT system including SSName3, Oracle, and Crystal. Upgraded lines: COLLECT requires upgraded lines to properly disseminate information to law enforcement agencies. Funding is provided in the amount of \$324,312 for this purpose;
- \$51,500 for a COLLECT contingency account.

Additionally, funding of \$1.07 million is included for the installation of fire suppression systems in state trooper vehicles. Each individual fire suppression system costs approximately \$2,500, and is financed over four years to coincide with vehicle financing.

Funding of \$300,000 is included for the Urban Violence Taskforce. The taskforce allows state and local police officers to work collaboratively to combat violence in urban "hotspots".

The Local Officer Incentive Program provides \$1,200 stipends to reduce fiscal impediments on municipal police who partner with the State Narcotics Task Force, and other federal law enforcement agencies. Funding is included to pick-up expiring JAG funds and to continue the Local Officer Incentive Program. Funding is provided for 27 officers at \$1,200 per month, for 12 months. The total cost of the program would be \$388,800; however, there is a \$150,000 set aside that will supplement the program, so the total funding included in the budget is \$238,800.

**Commission on Fire Prevention and Control** - The budget contains a transfer of the Regional Fire Training Schools from the Comptroller's Miscellaneous Accounts, to the Commission on Fire Prevention and Control. In addition, the budget increases funding to the schools by \$193,317.

**Department of Motor Vehicles** - Funding is provided for 9 positions and related resources for Commercial Vehicle Safety Inspectors. In addition, \$600,000 is provided for upgrading and adding security measures to prevent fraud involving issuance of drivers' licenses.

**Department of Mental Retardation - Autism Pilot** - Funding of \$1.0 million is provided in FY 07 for a Pilot Program for Autism Services. The program will serve up to 50 adults with autism spectrum disorders who do not have mental retardation. Services to be available include: service coordination, supported living, supported employment and transportation.

*Rate Increase for Birth-to-Three Providers* - Funding of \$989,000 is provided to support an increase in the unit rate of reimbursement to Birth-to-Three contracted programs effective January 1, 2007. A unit cost study for the Birth-to-Three Program was

authorized in PA 05-280 with final recommendations submitted in February of 2006. This funding, in addition to the private provider COLA, will support the various rate study recommendations.

**Department of Social Services** - The following items are included in the FY 07 budget:

- \$41.1 million for rate increases for nursing homes, ICF-MR's and residential care homes;
- \$12.5 million for rate increases for the Medicaid Managed Care Organizations;
- \$7.0 million in rate increases for general hospitals, \$4.0 million for a grant increase for CCMC, and \$1.25 million for a rate increase for chronic disease hospitals. The budget also provides \$11 million in FY06 surplus funds for a Crisis Hospital Fund and \$2.0 million in surplus to CCMC for financial stability planning;
- \$6.5 million to alleviate potential roadblocks to receiving pharmaceuticals under Medicare Part D;
- \$5.1 million under SAGA to increase reimbursement to FQHC's and to provide limited transportation and optical hardware services;
- \$2.95 million to enhance dental access under the HUSKY program;
- \$2.1 million for 100 additional slots in the state funded personal care attendant pilot program;
- \$1.5 million in child care funds to help meet new federal TANF work requirements;
- \$1.25 million to subsidize transportation costs for Medicaid adult day care;
- \$1.0 million to increase the burial allotment to \$1,800 under the cash assistance programs;
- \$800,000 to enhance elderly nutrition.

**Department of Higher Education (DHE)** - Funding for the Capitol Scholarship Program is increased by \$2 million in an effort to obtain additional federal funds. In addition, \$3.35 million (from the FY 06 anticipated surplus) is appropriated for the Higher Education State Matching Grant program. This amount is intended to cover half of the unpaid obligations from FY 04.

The budget contains \$500,000 in funding for the "Engineering Connecticut" and "You Belong" loan reimbursement programs. The "Engineering Connecticut" program provides loan forgiveness for individuals who have completed undergraduate or graduate degrees in engineering, and are newly employed as engineers in Connecticut after January 1, 2006. The "You Belong" program provides loan forgiveness for doctoral students in economically viable fields.

**Teachers' Retirement System Contribution** - An additional \$245.7 million is appropriated from the anticipated FY 06 surplus to the retirement contribution for the Teachers' Retirement System. The sum of \$120.1 million is available for FY 06 and \$125.5 million is available for FY 07. This additional appropriation increases the state's contribution to the full 100% actuarially required contribution of \$396.3 million in FY 06 and \$412.1 million in FY 07.

**Department of Correction (DOC)** - Funding for Workers' Compensation Claims is reduced by \$1.0 million to reflect departmental savings in the claims account. Funding of \$287,057 is included for eight part-time State School Teachers to offer a second shift school program at Manson Youth Institution. The part-time teachers will work 26 hours per week and receive a salary of \$26.54 per hour.

Funding in the amount of \$500,000 is included to pay DOC's contribution to the Collaborative Mental Health Alternative to Incarceration project. The Mental Health Alternative to Incarceration project is a collaborative project between DMHAS, CSSD, and DOC. Each of the three agencies has contributed \$500,000 to support development of a mental health Alternative to Incarceration. DOC's prior contributions have been funded through the Violent Offender Incarceration and Truth in Sentencing (VOI/TIS) grant.

**Judicial Department** - Funding, in the amount of \$450,000, is provided to the Judicial Department in order to institute a Drug Intervention Program (or drug court) in New Haven. These funds will be available to provide both day and residential substance abuse treatment slots.

Funding, in the amount of \$1.0 million is provided to enhance mental health services for youthful offenders aged sixteen or seventeen years old. Funding, in the amount of \$250,000, is provided to study the implementation of a change in juvenile jurisdiction to include sixteen and seventeen year olds. Additional funding, in the amount of \$1.2 million is provided to enhance the supervision of sexual offenders on probation. Funding, in the amount of \$1.5 million, is also provided to enhance various forms of probation supervision.

Funding, in the amount of \$433,458, is provided to pick up expiring federal funds for DNA testing of offenders on probation. The Anti-Trafficking in Persons Initiative included funding in the amount of \$175,000 total, to various state agencies to combat trafficking in persons and assist victims.

**Expansion of Sex Offender Programs** - The budget act includes \$2.8 million (see details below) related to the risk assessments of sex offenders, expanded sex offender registry and reporting requirements and various other sex offender-related provisions.

Agency	Item	Amount (\$)
DPS	Risk Assessment Board - Evaluation of Existing Offenders	77,500
DOC	Risk Assessment Board - Evaluation of Existing Inmates	200,000
DPS	Additional Reporting and Registration Requirements	42,750
DCF	Multidisciplinary Teams/Children's Advocacy Centers	850,000
JUD	Sex Offender Probation Units	1,225,000
DOC	Parole Sex Offender Supervision	440,000

**Implementation of the Prison and Jail Overcrowding Recommendations** - The budget contains \$8.2 million (see details below) related to the implementation of the recommendations of the Prison and Jail Overcrowding Commission. The budget also contains \$6.4 million (\$5.0 million in Personal Services and \$1.4 million in Other Expenses) of savings in the Department of Correction associated with implementing the recommendations.

Agency	Item	Amount (\$)
JUD	Jail Re-interview Staff/Local Mental Health Authorities	220,220

DMHAS	Various Initiatives	2,417,500
JUD	Specialized Staff for Probation	267,500
DOC	Specialized Staff for Parole	150,000
DOC	Comprehensive Discharge Services	53,950

**Transfers from Tobacco and Health Trust Fund** - The sum of \$7.5 million is transferred within the budget from the principal of the Tobacco and Health Trust Fund to support various programs, including:

- \$500,000 to continue support for the Easy Breathing Asthma Initiative, which is aimed at improving asthma recognition and treatment by primary care providers and improving access to asthma related medical care for children;
- \$150,000 to extend the Easy Breathing program to serve adults with asthma;
- \$150,000 to continue support for a pilot asthma awareness and prevention education program in Bridgeport;
- \$1.0 million to support the Breast and Cervical Cancer Early Detection and Treatment program;
- \$5.5 million to implement the Comprehensive Cancer Control Plan developed by the Connecticut Cancer Partnership;
- \$200,000 for the University of Connecticut Health Center for a Health Professions Partnership Initiative.

**Statewide Issues Affecting Various Agencies** - The following items included in the budget impact various state agencies:

- Increased Energy Costs - Funding of \$24.0 million in the General Fund and \$6.0 million in the Transportation Fund is provided across various state agencies to meet the needs of increasing energy costs beyond the amounts already budgeted.
- Settled Collective Bargaining Contracts - Funding of \$61.5 million is provided from the Reserve for Salary Adjustment account to various state agencies for settled contract costs.
- Centralize Business Operations - The FY 07 \$1.0 million budgeted lapse for centralized business operations is eliminated and is achieved by reducing the Personal Services (PS) accounts within affected agencies. This reduction and

the transfer of PS and associated positions from various agencies to the Department of Administrative Services implements Section 60(c) and (d) of PA 05-251 (centralizing of business operations services).

### ***FY 06 Deficiencies***

The budget act appropriates \$27.0 million for FY 06 deficiencies, including \$26.038 million in General Fund deficiencies, \$920,000 in a Transportation Fund deficiency and \$42,000 in a Regional Market Operation Fund deficiency. It should be noted that each deficiency item is reflected in the appropriate agency budget sheet in Section V.

<b>Agency</b>	<b>Amount of Deficiency</b>
Office of Policy and Management	\$11,315,000
Department of Public Safety	4,307,000

[2] Of this amount, \$120,121,000 shall be available during FY 06 and \$125,529,000 shall be available during FY 07.

[3] This funding shall continue to be available for expenditure during FY 08 and FY 09.

### ***Carry Forward Provisions***

In addition to the appropriations in PA 06-186, numerous provisions are made in other sections of PA 06-187 and PA 05-251 as well as in existing statute to permit some \$662.63 million of appropriations be carried forward from FY 06 into FY 07. The estimate is based on preliminary information prior to final figures which may ultimately be different.

Legislative Authority	Amount in Millions
PA 06-186	\$396.15
PA 06-187	5.38
PA 05-251	242.10
Existing Statute – Carryforwards	19.00
<b>Total</b>	<b>\$662.63</b>

### ***Potential Budget Gaps in FY 08, FY 09, FY 10***

Preliminary estimates indicate potential General Fund current services budget gaps of \$359.6 million in FY 08, \$536.1 million in FY 09 and \$667.4 million in FY 10. Limiting appropriations to the levels allowed by the spending cap will lower the gaps in each of these fiscal years but must be calculated on an All Appropriated Funds basis and cannot be calculated for the General Fund alone. These shortfalls assume that \$148.8 million of the \$394.5 million in additional FY 06 appropriations (less \$245.7 million for increasing Teachers' Retirement funding to 100% of the actuarial requirement beginning in FY 06 and FY 07) are one-time in nature.

These gaps are largely attributable to:

- Generally Accepted Accounting Principles (GAAP) requirements of \$39.0 million in FY 08 and \$99.0 million in each of FY 09 and FY 10;
- Lapse carryforwards of \$91.0 million from FY 06 which reduce FY 07 spending requirements that will need to be funded in FY 08;
- One-time revenue of \$40.0 million that resulted in a corresponding Medicaid reduction in FY 07 that will need to be funded in FY 08;
- Phase-out of property tax on Machinery/Equipment over 5 years which will cost \$26.9 million in FY 08, \$56.1 million in FY 09 and \$89.0 million in FY 10;
- FY 06 revenue of \$41.0 million that was carried forward to FY 07 that will not be part of the revenue stream in FY 08 (action taken in original FY 07 budget);
- FY 05 surplus of \$17.4 million that was carried forward into FY 07 for ongoing items that will need to be funded in FY 08 (action taken in original FY 07 budget); and
- An anticipated slower rate of revenue growth compared with expenditure growth.

### ***Transportation Fund***

**Department of Transportation** - The following adjustments were made to the Department of Transportation's budget:

- \$4.0 million for the Highway and Bridge Renewal Equipment from the Transportation Fund cumulative balance/operating surplus in lieu of increasing appropriations;
- \$7.5 million for the Rail and Bus Operations subsidy. This includes: \$4.0 million subsidy increase for bus operations due to higher fuel costs; \$1.0 million for rail operations; and \$2.5 million to offset loss of federal funds (the federal offset replaces \$2.4 million of federal Job Access Reverse Commute Program funding in DOT with the remainder to offset the declining federal funds previously available through the Department of Social Services);
- \$330,670 grant to the Greater Hartford Transit District NON-ADA Dial-A-Ride Grant for NON-ADA Dial-A-Ride services;
- \$500,000 for partial offset of federal funding for the mandate ADA Para-Transit services provided by non-state owned transit districts;
- \$2.0 million to the Town Aid Road Grant from the Transportation Fund. This will result in increasing the overall grant from \$28.0 million to \$30.0 million. Included in the \$28.0 million is \$20.0 million from the Transportation Fund and \$8.0 million carry forward from the FY 05 General Fund Surplus.

**Transportation Initiatives** - The following transportation initiatives were included in PA 06-136, "AAC The Road Map For Connecticut's Economic Future". The act authorizes \$1.3 billion in bonding strategic transportation projects and initiatives as outlined below:

**Strategic Transportation Projects:**

- Restore commuter rail service on the New Haven - Hartford - Springfield, MA line including shuttle bus service from the line to Bradley;
- Implement the New Britain - Hartford busway;
- Rehabilitate up to 40 rail cars for use in commuter lines;
- Develop a new commuter rail station between New Haven and Milford;
- Provide up to \$45.0 million in capital improvements to the New Haven line branch lines;
- Provide \$60.0 million in capital funding for rail station and parking lot improvements to the New Haven, Shore Line East, and Branch Lines;
- Fund the local share of the Southeast Area Transit federal pilot project;
- Complete the Norwich Intermodal Transit Hub Roadway improvements;
- Provide for environmental planning and assessment for I-95 expansion between Branford and the Rhode Island border;
- Complete preliminary design for I-84 expansion between Waterbury and Danbury;
- Fund the Commercial Vehicle Information System Network;
- Provide capital funding for greater Hartford highway infrastructure improvements (such as: Rentschler Field development in East Hartford);
- Complete a rail link to the Port of New Haven.

**Other Transportation Projects:**

- Improvements to Routes 2 and 2A in Preston, North Stonington and Montville;
- Upgrades to the Pequot Bridge in Montville;
- Evaluating rail links to other state ports;
- Dredging of the State's commercial ports;
- Developing a second rail passenger station between New Haven and Milford;
- Expanding Route 9;
- Additional projects subject to approval from Governor and State Bond Commission.

**Revenue Sources** - The transportation initiative will be supported by an increase to the existing transfer of the General Fund's Oil Companies Tax to the Transportation Fund. The transfer will increase by \$80.0 million from FY 07 through FY 10, and \$100.0 million in FY 11.

### ***The Governor's Recommended Mid-term Budget Adjustments for FY 07***

**Summary** - The Governor's FY 07 Budget Adjustments recommends \$16.05 billion, which is \$113.5 million over the original FY 07 budget. The Governor's recommended budget included \$78.9 million in new and expanded programs of which \$21.0 million are new and \$57.9 million are expanded.

**Budget Growth** - The Governor's FY 07 budget as adjusted by her midterm recommendations represents a 5.0% increase for all appropriated funds, after certain adjustments are made to provide consistency between FY 06 and FY 07.

**Spending Cap** - The Governor's midterm adjustments increases the amount by which the FY 07 budget would be under the spending cap from \$10.3 million to \$12.2 million. This assumes the Governor's Proposal to establish a new Casino Assistance Revenue fund, amounting to \$496.8 million through a revenue intercept in FY 07, would not be subject to the spending cap.

**Technical, policy and cross agency revisions in the FY 07 Governor's budget** - Net budget changes recommended by the Governor amount to \$113.5 million for all appropriated funds. This consists of a reduction of \$5.7 million in technical budget revisions and increases of \$79.1 million in policy revisions and \$40.1 million in cross agency revisions. The Governor's recommended changes for FY 07 may be divided into three categories; technical, policy and cross agency revisions. Technical revisions include: (1) increases or decreases resulting from caseload or uncontrollable cost changes, and (2) changes required as a result of existing mandates (e.g. due to legislation previously passed without the proper adjustment to the budget). Policy revisions include: (1) increases due to new or expanded programs, and (2) decreases due to programmatic reductions or eliminations resulting from new policy directions. OFA generally treats transfers as policy revisions. Cross agency revisions are largely policy in nature that have been distributed among agencies in an across the board manner. These would include increased energy costs, settled collective bargaining contracts and the centralizing of business operations in certain agencies.

The technical, policy, and cross agency revisions for all appropriated funds may be categorized as indicated below.

<b>Governor's Recommended Adjustments (as categorized by OFA)</b>	<b>Amounts (in millions)</b>
1. Decreasing Technical Revisions	(\$92.9)
2. Increasing Technical Revisions	<u>87.2</u>
Net Technical Revisions	(5.7)
3. Decreasing Policy Revisions	(192.0)
4. Increasing Policy Revisions	<u>271.1</u>
Net Policy Revisions	79.1
5. Decreasing Cross Agency Revisions	(64.7)
6. Increasing Cross Agency Revisions	<u>104.8</u>
Net Cross Agency Revisions	40.1
<b>Total Net Budget Changes</b>	<b>\$113.5</b>

**Transportation Fund** - The Governor recommends the following major policy changes: (1) funding of \$6.5 million for increased bus operations subsidy; (2) funding of \$1.0 million for commercial vehicle safety inspectors and security upgrades to prevent driver license fraud; (3) funding of \$4.0 million for Highway and Bridge Renewal Equipment; and (4) \$17.0 million in additional bond funds for DMV computer and software upgrades.

## Revenue Summary

### FY 06 and FY 07 Revised Revenue Estimates and Policy Changes

Pursuant to CGS §2-35 the Finance, Revenue, and Bonding Committee adopted revised revenue estimates for the General Fund, the Special Transportation Fund, the Soldiers, Sailors, and Marines Fund and the Consumer Counsel and Public Utility Control Fund on 4/30/06 in support of the revised FY 06 and FY 07 appropriations budget<sup>1</sup>. A brief summary of the major revenue changes appears below and a detailed listing of all the changes appears on page 34.

**General Fund** - During the 2006 regular session the legislature enacted provisions that are anticipated to result in net General Fund revenue decreases of \$225.2 million in FY 07. The changes are a combination of: (1) structurally recurring decreases (\$90.3 million in FY 07), (2) one-time revenue decreases (\$54.4 million), and (3) inter-fund transfers (\$80.5 million in FY 07). The most significant General Fund revenue changes are listed below.

- (1) **Income Tax** - The maximum property tax credit is increased from \$400 to \$500 starting in the 2006 tax year.
- (2) **Income Tax** - Taxpayers are allowed to deduct contributions to the Connecticut Higher Education Trust (CHET), which is Connecticut's state-sponsored college saving plan, from their Connecticut adjusted gross income. The annual deductible limit is \$5,000 for single filers and \$10,000 for joint filers.
- (3) **Sales Tax** - The sales tax free period on residential weatherization products is extended from April 1, 2006 to June 30, 2007.
- (4) **Corporation Tax** - The 15% surcharge is eliminated for the 2007 income year.
- (5) **Corporation Tax** - A 30% transferable tax credit is established for qualified film and digital media production, preproduction, and post production expenses incurred in the state for producing film and digital media.
- (6) **Corporation Tax** - A tax credit against the corporation business tax, insurance premiums tax, and utility company tax is established for companies that (1) relocate to Connecticut, (2) create at least 50 new, full-time jobs and (3) hire new employees for those jobs and keep them employed for at least 12 months. The credit equals up to 25% of the state income tax withheld from the new employees' wages.
- (7) **Corporation Tax** - A \$1,500-per worker tax credit is established against the corporation business tax, insurance premiums tax, and utility company tax to companies that hire workers who (1) were employed in Connecticut and (2) were let go by a previous employer as a direct result of a business restructuring in which at least 10 Connecticut workers were terminated by the same employer.

<sup>1</sup> The revised appropriations budget for FY 06 and FY 07 is primarily contained in PA 06-186.

**Special Transportation Fund** - In 2006 the legislature enacted PA 06-136, which increases the General Fund transfers from the petroleum gross earnings tax to the Special Transportation Fund. The additional transfers are intended to support the new public transit projects and initiatives outlined in the act. The table below shows the annual transfers.

<b>General Fund Revenue Transfers to the Special Transportation Fund</b> (\$ millions)

FY 13	100.9	200.9	100.0
FY 14 and after	119.4	219.4	100.0

### **Governor's Proposed Mid-term Revenue Adjustments**

**General Fund** - The Governor's FY 07 Budget Adjustments included General Fund revenue adjustments of -\$251.0 million in FY 07. The proposed changes (with the Governor's estimated revenue impact) are as follows:

- (1) **Income Tax** - The Governor proposed repealing the property tax credit against the income tax (\$325.0 million in FY 07).
- (2) **Corporation Tax** - The Governor proposed eliminating the 15% surcharge for the 2007 income year (-\$32.2 million in FY 07).
- (3) **Corporation Tax** - The Governor proposed establishing a tax credit against the corporation business tax, insurance premiums tax, and utility company tax for companies that (1) relocate to Connecticut, (2) create at least 50 new, full-time jobs and (3) hire new employees for those jobs and keep them employed for at least 12 months. The credit equals up to 25% of the state income tax withheld from the new employees' wages (-\$2.0 million in FY 07).
- (4) **Corporation Tax** - The Governor proposed establishing a \$1,500-per worker tax credit against the corporation business tax, insurance premiums tax, and utility company tax to companies that hire workers who (1) were employed in Connecticut and (2) were let go by a previous employer as a direct result of a business restructuring in which at least 10 Connecticut workers were terminated by the same employer (-\$4.5 million in FY 07).
- (5) **Inheritance & Estate Tax** - The Governor proposed phasing-out the unified estate and gift tax by calendar year 2010 (-\$34.1 million in FY 07).

- (6) **Public Service Companies Tax** - The Governor proposed reducing the tax rate by 25% for gas and electric sales (-\$44.9 million in FY 07).
- (7) **Local Property Taxes** - The Governor proposed repealing the personal property tax on passenger cars owed by individuals. The Governor's proposal provides for grant to municipalities for lost revenue by creating a Casino Assistance Revenue (CAR) fund, which will funded by intercepting 100% of the Indian gaming revenue received by the State plus approximately \$61 million from the resources of the General Fund. The Governor estimates that the total cost of the program will be approximately \$500.0 million per year beginning in FY 07.

***Special Transportation Fund*** - The Governor's FY 07 Budget Adjustments proposed increasing the General Fund transfer from the petroleum gross earnings tax to the Special Transfer Fund by \$40 million per year beginning in FY 07. This additional annual transfer was intended to support the Governor's proposed the new public transit projects and initiatives contained in SB 59.

<b>TAX AND OTHER REVENUE CHANGES MADE BY 2006 LEGISLATION</b>
---

Described below are tax and other revenue changes made during the 2006 regular session. Tax changes affecting the General Fund are shown first, followed by non-tax revenue changes to the fund. This is followed by revenue changes to other funds, including the Special Transportation Fund. Miscellaneous penalties and fines are not included unless the revenue impact due to the change is anticipated to be significant. Each entry includes the public act number, a brief description, and the revenue impact. Items estimated to have a minimal or no fiscal impact are indicated by a (-) in the "Revenue Changes" column. The effective date for each entry is July 1, 2006 unless otherwise noted.

#### GENERAL BUDGET EXPENDITURES:

For purposes of comparability, the expenditure figures include all expenditures of the General Fund, other appropriated funds, debt service, bond retirement funds and education activities. At various times, these expenditures have been part of the Transportation Fund (1984-present), Higher Education Tuition Funds (1981-present), the Education Excellence Trust Fund (1987-1989), and the Economic Recovery Fund (ERF) deficit financing (1991-92 through 1998-99). Adjustments have been made back through 1991-92 to incorporate the former uncompensated care pool expenditures which are now reflected in the General Fund budget. The expenditures and percentage changes shown from FY 91 on, have been adjusted for comparability due to structural changes in the budgets for those years. The expenditure data through FY 03 is based upon Comptroller's reports, and includes expenditures from prior year appropriations carried forward into a subsequent fiscal year. Also included are expenditures from surplus, primarily for "one-time" items. Figures for FY 06 and FY 07 contain estimates of expenditures from surplus appropriations and other carried forward appropriations.

#### IMPLICIT PRICE DEFLATOR FOR STATE AND LOCAL GOVERNMENTS:

The data is taken from the 2006 Economic Report of the President for historical data. Projections are by The Economy.com. The use of this adjustment factor eliminates growth that results from inflation and facilitates the calculation of the adjusted year to year growth rate. The increases for FY 06 and FY 07 are expected to be 4.3% and 6.2%, respectively.

[1] This schedule includes only those federal funds relating to the operating budget. An effort has been made to reflect funds in the function where they are expended rather than received; however, due to the uncertainties of accounting for federal funds as provided in the individual agency budgets, this may not always be the case. There are also federal funds that may be received for various capital construction projects that are not included in this schedule. It should be noted that, while the figures shown for the functions of government in this schedule are the best estimates currently available, they are subject to revision pending congressional approval of the respective federal budgets. It is estimated that federal funds represent 22.64% of the total state spending for the FY 07 operating budget.

[2] These funds are primarily reimbursements for the Medicaid program and the state's share of the TANF block grant administered by the Department of Social Services.

The FY 07 revised agency funding authorizations provide the basis for the agency budget summaries in this section of the book. Historical information on agency operating budgets for two prior years as well as the original FY 07 budget and the Governor's recommended revised budget for FY 07 are provided to place the FY 07 revised budget authorizations in perspective. The "Estimated Expenditures" column for FY 06 contains estimates made by this office in February based on data supplied by the agencies. Also, the word "Appropriation" in the Legislative Revised column heading refers only to the state appropriated funds that are shown in the "Budget Summary" section. Numbers of positions, and federal, private and special non-appropriated state funds also appear in this column since they relate to the appropriated funds; however, they are not specifically authorized by the legislature.

The order in which agencies appear in this section of the book is based on the order of the appropriations act (without regard to fund), which is arranged according to the major functions of government. The functions are listed in this section with the page numbers on which they begin. An alphabetical index of all agencies may be found at the end of the book.

The explanatory paragraphs that follow are provided to aid the user in understanding the format and terminology used throughout this section of the book. Explanatory sections follow the format of each agency budget summary.

**Position Summary** - The position summary indicates maximum staffing levels for each agency beginning with FY 04. The position count under the column "Legislative Revised Appropriation FY 07" represents the revised number of positions an agency is authorized to establish through June 30, 2007. Under Section 27 PA 05-251 the number of positions which may be filled by any agency cannot exceed the number of positions shown under these columns, except upon the recommendation of the Governor and the approval of the Finance Advisory Committee (the constituent units of the State System of Higher Education are exempted from this provision).

**Budget Summary** - This section shows each appropriated account for every agency. If an agency has more than one appropriated fund (such as General Fund and Transportation Fund) each fund is totaled separately as well as a total for all the appropriated funds in the agency. An "Additional Funds Available" section follows which includes federal, private and special non-appropriated state funds available to an agency to augment its state appropriations. The additional funds shown under the column "Legislative Revised Appropriation FY 07" are actually estimated expenditures since many federal and private grants, although received in one year, may be available for expenditure over several years. Federal fund data are the best estimates currently available; however, federal aid is subject to change based on new federal legislation and administrative regulations.

**Budget Changes** - Narrative commentary on each item which had either a Governor's or a legislative action (or both), follows the grand total line of the Budget Summary section. This section includes items that provide for new or expanded programs, reduce the scope of existing programs or eliminate them, transfer programs to other state agencies, or change the method of funding a state operation. Also, additional funding due to workload or caseload increases is included, as well as funding to cover inflationary or other built-in

increases.

The narrative consists of a base "(B)" write-up and either a Governor's write-up, a legislative write-up or both. The base write-up explains the nature of an item that action is being taken on by either the Governor or legislature. It will include quantitative information on the scope of a need or a problem. The Governor's and legislative write-ups explain what action the Governor and the legislature took on each item or what resources are being provided for that item. Quantitative information can be used here to describe how many of a particular type of position and for how long a time period funds are being recommended.

There will always be a legislative write-up when a Governor's write-up is shown even if the legislative write-up indicates that it is the "Same as Governor", however there may be a legislative write-up with no Governor's write-up. These are legislative initiatives that occurred after the Governor made her budget recommendations. These write-ups may be interpreted in the broad sense to indicate that the Governor did not take any action on that particular item.

The positions and dollar amounts shown indicate what resources the Governor and the legislature provided for each item. The "Difference" columns show how the legislative budget differs from the Governor's recommendation.

This section may also include informational write-ups such as write-ups that indicate that the Appropriations Committee requires a report, or where some policy guidance is provided to the agency.

**Other Significant 2006 Legislation Affecting the Agency's Budget** - This section includes a summary of any significant legislation which has a fiscal impact on the agency, new programs where no funding is provided, and acts passed which have future impact.

### Provide Funds for Increased Energy Costs -(B)

The Governor recommends additional funding of \$34 million in General Fund and \$6 million in Transportation Fund to meet the needs of increasing energy costs beyond the amounts already budgeted. PA 06-186 (the budget act) reduces the General Fund amount from \$34 million to \$24 million and maintains the Transportation Fund amount at \$6 million.

**(Governor)** Funding of \$424,629 is provided to this agency for increasing energy costs.

#### OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET

**PA 06-187, Section 72**, specifies the rate by which certain permanent full time employees of the Joint Committee on Legislative Management earn compensatory time. Section 97 of this act repeals the provisions of CGS 2-1h.

**PA 06-187, Section 77**, transferred an additional \$500,000 per year beginning in FY 07 from the tax imposed on companies providing community antennae television service, to OLM for costs to operate the Connecticut Television Network (CT-N).

### Establish the Office of Economic Development Policy -(B)

**(Governor)** The Governor recommends \$535,000 in FY 07 for 3 positions, Equipment and Other Expenses to establish the Office of Economic Development Policy within the Governor's Office. Included is \$250,000 for an economic development study to determine what structural and programmatic changes are needed to insure that economic development policy retains and creates jobs in the state and to improve program coordination and provide more comprehensive services in an effort to attract businesses to Connecticut.

**(Legislative)** Funding for this program, and its' 3 positions is eliminated.

### Increase Other Expenses to Meet Campaign Finance Requirements -(B)

PA 05-5, of the October 25 Special Session, provides funding to hire an additional 15 staff positions and computer equipment to handle the campaign finance requirements. The funding is derived from the Citizen Election Fund account (CEF) within the General Fund. The CEF will be funded through a revenue transfer from the Escheats account in the Treasurer's Office. Funds amounting to \$2 million in FY 06 and \$1 million in FY 07 will be transferred for the administrative costs of running the program. There are day-to-day recurring operational costs such as an additional copier lease, postage, supplies, printing, and mileage reimbursements necessary to support the increase in staff and areas of responsibility, which are not included in the CEF.

**(Governor)** An increase of \$98,813 in FY 07 is provided in the Other Expenses account to ensure that the provisions of PA 05-5 can be implemented.

**(Legislative)** Funds amounting to \$2 million in FY 06 and \$1 million in FY 07 will be transferred into the CEF for the administrative costs of running the campaign finance program, including the hiring of 15 new positions.

### Provide Funds for Settled Collective Bargaining Contracts -(B)

Funding of \$61.5 million in the Reserve for Salary Adjustments account is transferred to agency budgets for settled contract costs.

**(Governor)** Funding of \$19,071 is transferred from the RSA account to this agency for settled contract costs.

### Centralize Business Operations -(B)

Sec. 60 (c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

**(Governor)** The FY 07 \$1 million budgeted lapse (savings) for centralized business operations is eliminated and is achieved by reducing the Personal Services accounts within affected agencies. Funding is reduced by \$39,917 and 1 position.

### Carry Forward FY 06 Lapse to Continue Funding Temporary Position -(B)

In October 2005, one administrative position was moved from the State Properties Review Board (SPRB) to the Department of Administrative Services as part of the implementation of Sec. 60(c) and (d) of PA 05-251, the

	Gov. Rev. FY 07 Pos.	Gov. Rev. FY 07 Amount	Leg. Rev. FY 07 Pos.	Leg. Rev. FY 07 Amount	Difference from Gov. Pos.	Difference from Gov. Amount
original budget act for FY 06 and FY 07 (see write-up above). This reduced the SPRB's administrative staff from 3 to 2 people, which was not sufficient to handle the agency's workload. In May 2006, the Office of Policy and Management permitted the SPRB to hire a temporary half-time office assistant using FY 06 funds transferred from the agency's Other Expenses account to the Personal Services account.						
<b>(Legislative)</b> Section 36 of PA 06-186, "AA Making Adjustments to State Expenditures and Revenues for the Biennium ending June 30, 2007," carries forward unexpended funds from the FY 06 Other Expenses account and transfers them to the FY 07 Personal Services account to continue funding for the temporary half-time office assistant position. The amount of the carry forward is estimated to be about \$17,000.

**Provide Funds for Increased Energy Costs and FY 06 Deficiency -(B)**

The Governor recommends additional funding of \$34 million in General Fund and \$6 million in Transportation Fund to meet the needs of increasing energy costs beyond the amounts already budgeted. PA 06-186 (the budget act) reduces the General Fund amount from \$34 million to \$24 million and maintains the Transportation Fund amount at \$6 million.

**(Governor)** Funding of \$10 million is provided to this agency for increasing energy costs in the energy contingency account in FY 07 and sHB 5009, "AA Making Deficiency Appropriations for the Fiscal Year Ending June 30, 2006" appropriates \$11 million in FY 06 for current year deficiencies eliminated second period.

**(Legislative)** No funds are provided for FY 07, however, Section 53 of PA 06-186 contains \$10.95 million in deficiency appropriations for FY 06 energy costs.

**Re-Allocate Contingency Needs Funds to Fund Private Provider COLA -(B)**

For FY 07, \$8 million was provided from the FY 05 surplus appropriations for Contingency Needs.

**(Governor)** Funding for Contingency Needs is transferred as the Governor recommends \$17.1 million in FY 07 for a 2% cost of living adjustment (COLA) for private providers effective October 1, 2006. The total \$17.1 million reflects a 2% COLA effective October 1, 2006 for most private providers under contract with the Department of Mental Retardation, Mental Health and Addiction Services, Children and Families and Corrections; the Judicial Department; and the Council to Administer the Children's Trust Fund. This includes \$9.1 million in new appropriation and \$8 million in contingency needs funding that had been appropriated to OPM from the FY 05 surplus. Section 9 of HB 5007 (the Governor's budget bill) implements the \$8 million transfer.

**(Legislative)** Funding of \$8 million from the FY 05 surplus is transferred for a COLA for private providers. An FY 06 anticipated surplus appropriation of \$9 million is provided for contingency needs in FY 07. The \$9.1 million appropriated to agencies is replaced by \$11.15 from the FY 06 anticipated surplus.

**Establish Urban Violence Reduction Grant -(B)**

**(Governor)** The Urban Violence Reduction grant provides competitive grants to non-profits and municipalities to reduce urban violence. The grants will support mentoring; tutoring and enrichment programs; social and cultural activities; athletic and recreational opportunities; training in problem solving, decision making, and conflict resolution; and peer counseling. In FY 07 the following grants will be made to municipalities, however thereafter such amounts are subject to a pro rata reduction if appropriations are not sufficient to meet program obligations:

- Bridgeport \$750,000
- Hartford \$750,000
- New Haven \$750,000
- New London \$500,000

**Provide Funds for Support and Maintenance of the Offender Based Tracking System -(B)**

**(Governor)** The Governor recommends an appropriation of \$452,000 to provide on-going application support and system maintenance for the Offender Based Tracking System (OBTS), which is designed to track an individual's progress through the criminal justice system in order to facilitate the apprehension of offenders and the disposition of their cases. More than \$25 million in bond funds have been spent since 1993 to develop the OBTS.

**(Legislative)** Not later than July 1, 2006, the Office of Policy and Management shall report to the Appropriations Committee on the status of the Offender Based Tracking System. In particular, the OPM report shall: (1) describe in detail or provide samples of any statewide or region-specific, aggregated reports available from within the system; and (2) indicate any reports under development in the OBTS that may assist policy makers in the executive, legislative or judicial branches of government.

<b>Conform to PA 05-3 of the June Special Session -(B)</b>						
Section 62(a) of PA 05-3 of the June Special Session, "AAC the Implementation of Various Budgetary Provisions," transferred \$60,000 for both FY 06 and FY 07 from the Military Department to the Department of Veterans' Affairs for the veterans' contact list and registry. DVA's authorized position count for FY 06 and FY 07 was increased by two, as reflected in the OFA 2005-2007 Biennial Budget Book, resulting in an agency total of 301 authorized positions for both FY 06 and FY 07.						
<b>(Governor)</b> The Governor recommends through Section 29(a) of HB 5007 (the Governor's budget bill) eliminating the above \$60,000 transfer in FY 07 and instead provides these dollars within the agency. Therefore, there is no net change to the agency's level of funding or authorized position count from current law as a result of this recommendation.

#### OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET

**PA 06-153, "AAC Disabled Veterans' Property Tax Exemption, the Definition of Veteran and the Reporting of Veteran's Benefits"** makes reserve components and National Guard members who have performed duty under Title 32 of the US Code part of the armed forces definition. The act also places reporting requirements on any state agency or municipality that provides veterans' benefits to submit annually to the Department of Veterans' Affairs who in return must compile and annually report to the Military Department such information.

[1] Section 60(a) of PA 05-251 allowed funds to be transferred from DVA to the Department of Social Service's Disproportionate Share account for the purposes of maximizing federal reimbursement. The FY 06 Estimated Expenditures in Personal Services is net of the \$8.5 million transaction.

[2] In order to achieve the General Fund bottom-line Personal Services and Other Expenses reductions required for FY 07, the Office of Policy and Management has programmed allotment reductions for this agency to save \$165,411 in Personal Services and \$186,429 in Other Expenses.

**Correct Transportation Fund Position Count -(B)**

**(Governor)** FAC 2006-06 increased the department's authorized Transportation Fund position count by two (a total of 4). This will reflect the filled and vacant IT Manager positions assigned to the Department of Motor Vehicles and Transportation within DOIT. Funds for this purpose are contained in the budget.

**Provide Funds for Increased Energy Costs -(B)**

The Governor recommends additional funding of \$34 million in General Fund and \$6 million in Transportation Fund to meet the needs of increasing energy costs beyond the amounts already budgeted. PA 06-186 (the budget act) reduces the General Fund amount from \$34 million to \$24 million and maintains the Transportation Fund amount at \$6 million.

**(Governor)** Funding of \$221,420 is provided to this agency for increasing energy costs.

**Provide State Staffing for the CJIS and Offender Based Tracking System -(B)**

The Connecticut Justice Information System (CJIS) is a suite of integrated, interoperable information initiatives that mutually support Connecticut's statewide criminal justice agencies functions and responsibilities. CJIS currently encompasses a number of current initiatives and projects relating to the integration of criminal justice data, of which the major initiative is the Offender Based Tracking System (OBTS).

(Governor) The Governor recommends funding of \$485,000 per year to transition the responsibility of providing technical support of the CJIS and OBTS systems to state IT staff.

**Carryforward for the Connecticut Education Network -(B)**

The Connecticut Education Network (CEN) is a statewide information technology infrastructure initiative created to link every public school district, every college and university campus and every library with one another using a state of the art network to provide advanced research and education capabilities. The CEN

provides enhanced access by students in schools and colleges to each other across institutional borders, to the Internet, and to the next generation Internet2 research and education network.						
The network is the primary source of Internet access for almost every public school district in the state and it is increasingly important as a secure, redundant connection for online learning, parent/student home access, online testing and other state education initiatives. The CEN also links all of the University of Connecticut and Connecticut State University campuses to one another and the Internet. The community colleges, libraries and private colleges also depend on the CEN for education resources and in some cases Internet access.						
<b>(Governor)</b> The Governor recommends carrying forward the unexpended balance of funds appropriated for the Connecticut Education Network to FY 07.						
<b>(Legislative)</b> Section 15 of PA 06-186 carries forward the unexpended balance of funds appropriated for the Connecticut Education Network to FY 07.

### Centralize Business Operations -(B)

Sec. 60 (c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

**(Governor)** The FY 07 \$1 million budgeted lapse (savings) for centralized business operations is eliminated and is achieved by reducing the Personal Services accounts within affected agencies. Funding for Personal Services is reduced by \$236,072 and 5 positions. In this agency the Facilities Design Expenses account is also reduced in the amount of \$83,785 for a total reduction of \$319,857.

**Relocate State Offices -(B)**

Section 8 of PA 05-279, "AAC the Conveyance of Certain Parcels of State Land," requires the Department of Public Works (DPW) to convey the building at 21 Grand Street, Hartford to Charter Oak Heath Center Inc. (COHC.) The building currently houses three state agencies with approximately 70 employees (the Commission on Human Rights and Opportunities, the Teacher's Retirement Board, and the Soldiers, Sailors and Marine Fund) as well as COHC. DPW conveyed the building to COHC, and the agencies have requested to be moved to either leased or state-owned space.

**(Governor)** Funding is recommended to relocate the state agencies currently located in the 21 Grand Street building into state-owned space. No timetable is currently available for when such a move might occur. It should be noted that the Governor's budget revisions recommend adding \$155,000 to the budget of the Commission on Human Rights and Opportunities for office equipment, furniture and build-out costs related to the move.

**(Legislative)** Funding is not recommended.

<p><b>(Legislative)</b> Section 51 of PA 06-186, "AA Making Adjustments to State Expenditures and Revenues for the Biennium Ending June 30, 2007," carries forward up to \$1.6 million from the FY 06 Rents and Moving account and makes it available in FY 07 for the purpose of relocating the agencies currently located in the 21 Grand Street building to other state-owned facilities or to leased space.</p> <p>At its June 13, 2006 meeting, the Finance Advisory Committee voted to transfer \$0.7 million from the Rents and Moving account to cover a projected FY 06 shortfall in the Other Expenses account. Transferring these funds out of that account means that they are not be available to be carried forward under the provisions of Section 51.</p> <p>It should be noted that it is unlikely that the Department of Public Works (DPW) would be able to use the carry forward funds in FY 07 because: (1) no state-owned office space is available in the Hartford area for these agencies and (2) it generally takes about 18 months for DPW to locate and lease space so the funds would not be needed until FY 08.</p>

### Annualize FY 06 Deficiency in the Forensic Sex Evidence Exam Account -(B)

This account is used to reimburse victims of sexual assault for the costs of certain medical examinations or treatments performed concurrent with the gathering of evidence for prosecution. The account has experienced substantial shortfalls in FY 05 and FY 06 as the number of reimbursements has increased from less than 800 in FY 04 to over 1,000 (estimated) in FY 06.

**(Governor)** The Governor recommends increasing the appropriation in order to annualize the projected FY 06 deficiency.

<b>Expand the Civil Litigation Bureau -(B)</b>						
There are six prosecutors in the Habeas Corpus Unit in the Office of the Chief State's Attorney (part of the Civil Litigation Bureau) responsible for handling state and federal habeas corpus cases. Approximately 1,000 such cases are pending. Some trial and appellate prosecutors have had to handle habeas cases due to this volume. The agency estimates that three additional prosecutor positions are needed in the Habeas Corpus Unit in order to deal with the existing volume of cases.						
<b>(Governor)</b> The Governor recommends one additional prosecutor position to prevent a backlog of federal habeas corpus petitions and to improve response time in compliance with the federal court deadline.						
<b>(Legislative)</b> Two additional prosecutor positions are provided.

<b>Increase Staffing in the Appellate Bureau -(B)</b>						
The number of prosecutors in the agency's Appellate Bureau has decreased by one (from 24 permanent, full-time prosecutors to 23) since 1996 even though the number of open cases has increased by roughly thirty two per cent during that same period. Under agreements with the state Appellate and Supreme Courts, the Division must file legal briefs in non-capital cases within five months of the receipt of the defense brief. There is currently a four-month backlog of appellate cases.						
<b>(Legislative)</b> Three additional prosecutors are provided to speed the processing of cases and reduce the backlog. Funding is provided for one-half year.

**Shift Two Positions from the Medicaid Fraud Control Account -(B)**

The Division maintains a single unit to handle elder abuse and Medicaid fraud cases. The Division may seek federal reimbursement (which would be deposited into the resources of the General Fund) for any time devoted to the investigation or prosecution of Medicaid fraud, in particular. A recent federal directive requires state agencies to demonstrate that the individuals in positions supported by these federal funds devote one hundred per cent of their time to Medicaid fraud control.

**(Governor)** The Governor recommends, in compliance with the federal directive, shifting from the Medicaid Fraud Control account to the agency's Personal Services account the funding necessary to support the salaries of the director and secretary of the (joint) elder abuse/Medicaid fraud unit since these individuals do not devote one hundred per cent of their time to Medicaid fraud control.

[1] In order to achieve the General Fund bottom-line Personal Services and Other Expenses required for FY 07, the Office of Policy and Management has programmed allotment reductions for this agency to save \$293,321 in Personal Services and \$67,582 in Other Expenses.

[2] The agency's FY 06 appropriation was modified by FAC #2006-18, which transferred the following amounts: Personal Services (\$334,400); Expert Witnesses (\$50,000); Medicaid Fraud Control (\$37,000); Forensic Sex Evidence Exams \$310,000; Other Expenses \$96,400; and Training and Education \$15,000. Additional funding was required in the Forensic Sex Evidence Exams account because the number of claims for reimbursement exceeded budgeted assumptions. Additional funds were required in the agency's Other Expenses account to cover a projected shortfall that was due primarily to increased energy costs and witness fee expenses. The agency's appropriation was also modified by FAC #2006-36, which transferred \$35,000 from the Personal Services account to its Other Expenses account in order to meet projected energy and fuel expenditures through the remainder of the fiscal year.

### Establish a New Department of Energy -(B)

Currently within the Office of Policy and Management, the Division of Energy provides oversight and energy management services to State agencies and analytical support regarding energy market activity.

**(Governor)** It is recommended that funding of \$850,000 and eight positions be provided for a new Department of Energy to research energy issues and centralize energy planning and policy efforts of the State.

These eight positions would be comprised of three positions transferred from the Office of Policy and Management's Division of Energy, an Assistant Director, an Economist, and a Secretary II. Two additional Energy Policy positions have been transferred from the Office of Policy and Management Energy Division to DOE, but are federally funded and not numerically represented here. The other five positions provided to DOE are new and are projected as follows, a Commissioner, an Economist, and three Energy/Planning Specialists.

SB 48, "AA Creating a State Department of Energy", implements this proposal.

Note: A reduction of 2 vacancies and \$258,100 in the Department of Public Utility Control is also recommended to avoid duplicative positions.

**(Legislative)** It is recommended that the Department of Energy not be established at this time.

**Fund Urban Violence Taskforce -(B)**

**(Governor)** Funding of \$520,000 is recommended to establish an Urban Violence Taskforce. State and local police officers will work together to combat violence in urban "hotspots" as follows:

- \$240,000 for municipal participation. Municipalities will receive \$2,000 stipends for officers who participate in the taskforce, to supplement overtime wages. There will be 5 participating cities (Hartford, Waterbury, New Haven, Bridgeport, and New London).
- \$180,000 for State Police participation. The State Police will receive \$15,000 per month to participate in the program.
- \$100,000 in "buy money" for narcotics and firearms (each of the five cities will receive \$20,000).

**(Legislative)** Funding in the amount of \$300,000 is provided to fund the Urban Violence Taskforce. Section 17 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions," implements this provision.

**Pick-up Expiring Federal Funds for the Local Officer Incentive Program -(B)**

The Local Officer Incentive Program provides \$1,200 stipends to reduce fiscal impediments on municipal police who partner with the State Narcotics Task Force, and other federal law enforcement agencies. In the past, the Local Officer Incentive Program was funded 100% with federal Justice Assistance Grant (JAG) funds.

**(Governor)** Funding is recommended to pick-up expiring JAG funds and to continue the Local Officer Incentive Program. Funding is recommended for 27 officers at \$1,200 per month, for 12 months. The total cost of the program would be \$388,800; however, there is a \$150,000 set aside that will supplement the program, so the total recommended funding is \$238,800.

**Minimum Staffing Level for Proposed Trooper Class -(B)**

Section 29-4 of the CGS mandates that the Department of Public Safety employ 1,248 state troopers. The agency is funded for 1,248 troopers in FY 07.

**(Legislative)** It is desired that if the number of state troopers employed in the Department of Public Safety drops below 1,220, a new trooper class will begin with the funds available from turnover. Section 28 of PA 06-186, the Budget Bill, implements this provision.

**Increase Workers' Compensation Funding Due to the Elimination of the Social Security Offset -(B)**

PA 06-84 eliminates the requirement that workers' compensation wage replacement benefits be reduced by an amount equal to any Social Security retirement benefits to which the injured worker is entitled. Under PA 06-84, an injured worker can receive both the workers' compensation and Social Security benefits with no offset.

**PA 06-177, "AAC Sparklers,"** makes various changes including: modifying the definition of sparklers, distinguishing sparklers from the definition of fireworks, defining fountains, and places the same restrictions on fountains, as sparklers. The act also allows the State Fire Marshall to develop regulations for the indoor use of sparklers and fountains.

**Section 17 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions,"** establishes a State Urban Violence and Cooperative Crime Control Task Force within the Department of Public Safety. Funds, in the amount of \$300,000 in FY 07, are contained within the budget for this purpose.

**Sections 25-26 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions,"** transfers the regulation of boxing responsibilities from the Department of Consumer Protection (DCP) to the Department of Public Safety (DPS). Funding in the amount of \$50,000 is transferred from DCP to DPS in FY 07 for this purpose.

**Section 28 of PA 06-186, "AA Making Adjustments to State Expenditures and Revenues for the Biennium Ending June 30, 2007."** states that if at any time during FY 07 the number of sworn personnel in the Department of Public Safety falls below 1,220, the department must begin a new trooper training class.

**Sections 30-43 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions,"** establishes increased risk assessments of sex offenders, expanded sex offender registry and reporting requirements and various other sex offender-related provisions.

### Centralize Business Operations -(B)

Sec. 60 (c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1.0 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

**(Governor)** The FY 07 \$1.0 million budgeted lapse (savings) for centralized business operations is eliminated and is achieved by reducing the Personal Services accounts within affected agencies. Funding for Personal Services is reduced by \$66,987 and 1 position. In this agency the Other Expenses account is also reduced in the amount of \$58,985 for a total reduction of \$125,972.

## OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET

## PA 06-130 AN ACT CONCERNING THE DEPARTMENT OF MOTOR VEHICLES.

This act makes numerous changes to the motor vehicle laws. It:

- changes several definitions in the motor vehicle laws, largely to comply with federal requirements;
- modifies requirements for disqualifying drivers of commercial motor vehicles from driving them, also primarily to comply with federal requirements;
- allows motor carriers who have unsatisfactory safety ratings to be ordered out of operation until they get a satisfactory rating;
- allows the Department of Motor Vehicles (DMV) to report to certain authorized entities the name of anyone who holds a license with an endorsement to carry passengers that the license or endorsement has been withdrawn, suspended, or revoked;
- replaces criminal penalties on a commercial driving school licensees who violates the laws with license suspensions and civil penalties imposed by DMV;
- makes changes to laws prohibiting the use of mini-motorcycles on highways, public sidewalks, and public property and corrects some ambiguities in current law;
- prohibits anyone holding a commercial driver's license from invoking the pretrial alcohol education program for a drunk driving charge occurring in a vehicle that is not a commercial motor vehicle;
- exempts 16- and 17-year-olds assigned as drivers in "Safe Rides" programs from the nighttime driving hour restrictions that apply to teen drivers;
- allows the DMV commissioner to limit handicapped parking placards to one per applicant;
- allows registered wreckers to transport vehicles under additional circumstances than currently allowed;
- requires motor vehicle dealers who sell motorcycles to offer purchasers component parts marking as an optional service;
- requires the Board of Education and Services for the Blind to provide additional information to DMV about people diagnosed as blind and requires DMV to keep such information confidential;
- expands the venues for taking motorcycle rider training courses and allows the commissioner to waive the on-road skills test for motorcycle endorsement applicants who have successfully completed the training;
- allows refuse collection vehicles to make use of video backing monitors for longer periods than allowed for others;
- requires DMV to give applicants for non-driver photo identification cards the same opportunity to complete organ donation cards that license applicants get;

16. makes a minor conforming change in the law on secondary school driver education program;
17. conforms statutorily required language on signs that must be posted in motor vehicle repair shops to reflect a 2004 law change about inspection of replaced parts;
18. eliminates the requirement that applicants for motor vehicle registrations provide their Social Security numbers to DMV;
19. gives the DMV commissioner the authority to participate in the federally-mandated unified carrier registration system, an on-line system being developed under federal law to consolidate several different federal information systems applicable to motor carriers;
20. postpones, until January 1, 2007, a current requirement that operators of camp vehicles get a special driver's license endorsement; and
21. requires some motor carriers to give their prospective drivers an on-road skills test and certify that they have the qualifications to drive certain vehicles before employing them to do so.
22. it eliminates a vague reference in the law on learners' permits for 16- and 17-year-olds by making it clear that the current alternative of holding a learner's permit for 120 days rather than 180 days before being eligible to apply for a license test applies only to learners who provide a certification of training through a secondary school driver education program or from a DMV-licensed commercial driving school and not from home training (§ 2).
23. it also prohibits the commissioner from registering a student transportation vehicle, and prohibits anyone from operating one, until the commissioner receives satisfactory evidence that the vehicle has adequate insurance or bond coverage to meet the law's minimum liability requirements (§ 13). By law, a student transportation vehicle is any vehicle other than a registered school bus used by a carrier, i.e. school districts, their transportation contractors, and certain others, to transport students, including children requiring special education.

### Adjust Funds for Volunteer Services Coordinator Position -(B)

Sections 12-13 of PA 05-3, "AAC the Implementation of Various Budgetary Provisions," created a volunteer services coordinator to aid with the Military Assistance Program. The position was originally funded as a clerical position. However, after completion of the job description the position is now considered to be managerial.

**(Governor)** Funding is recommended to realign the creation of a volunteer services coordinator position from a clerical to a managerial level. The title of the position

#### Provide Funds for Increased Energy Costs -(B)

The Governor recommends additional funding of \$34 million in General Fund and \$6 million in Transportation Fund to meet the needs of increasing energy costs beyond the amounts already budgeted. PA 06-186 (the budget act) reduces the General Fund amount from \$34 million to \$24 million and maintains the Transportation Fund amount at \$6 million.

(Governor) Funding of \$394,080 is provided to this agency for increasing energy costs.

#### Reflect Technical Adjustment -(B)

Section 62(a) of Public Act 05-3 of the JSS, "AAC The Implementation of Various Budgetary Provisions," transferred FY 07 funds, in the amount of \$60,000, to the Department of Veterans Affairs to establish a veterans' contact list and registry.

(Governor) The Governor recommends (through Section 29(a) of HB 5007, the Governor's budget bill) eliminating the above transfer and instead provides these dollars directly within the Department of Veterans' Affairs. Therefore, there is no net change to the agency's level of funding from current law due to this technical adjustment.

(Legislative) The legislature makes no change and thereby maintains the agency's level of funding and authorized positions in accordance with current law.

#### OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET

**PA 06-46, "AAC the Use of Military Facilities,"** expands the types of facilities that the Adjutant General may let organizations use, from armories to military facilities. It limits the leasing of the facilities to government agencies, military and nonprofit organizations, and organizations receiving state aid. The act specifies that it must not be construed to allow leases that conflict with military use.

**Centralize Business Operations -(B)**

Sec. 60 (c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1.0 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

**(Governor)** The FY 07 \$1.0 million budgeted lapse (savings) for centralized business operations is eliminated and is achieved by reducing Personal Services accounts within affected agencies. Funding is reduced by \$149,603 and two positions.

### Provide Funding for Provisions of the Energy Independence Act -(B)

PA 05-1 JSS, "AAC Energy Independence", created various incentive payments to promote energy independence initiatives. The Office of Consumer Counsel, which is statutorily charged with advocating on behalf of ratepayers, and is a statutory member of the Energy Conservation Management Board and the Connecticut Energy Advisory Board, has had to participate in at least 13 additional dockets related to the legislation.

Furthermore, the OCC must now analyze new rate recovery mechanisms and produce new types of analysis of financial data and projections of utilities and private parties.

**(Governor)** It is recommended to provide funding for a Senior Rate Specialist (annual salary of \$70,346), an Attorney (annual salary of \$60,807), an Engineer (annual salary of \$45,305), and an Economist (annual salary of \$52,811), to assist with the increase in workload created by PA 05-12 JSS, the Energy Independence Act.

**Eliminate Policy Related Positions -(B)**

The agency has two energy policy and planning positions which are responsible for collecting and analyzing energy specific data and developing long-term plans accordingly.

**(Governor)** It is recommended that a new state agency be established to address state energy concerns. Furthermore, it is recommended that two vacant energy policy/planning positions and associated funding are reduced to avoid duplicative responsibility with the new Department of Energy.

**(Legislative)** A Department of Energy is not established, and therefore, the two energy policy/planning positions and associated funding will remain within the Department of Public Utility Control.

**Establish Homemaker-Companion Agency Registration -(B)**

A homemaker companion agency is any public or private organization with one or more employees that is engaged in the business of providing companion or homemaker services, but does not include DPH-licensed home health care agencies and homemaker-home health aide agencies

**(Governor)** It is recommended that four positions and funding of \$191,230 be provided for the establishment of a homemaker-companion agency registry within the Department of Consumer Protection. The Homemaker-Companion Registry would have detailed records of homemaker companions in order to ensure the safety of their clients.

**(Legislative)** Three positions at half-year funding in the amount of \$96,615 is provided in FY 07 for one additional Administrative Hearings Attorney (annual salary of \$66,451), a Special Investigator (annual salary of \$55,103), and a Licensing Specialist (annual salary \$49,236) to handle the additional administrative hearings, investigations, and registration applications as a result of the act. Sections 52-62 of PA 06-187 "AAC General Budget and Revenue Implementation Provisions" require homemaker-companion agencies to register annually with the Department of Consumer Protection.

**Transfer Funds to Department of Public Safety for the Regulation of Boxing -(B)**

The Boxing Promotion Commission under the Department of Consumer Protection is charged with recommending ways to encourage, develop, and promote boxing to the Governor, the legislature, the DCP commissioner, and the economic and community development commissioner. The recommendations identify (1) legal or administrative impediments to boxing development, (2) ways to improve state and local boxing support and promotion services, (3) ways to develop young boxers through amateur clubs and other programs, and (4) strategies to help promoters of small professional boxing events and create a market for large professional events.

**(Legislative)** Funding in the amount of \$50,000 is transferred from this agency to the Department of Public Safety along with the responsibility of the regulation of boxing. Section 94 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions", and Sections 25-26 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions", implement this provision.

### Create 21st Century Jobs Program -(B)

The Governor recommends \$1.5 million to create the Twenty-First Century Jobs Program. This matching program would require employers to pay for at least 50 percent of the training. The program would provide financial incentives and technical assistance to small businesses that cannot afford employee training programs. The program would help employers sustain high growth and economically vital industries in Connecticut by supporting training for incumbent workers. Employees would benefit by obtaining skills to start or move up in their careers.

**Expand Apprenticeship Opportunities -(B)**

The 21st Century Apprenticeship System is expanded in the development and installation of new apprenticeship initiatives in occupations such as childcare development specialists and youth development practitioners, and in the fields of healthcare, information technology, and advanced manufacturing.

**(Governor)** The Governor recommends \$250,000 in FY 07 to expand the program to create new and additional apprenticeships as well as provide direct services to apprenticeship sponsors (employers, labor-management organizations) and apprentices.

**(Legislative)** Funding of \$250,000 is provided and the full-time position count is increased by 4 to accommodate the expansion of the apprenticeship program.

**Fund the Connecticut Career Resource Network -(B)**

The Connecticut Career Resource Network (CCRN) is the primary source of Connecticut-specific career information used by the education community: teachers, guidance counselors, students and their parents, as well as by the workforce investment system. It has provided the information needed to help learners, from youth to adults, make informed decisions about their career choice and preparation. This information is provided through publications, workshops and conferences, Internet-based information systems, training, and marketing of career-related materials.

**(Governor)** The CCRN has been funded for many years by the federal government and has been reduced significantly over the years, this funding has not been included in federal FY 07 appropriations. As a result, the Governor recommends \$150,000 in FY 07 to fund this program.

**Conform to PA 05-3 of the June Special Session -(B)**

Section 31 of PA 05-3 of the June Special Session, "AAC the Implementation of Various Budgetary Provisions," transferred \$300,000 in both FY 06 and FY 07 from the Labor Department to the Office of Workforce Competitiveness for the Spanish American Merchant Association account.

**(Governor)** The Governor recommends through Section 28 of HB 5007 (the Governor's budget bill) eliminating the above \$300,000 transfer in FY 07 and instead provides these dollars within the agency. Therefore, there is no net change to the agency's level of funding from current law as a result of this recommendation.

**(Legislative)** The legislature makes no change and thereby maintains the agency's level of funding in accordance with current law.

#### SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET

Section 45 of PA 06-186 (the budget bill) repeals section 25 of PA 05-3. It allows the Labor Department to expend \$18,000,000 from the Unemployment Trust Fund, which was credited to the fund in Section 25 of PA 05-3. It removes the restrictions of how the funds are to be expended and specifies that these amounts can be made available for expenditure to the extent allowed under Section 903 of the Social Security Act, as amended by Section 209 of Public Law 107-147.

[1] In order to achieve the General Fund bottom-line Personal Services and Other Expenses required for FY 07, the Office of Policy and Management has programmed allotment reductions for this agency to save \$56,324 in Personal Services and \$31,066 in Other Expenses in FY 07.

### Centralize Business Operations -(B)

Sec. 60 (c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

**(Governor)** The FY 07 \$1 million budgeted lapse (savings) for centralized business operations is eliminated and is achieved by reducing the Personal Services accounts within affected agencies. Funding is reduced by \$116,257 dollars and 2 positions.

#### OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET

**PA 06-186, "AA Making Adjustments To State Expenditures and Revenues for the Biennium Ending June 30, 2007"** makes changes with regard to the Department of Agriculture (DOAG).

**Sections 65-66** require the DOAG to design, plan and implement a marketing/ad campaign for Connecticut grown products, establish and update a web site, conduct efforts to promote interaction and business relationships between farmers and restaurants, grocery stores, institutional cafeterias and others. The DOAG already undertakes a majority of the work required within its existing budgetary resources. The FY 07 budget provides an additional \$150,000 for these purposes.

These sections also require that DOAG use \$1000,000 of the funds collected under the \$30 recording fee that is deposited into the non-appropriated land protection, affordable housing, and historic preservation account to encourage the sale of CT Grown. In addition, the act provides that these funds, as well as any funds solicited for these purposes, be deposited into the Expand and Grow account. The Expand and Grow account is capitalized with 75% of a 40 cent per linear foot fee on certain facilities that cross any grounds of the Sound within the state's jurisdiction. These revenues can currently be used for the CT Grown program. Annual DOAG revenues from this account are estimated at \$90,000.

[1] The Regional Market Fund was created to allow the Connecticut Marketing Authority to be self-sustaining. The fund derives revenue from receipts for the rental of space to food wholesalers and miscellaneous fees.

**Provide Funds for Increased Energy Costs -(B)**

The Governor recommends additional funding of \$34 million in General Fund and \$6 million in Transportation Fund to meet the needs of increasing energy costs beyond the amounts already budgeted. PA 06-186 (the budget act) reduces the General Fund amount from \$34 million to \$24 million and maintains the Transportation Fund amount at \$6 million.

**(Governor)** Funding of \$481,794 is provided to this agency for increasing energy costs.

**Fund Beach Erosion Pilot -(B)**

**(Legislative)** Funds are provided for a beach erosion pilot program. This program is established through SA 06-08 "AAC A Pilot Program to Evaluate Shoreline Erosion." The act requires the establishment of a program of grants for preconstruction costs necessary to establish pilot programs in Milford and Fairfield to reverse permanently Long Island Sound hypoxia and shoreline erosion by engineering, designing, seeking approvals for and other pre construction costs of a system of stabilizing bars running parallel to the shoreline and a series of fingers extending into Long Island Sound perpendicularly from such stabilizing bars, causing water currents to reverse shoreline erosion through natural water current force and wave motion.

**OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET**

**PA 06-161," AAC Clean Cars,"** requires the Department of Environmental Protection (DEP) to establish a greenhouse gas labeling program for new motor vehicles sold or leased for the 2009 model year and later. The act requires the DEP commissioner after consultation with the Department of Motor Vehicles (DMV) commissioner, to establish or contract for a public education program about the labeling. The act places an additional \$5 fee on new car registrations to be deposited into the Clean Air Act account to provide funding for the program. The fee is estimated to generate approximately \$1,125,000 a year based on the sale or lease of 225,000 cars. Not more than 60% of the revenue generated is to be provided to DEP and 40% is available to DMV for program expenses.

The study required by the DEP, in consultation with the Governor's Steering Committee on Climate Change can be handled within agency resources.

[1] General Fund revenues in the amount of \$7,030,000 are anticipated to be collected in FY 07 for various licenses, permits, and fees.

[2] Pursuant to Sec. 48 of PA 05-251, the budget act, the Comptroller shall deposit into the Emergency Spill Response account established under section 22a-451 of the CGS, the sum of \$12 million dollars in FY 06 and FY 07 of the petroleum products gross earnings tax. The account is an account of the Environmental Quality Fund. The tax has funded the account since FY 02.

**Centralize Business Operations -(B)**

Sec. 60 (c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

**(Governor)** The FY 07 \$1 million budgeted lapse (savings) for centralized business operations is eliminated and is achieved by reducing the Personal Services accounts within affected agencies. Funding is reduced by \$314,391 and 4 positions.

**OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET**

**PA 06-184, "AAC Brownfields"**, creates an Office of Brownfield Remediation and Development (Office) within the Department of Economic and Community Development (DECD) for administrative purposes only. The act increases responsibilities for the DECD and requires the agency to establish and operate pilot programs in four Connecticut municipalities, and provide grants to produce an economic development benefit for the municipalities that are designated. It is anticipated that two additional analysts will be required for the Office to carry out these duties. The act requires that the additional work be handled within available appropriations and any funds allocated under Urban Action bonds, the Urban Industrial Site Tax credit program, and the Special Contaminated Property Remediation and Insurance Fund. The act does not specifically authorize funds or allocate funds for the pilot program. The act also establishes a separate non lapsing general fund account to contain any monies required to be deposited into the account including 80% of the proceeds of any sale of property. The future revenue gain from this provision is unknown at this time. The future require gain to municipalities from the 20% of the proceeds is also unknown.

The act expands the use of the urban and industrial site reinvestment tax credit program to include any municipality that the DECD Commissioner determines is connected with the relocation of an out-of-state operation or the expansion of an existing facility that will result in a capital investment by a company of not less than 50 million dollars. The tax credits are capped at \$100 million for a single project and total available credits of \$500 million for all projects. The value of the credits are not to exceed the total amount of state revenue the projects expects to generate.

The act makes additional changes which do not impact the agency's budget.

<b>Support Easy Breathing Asthma Initiative -(B)</b>						
The Easy Breathing Asthma Initiative is aimed at improving asthma recognition and treatment by primary care providers and improving access to asthma related medical care for children. Outcome measures demonstrate better health outcomes and significant decreases in health care costs as a result of reduced utilization of hospital days and emergency room visits.						
The State first provided financial support for this program in FY 02, by earmarking \$500,000 from the Tobacco and Health Trust Fund (THTF) to expand the program beyond Hartford to New Britain, Waterbury, East Hartford/Manchester, New Haven and Bridgeport. This was accomplished via a contract with the Connecticut Children's Medical Center. Similar transfers of \$500,000 from the balance of the THTF were made in each of FY 05 and FY 06.						
<b>(Legislative)</b> Section 27 of PA 06-186 (the budget act) transfers \$650,000 from the Tobacco and Health Trust Fund to the department to:

On March 22, 2006, the Prescription Drug Importation Advisory Committee adopted a recommendation that the department, in consultation with the Department of Consumer Protection and the Office of the Attorney General, survey existing drug importation programs available to Connecticut consumers and determine which existing programs guarantee the highest levels of safety. The Advisory Committee also recommended that a listing of such programs be posted on the department's website and made available in published form to senior centers and senior service agencies.						
<b>(Legislative)</b> Funding, in the amount of \$50,000, is provided to enable the department to survey existing companies that offer to import drugs from Canada and Europe to Connecticut consumers; and publish, on its website and in written form, a publication on importing drugs to state consumers.						
It is the intent of the legislature that the publication (1) describe the current legal status of drug importation and the potential safety risks associated with it, based on a report issued by the state's Prescription Drug Importation Advisory Committee on March 10, 2006, (2) include a list of existing drug importation programs available to consumers that have the highest degree of safety, and (3) specify the standards the department used to determine the safety level of any program listed.

Screening testing fees of \$28 per infant. Per Section 19a-59a CGS, the sum of \$345,000 from these receipts is made available to the agency annually to pay for expenses incurred to perform the testing.						
<b>(Governor)</b> The Governor recommends that a statutory transfer of funding from Newborn Genetic Screening fee receipts be increased from \$345,000 to \$500,000 to accommodate increased costs of testing. A comparable reduction of General Fund revenues of \$155,000 annually would result.						
Section 20 of PA 06-188 ("AAC Social Services and Public Health Budget Implementation Provisions") implements this change.

<b>Respond to Childhood Lead Poisoning -(B)</b>						
<b>(Legislative)</b> Funding, in the amount of \$447,718, was included within PA 06-186 to allow for the implementation of mandatory blood lead screening of children one and two years old and all children three to six years old who have not been previously screened or have been newly exposed to lead. Legislation to implement the mandatory screening program was not enacted during the 2006 session, however.						
Appropriated funding would have supported the salaries of 9 State Laboratory staff and 6 Lead Poisoning Prevention and Control Program staff (funded on a partial year basis); laboratory supplies; minor equipment costs; and grant funding to support increased local response activities. The FY 08 annualized cost of this initiative would have been \$1,410,136. An additional \$600,000 in one-time expenses would have been required to support the purchase of laboratory equipment in FY 07.						
It is intended that \$92,500 appropriated to the Childhood Lead Poisoning account be utilized to implement a childhood lead poisoning prevention and eradication health education initiative within New Britain and New Haven. This initiative is intended to involve the Consolidated School District of New Britain and the New Haven Health Department, in collaboration with the Foundation for Educational Advancement, Inc.

**Pickup with State Funds/Healthy Community Access Grant -(B)**

The Waterbury Health Access Program was founded in 2003 by a consortium of health care providers. It serves the medical needs of the uninsured and underinsured in the greater Waterbury area by providing eligible patients with access to affordable health care, prescription medicines, disease management and social services. This program has been funded by a federal Healthy Communities Access Program grant, which is scheduled to expire in the current year.

**(Legislative)** Funding, in the amount of \$250,000, is provided to reflect the pickup with state funding of support for the Waterbury Health Access Program.

<b>Pickup with State Funds/Emergency Medical Services Councils -(B)</b>						
The state's five Regional Emergency Medical Services (EMS) Councils receive approximately 30% of their annual budgets from Preventive Health and Health Services Block Grant funding. Reductions in this federal block grant have resulted in an FY 07 shortfall of \$173,000 for these programs.

<b>Provide Pertussis Vaccine for Adolescents -(B)</b>						
Pertussis (Whooping Cough) is a highly contagious respiratory tract infection. Immunity from the current childhood pertussis vaccine wanes over time, leaving adolescents susceptible.						
In May 2005, the Food and Drug Administration approved the licensure of two Tdap vaccines (tetanus, diphtheria and pertussis) for adolescents. On June 30, 2005, the U. S. Advisory Committee on Immunization Practices voted to recommend the routine use of Tdap vaccines in adolescents aged 11-18 years in place of a combined tetanus and diphtheria (Td) vaccine. Switching from Td to Tdap increases costs by \$12.85 per dose (from \$15.90 to \$28.75).						
<b>(Governor)</b> Funding, in the amount of \$346,950, is recommended to support the costs of expanding Connecticut's childhood immunization program to include pertussis for adolescents aged 11 – 18 years in accord with a recent recommendation of the U.S. Advisory Committee on Immunization Practices. An estimated 27,000 doses will be provided to adolescents ineligible for Medicaid.						
This will result in an equivalent increase in General Fund revenues from health and welfare fee assessments paid by domestic insurers and health care centers pursuant to Section 19a-7j CGS.

<b>Provide Meningococcal Conjugate Vaccine for Adolescents -(B)</b>						
<p>The meningococcus bacterium can cause a life-threatening infection of the bloodstream, meningitis (infection of the brain and spinal cord coverings) or both. Death occurs in 10 – 14% of persons with meningococcal disease, and is highest in infants and adolescents. **Support School Based Health Centers -(B)**

In FY 06, \$75,000 was granted from the Office of Policy and Management's Contingency Needs account for the development of a school based health center at Greenville Elementary School (Norwich). \$18 million from FY 05 surplus funds were appropriated (FY 06, \$10 million; FY 07, \$8 million) for Contingency Needs. The Governor has recommended transferring the full FY 07 appropriation for Contingency Needs to various state agencies to partially fund a 2% cost of living increase for private providers, effective October 1, 2006.

\$55,000 in FY 07 funding was included within PA 05-251 for school based health center services at Rippowam Middle School (Stamford).

**(Legislative)** Funding, in the amount of \$930,000, is provided to support school based health center (SBHC) services. This includes \$430,000 for programs at Greenville Elementary School (\$75,000), Rippowam Middle School (\$50,000), Barnard Environmental Studies Magnet School in New Haven (\$100,000); in Meriden (\$130,000) and Bloomfield (\$75,000).

#### Expenditure Update/Local and District Departments of Health -(B)

State funds are provided to subsidize the operating costs of (1) health districts, (2) municipal health departments that have a full-time director, and (3) part-time health departments with an approved health plan. Pursuant to statute, every city or town having a population over 40,000 for a period of five consecutive years must hire a full time health director.

The following per capita grant payments were established in FY 04: Health districts: \$1.66-towns with populations over 4,000; \$1.94-towns with populations below 5,000; full-time health departments - \$0.94; part-time health departments-\$0.49.

#### Fund Private Provider COLA -(B)

**(Legislative)** Funding of \$427,333 is provided in FY 07 to reflect a 2% private provider COLA effective October 1, 2006.

It is the intent of the legislature that \$63,224 be distributed on a pro-rata basis to full-time health departments and health districts in FY 07.

The 2% private provider COLA (effective 10/1/06) represents a total of \$19.2 million (\$11.15 million in new appropriation and \$8 million transfer from Contingency Needs account in OPM that had been appropriated from the FY 05 surplus). The 2% COLA is for most private providers under contract with the Departments of Mental Retardation, Mental Health and Addiction Services, Children and Families, Social Services, Public Health and Correction; the Judicial Department; and the Council to Administer the Children's Trust Fund.

**OTHER SIGNIFICANT 2006 LEGISLATION**

**PA 06-33, "An Act Concerning the Stem Cell Research Advisory Committee"** - This Act adds eight members to the existing nine-member Stem Cell Research Advisory Committee. (The committee thus consists of 16 members and the Department of Public Health (DPH) commissioner, who serves as the chairperson.) These additional members begin serving on or after 7/1/06. By law, this committee is responsible for (1) establishing and administering, in consultation with the DPH commissioner, a program to provide stem cell research grants to eligible institutions; (2) directing the commissioner on grant awards; (3) monitoring grant-funded research; (4) developing, in consultation with DPH, a donated funds program for stem cell research; and (5) reporting to the Governor and General Assembly on stem cell research in the state.

The Act specifies that it is not a conflict of interest for a trustee, director, partner, officer, stockholder, proprietor, counsel, or employee of an eligible institution, or for any other individual with a financial interest in an eligible institution to serve as a committee member. Under the Act, members can participate in committee affairs concerning the review or consideration of grant applications, including their approval or disapproval. By law, an "eligible institution" is (1) a nonprofit tax-exempt college or university, (2) a hospital conducting biomedical research, or (3) any entity conducting biomedical research or embryonic or human adult stem cell research.

Existing law, unchanged by the Act, prohibits a member from reviewing or considering any grant application he filed or in which he has a financial interest or one filed by someone with whom he engages in any business, employment, transaction, or professional activity.

**PA 06-77, "An Act Designating The Month Of November As Lung Cancer Awareness Month And Concerning The Establishment Of A Public Umbilical Cord Blood Bank"** - This Act directs the DPH commissioner, in consultation with the Stem Cell Research Advisory Committee, to establish an ad hoc committee concerning a public umbilical cord blood bank in the state.

The eight-member ad hoc committee must examine and evaluate the feasibility of (1) establishing a public umbilical cord blood bank for collecting and storing umbilical cord blood and placental tissue donated by maternity patients at hospitals in the state, (2) entering into a multi-state public umbilical cord blood collaboration, and (3) developing a public-private partnership with existing cord blood banks. The committee may examine other topics at the discretion of either the commissioner or the Stem Cell Research Advisory Committee.

By 1/5/07 the DPH commissioner must submit the results of the committee's examination, along with any recommendations, to the Governor and Public Health Committee.

**PA 06-142, "An Act Concerning Hospital Acquired Infections"** - This Act creates an eleven-member Committee on Healthcare Associated Infections. The Act defines a "healthcare associated infection" as any localized or systemic condition resulting from an adverse reaction to the presence of an infectious agent or its toxin that (1) occurs in a patient in a healthcare setting; (2) was not found present or incubating at the time of admission unless the infection was related to a previous admission to the same setting; and (3) if the setting is a hospital, meets the criteria for a specific infection site, as defined by the National Centers for Disease Control.

By 4/1/07 the committee must:

1. advise DPH on the development, implementation, operation, and monitoring of a mandatory reporting system for healthcare associated infections;
2. identify, evaluate, and recommend to DPH appropriate standardized measures, including aggregate and facility-specific reporting measures for healthcare associated infections and processes to prevent them in hospitals and other healthcare settings the committee deems appropriate, which must, to the extent applicable to the measure under consideration, be (a) capable of validation, (b) based on nationally recognized and recommended standards if they exist, (c) based on competent and reliable scientific evidence, (d) protective of practitioner and individual patient information, and (e) capable of easy use and understanding by consumers; and
3. identify, evaluate, and recommend to DPH appropriate ways of increasing public awareness about effective measures to reduce the spread of infections in communities, hospital settings, and other healthcare settings the committee deems appropriate.

By 10/1/07, DPH must, within available appropriations, implement the committee's recommendations concerning the creation of a mandatory reporting system for healthcare associated infections and standardized data reporting measures. Also by 10/1/07, DPH must report to the Public Health Committee on the plan for implementing the mandatory reporting system and its status.

By 10/1/08 and annually afterwards, DPH must report to the Public Health Committee on the information collected by DPH through the mandatory reporting system. The report must be posted on DPH's website and be available to the public.

[1] In order to achieve aggregate FY 07 General Fund Personal Services and Other Expenses reductions, the Office of Policy and Management has programmed allotment reductions for this agency in the amount of \$214,959 in Personal Services and \$143,316 in Other Expenses.

[2] General Fund revenue, in the amount of \$21.5 million, is anticipated to be collected from various license and laboratory fees and other miscellaneous charges in FY 07.

[3] Per Section 27 of PA 06-186, an additional \$200,000 is transferred from the Tobacco and Health Trust Fund to the department for the Health Professions Partnership Initiative overseen by the University of Connecticut Health Center (UCHC). These dollars have been reflected under the budget of the UHC within this publication.

[4] Legislative Revised Appropriation FY 07 figures have been adjusted to reflect Section 51 of PA 06-188, which transferred \$50,000 from the Community Health Services account to the Other Expenses account.

Sections 60 (c) and (d) of PA 05-251, the original Budget Act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This Act included a budgeted lapse (savings) of \$1 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

#### OTHER SIGNIFICANT 2006 LEGISLATION

**PA 06-28, "An Act Concerning Certificate Of Need Capital Expenditure Thresholds"** -This Act raises to \$3 million the capital and major medical equipment expenditure threshold that triggers an Office of Health Care Access (OHCA) certificate of need (CON) review, effective 7/1/06. The previous threshold was \$1 million for capital costs and \$400,000 for major medical equipment.

The higher threshold does not affect the acquisition of imaging equipment, such as a CT or PET scanner, which is subject to CON review regardless of cost unless it was purchased or leased for under \$400,000 before 7/1/05. But the Act conditions this exemption by specifying that the equipment must be in operation before 7/1/06.

In addition to raising thresholds for CON review, the Act raises thresholds that (1) permit exemptions from CON for replacement equipment and (2) trigger civil penalties. The law permits OHCA to waive CON requirements for facilities and providers that want to replace major medical or imaging equipment for which they already obtained a CON if the replacement equipment costs, or is valued at, less than a specified amount. The Act raises this threshold from \$2 million to \$3 million.

The law subjects facilities and providers that own, operate, or seek to acquire major medical equipment costing over a threshold amount to civil penalties of up to \$1,000 for each day they fail to report required information to OHCA. The Act raises this threshold from \$400,000 to \$3 million.

**PA 06-64, "An Act Concerning Revisions To The Office Of Health Care Access Statutes"** - The Act amends the Office of Health Care Access' (OHCA) certificate of need (CON) process by (1) modifying the CON letter of intent phase in emergency situations, (2) allowing OHCA to waive CON for specific termination or relocation of certain services, and (3) modifying the existing waiver from CON for replacement equipment.

It also makes a number of minor and technical changes to OHCA statutes. The Act extends the time by which hospitals must report certain information to OHCA, changes the salary and benefits data they must report, and modifies their reporting of uncompensated care information. It also repeals several statutory provisions concerning obsolete budget and net revenue system procedures and references to the uncompensated care pool.

#### *CON Letter of Intent*

By law, the CON process begins when an applicant submits a "letter of intent" (LOI) to OHCA. It must be filed before the CON application can be submitted. The law requires that the LOI be on file with OHCA for at least 60 days before a CON can be considered submitted. Existing law allows OHCA to waive the LOI phase of a CON in an emergency situation so that a health care facility can comply with federal, state, or local health, fire, building, or life safety code requirements. The Act expands this LOI waiver option to emergency situations where the facility must maintain continued access to a health care service it provides. These waivers do not exempt the applicant from CON review, the public hearing, or any other aspect of the CON process.

#### *Con Waiver for Specific Termination or Relocation of Services*

The law allows OHCA to exempt any nonprofit facility, institution, or provider from CON requirements, other than terminating a service or facility, if certain conditions are met. The Act limits any CON exemption for nonprofits to those under contract with a state agency or department.

The Act also allows OHCA to grant a CON exemption for a nonprofit wanting to terminate a service or facility that is currently under contract with a state agency or department. OHCA can do this if (1) the commissioner, executive director, chairperson, or chief court administrator of the state agency or department contracting with the nonprofit entity confirms in writing to OHCA that the service needs of the area previously served will continue to be met in a better or satisfactory manner and how this will be done and (2) the OHCA commissioner or her designee concurs. If a nonprofit wants to relocate its services, the Act requires the OHCA commissioner or her designee to determine that the needs of the area previously served will continue to be met in a better or satisfactory manner before exempting the nonprofit from CON.

The Act also exempts from CON requirements Department of Mental Health and Addiction Services-funded alcohol and drug treatment programs seeking to terminate or relocate services.

*CON for Replacement Equipment*

The law allows OHCA to waive CON requirements when a health care facility, institution, or provider proposes to replace major medical or radiological equipment if:

1. the facility, institution, or provider previously obtained a CON for the equipment being replaced;
2. the replacement value is not more than the original cost plus 10% for each 12-month period that has passed since the original CON; and
3. the replacement value or expenditure is less than \$2 million.

The Act repeals the second condition.

*Hospital Filings*

The Act extends from February 28 to March 31 the time by which short-term acute care general hospitals and children's hospitals must submit budget data to OHCA for the hospital budget year that began the preceding October 1.

The law requires acute care hospitals to submit to OHCA an annual report on their previous fiscal year (which ends on September 30); an audit of their charges, payments and uncompensated care; and hospital budget system data for their 12 months actual filing requirements. The Act extends the reporting deadline from February 28 to March 31 and requires the audit to be independent.

*Hospital Salary Data*

The law requires short-term acute care general and children's hospitals to file annually certain salary and fringe benefit data with OHCA. The Act eliminates a requirement that the report include average salaries of administrative, supervisory, and direct services personnel in each department by job classification. It also repeals a provision that the report, at OHCA's discretion, include a breakdown of hospital and department budgets by administrative, supervisory, and direct service categories; by total dollars; and by full-time or equivalent staff. The law continues to require a report on the salaries and fringe benefits for the hospitals' ten highest paid positions.

*Uncompensated Care Reporting*

By law, OHCA and the Department of Social Services must review annually the level of uncompensated care, including emergency assistance to families, each hospital provides to indigent people. Hospitals must file annually with OHCA their policies on free or reduced cost services to the indigent, excluding medical assistance (Medicaid) recipients, and their debt collection practices. Each hospital must get an independent audit of the level of charges, payments, and discharges by primary payer related to Medicare, Medicaid, and CHAMPUS (the federal Civilian Health and Medical Program of the Uniformed Services). This Act adds TriCare (the Department of Defense's health plan for all uniformed services) to this list.

Previously, hospitals had to submit audits and financial statements by February 28 annually. Under the Act, hospitals must provide the audit results by March 31 annually and the financial statements must be audited.

**Provide Funding for Increased Rates to Birth-to-Three Programs -(B)**

Section 35 of PA 05-280 authorized DMR to contract for a unit cost study for the Birth-to-Three Program. The study was completed and submitted to the Appropriations and Public Health Committees on February 1, 2006. The study included recommendations for increases to: the unit rate provided to Birth-to-Three programs (including a Fairfield County differential); reimbursement for supplemental rates; service coordination and initial evaluations.

A unit rate is valued at a half month of service per child (full month of service equals 2 units). Providers are reimbursed monthly for the number of service units in addition to supplemental rates (for intensive services), service coordination and follow-along visits for eligible families, and assistive technology.

**(Legislative)** Funding of \$989,000 is provided in FY 07 to support an increase in the reimbursement to Birth-to-Three contracted programs. This increase is effective January 1, 2007. The unit rate for all programs within the contracted Birth-to-Three system will increase to \$338 (this would reflect an average increase of 8% from the FY 06 average rate of \$313); the value of an initial Individualized Family Service Plan will increase from a 1/4 of unit to a full unit; and the service coordination and supplemental rates will both increase to the Rate Study recommended level.

The dollars provided in the budget for the private provider COLA in FY 07 will supplement this funding to provide the rate increases identified above within the Birth-to-Three system.

**Increase Workers' Compensation Funding Due to the Elimination of the Social Security Offset -(B)**

PA 06-84 eliminates the requirement that workers' compensation wage replacement benefits be reduced by an amount equal to any Social Security retirement benefits to which the injured worker is entitled. Under PA 06-84 an injured worker can receive both the workers' compensation and Social Security benefits with no offset.

**(Legislative)** Funding of \$51,000 is provided in FY 07 to reflect the elimination of the Social Security offset for state employees receiving workers' compensation benefits.

In accordance with interagency agreements, the Department of Mental Retardation is responsible for developing residential and day services for individuals who are aging out of the Department of Children and Families (DCF) and the local education authorities (LEA's).

(Governor) Funding of \$2,095,334 is provided in FY 07 to reflect residential and day services for additional children aging out of DCF and the LEA's. This includes \$166,832 to provide day services to 11 new ageouts and \$1,928,502 to provide residential services to 24 new ageouts. This funding is to support ageouts not anticipated in the 2005-2007 Biennial Budget.

**Fund Private Provider COLA -(B)**

(Governor) The Governor recommends funding of \$7,844,554 in FY 07 to reflect a 2% private provider COLA effective October 1, 2006. This includes \$4,209,351 appropriated to various department accounts. In addition, \$3,635,203 is transferred from OPM's Contingency Needs account to various department accounts per section 9 of HB 5007.

(Legislative) Funding of \$7,844,554 is provided in FY 07 to reflect a 2% private provider COLA effective October 1, 2006. This includes \$4,209,351 appropriated to various department accounts. In addition \$3,635,203 is transferred from OPM's Contingency Needs account to various department accounts per Section 11 of PA 06-186 (the budget act).

The 2% private provider COLA effective 10/1/06 represents a total of \$19.2 million (\$11.15 million in new appropriation and \$8 million transfer from the Contingency Needs account in OPM that had been appropriated from the FY 05 surplus). The 2% COLA is for most private providers under contract with the Departments of Mental Retardation, Mental Health & Addiction Services, Children and Families, Social Services, Public Health and Correction; the Judicial Department; and the Council to Administer the Children's Trust Fund.

**Enhance Funding for Pilot Program for Autism Services -(B)**

Section 57(a) of PA 05-251 made available \$250,000 to the Department of Mental Retardation for a pilot program for autism services. The funding established a new position to be responsible for coordinating various

initiatives for adults with autism who do not have mental retardation in addition to supporting training opportunities for providers or individuals who provide support to adults with autism. This position was filled in January 2006.						
<b>(Legislative)</b> Funding of \$1 million is provided in FY 07 to fund a pilot program to serve adults with autism spectrum disorders who do not have mental retardation. Approximately 50 individuals will be provided services to meet their individualized needs. Services to be available include: service coordination, supported living, supported employment, transportation and social skills training. The annual cost per individual may vary from \$15,000 - \$30,000. Funding in FY 07 will support a phase-in of services beginning October 1, 2006.						
It is anticipated that the Autism Coordinator position will be funded with the carry forward dollars continued into FY 07 (as reflected in the write-up below). The coordinator shall administer this pilot program with additional administrative support provided by the department.						
Section 37 of PA 06-188, "AAC Social Services and Public Health Budget Implementation Provisions" requires the department to establish and operate a pilot program to coordinate supports, services and case management for individuals with autism spectrum disorders who do not qualify for department services.

<b>Carry Forward Funding for Autism -(B)</b>						
Section 57(a) of PA 05-251 made available \$250,000 to the Department of Mental Retardation for a pilot program for autism services. The funding established a new position to be responsible for coordinating various initiatives for adults with autism who do not have mental retardation in addition to supporting training opportunities for providers or individuals who provide support to adults with autism. This position was filled in January 2006.						
The unexpended dollars in FY 06 shall be carried forward into FY 07 for the coordination of the pilot program for autism services. This change was recommended in the Governor's budget, Section 19 of SHB 5007, which did not pass. This same change is also incorporated in Section 20 of PA 06-186, the budget act.						
<b>(Governor)</b> The unexpended balance of funds provided in FY 06 for a pilot program for autism services is carried forward into FY 07. It is estimated that \$190,000 will be carried forward.

**OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET**

**Section 37 of PA 06-188, "AAC Social Services and Public Health Budget Implementation Provisions"** requires the Department of Mental Retardation to establish a pilot program to provide a coordinated system of supports and services for up to 50 adults with autism spectrum disorders who are not eligible for department services. The pilot program shall commence on or before October 1, 2006, and shall terminate not later than October 1, 2008. Funding of \$1 million is provided in the department's budget to support the pilot program (see Pilot Program for Autism Services write-up above for details).

---

[1] In order to achieve the General Fund bottom-line Personal Services and Other Expenses reductions required for FY 07, the Office of Policy and Management has programmed allotment reductions for this agency to save \$2,015,143 in Personal Services and \$695,932 in Other Expenses.

Note: The department generates federal reimbursement under Medicaid through the Home and Community Based Waivers, the Intermediate Care Facilities for the Mentally Retarded (ICF/MR) program, Birth-to-Three and Targeted Case Management. It is estimated that \$318.5 million will be reimbursed in FY 06 under the federal Medicaid program for DMR services. This is General Fund revenue and not retained by the department.

**Provide FY 06 Deficiency Funding -(B)**

The Department of Mental Health and Addiction Services (DMHAS) has deficiencies projected for FY 06 in several accounts. The Other Expenses account has experienced higher than projected costs for state and Enterprise monthly rental fees for vehicles as well as increased costs for general repairs and maintenance. The Professional Services account has a projected deficiency due to the continued utilization of temporary agency nurses at DMHAS facilities due to a general nursing shortage. The Behavioral Health Medications account has experienced higher than anticipated costs and utilization.

**(Governor)** The Governor recommended funding of \$3,472,252 HB 5009 (the Deficiency Bill) for the Behavioral Health Medications account to meet estimated FY 06 needs.

**(Legislative)** PA 06-186 (The Budget Bill) includes an FY 06 appropriation of \$3,472,252 to meet deficiency needs within DMHAS. These funds include; Personal Services (\$1,358,287); Other Expenses (\$613,965); and Behavioral Health Medications (\$1,500,000).

**Annualize FY 06 Deficiencies -(B)**

**(Governor)** The Governor recommends an additional \$1.6 million in FY 07 to recognize the impact of the deficiencies in FY 06.

**(Legislative)** The legislature provides \$5.4 million to provide for updated FY 06 deficiency estimates (see above write-up entitled "Provide FY 06 Deficiency Funding").

**Fund Private Provider COLA -(B)**

**(Governor)** The Governor recommends funding of \$2,896,285 in FY 07 to reflect a 2% private provider COLA effective October 1, 2006. This includes \$1,554,131 appropriated to various department accounts. In addition, \$1,342,154 is transferred from OPM's Contingency Needs account to various department accounts per Section 9 of HB 5007.

**(Legislative)** The legislature provides \$3,361,173 in FY 07 to reflect a 2% private provider COLA effective October 1, 2006. This includes \$1,554,131 appropriated to various department accounts as recommended by the Governor. In addition, \$1,342,154 is transferred from OPM's Contingency Needs account to various department accounts per Section 11 of PA 06-186. The legislature also provides an additional \$464,888 to provide a COLA to federal contracts under the Grants for Mental Health and Substance Abuse accounts.

The 2% private provider COLA effective 10/1/06 represents a total of \$19.2 million (\$11.15 million in new appropriation and \$8 million transfer from the Contingency Needs account in OPM that had been appropriated from the FY 05 surplus). The 2% COLA is for most private providers under contract with the Departments of Mental Retardation, Mental Health & Addiction Services, Children and Families,

**Private Provider Administrative and General Cap Update -(B)**

An aggregate FY 07 amount of \$2,332,111 was removed from various DMHAS line items within PA 05-251 to reflect the institution of an eighteen percent (18%) cap on administrative and general costs for private providers under contract with the department. This reduction was disproportionately large in comparison with the adjustment for other state agencies having similar contracts.

**(Legislative)** The legislature provides \$1.1 million to restore dollars to various line items so as to bring savings from the implementation of a cap on administrative and general costs for private providers in line with the actual DMHAS portion of funds provided to these agencies.

**Adjust General Assistance Detoxification Funding -(B)**

During 2005, a DMHAS provider closed a 28 bed residential detox program in Norwalk due to management and financial issues. In response, the department has contracted for an additional 10 private beds and re-opened 10 beds at the Greater Bridgeport Community Mental Health Center, resulting in a net loss of 8 beds in the system.

**(Governor)** The Governor recommends reducing funding for GA Managed Care by \$750,440 to reflect the loss of beds in the residential detox system.

**(Legislative)** The legislature recognizes the required funding for the restructured GA detoxification system. However, the legislature redistributes \$300,000 of the savings achieved by providing a 5% rate increase for the private GA detoxification service providers. Additionally, \$200,000 is provided to the new Danbury detox provider to cover start up costs.

**Replace Unisys Mainframe -(B)**

The department's Unisys mainframe computer requires replacement to continue ensuring that mission critical business applications and the historical data associated with these applications are maintained. The mainframe technology is required to process the department's billings to federal agencies that total approximately \$500 million annually. The department expects this functionality not to be available in CORE-CT until July 2007 at the earliest. CORE-CT does not provide full support for other department applications. These include Accidents, Bridge Structures, Construction Management Reporting, Gas Billing, Research & Material Testing, Rights of Way, State & Local Roads, Traffic Monitoring, Pre-Construction Management System, and Bid Management Information System.

Another major concern for the department is for continued access to historical data that was developed in the Unisys technical environment for Human Resources, construction project data, and other department business information. The data must continue to be accessible for several years to satisfy both State data retention and federal reporting requirements. The department's historical data will not be accommodated by the CORE-CT Human Resources and Financial People Soft/Oracle system.

This data cannot be converted to alternative technology unless the Unisys mainframe is available to support the conversion process. The estimated time requirement to accomplish the data conversion effort is 6 months to 3 years depending on staffing and other business and technical priorities. The project plan to replace the mainframe along with alternatives were presented and reviewed by the Department of Information and Technology (DOIT) and the decision to replace the system is supported by DOIT.

Technical support for the department's exiting mainframe was officially terminated by Unisys in June, 2003 which means the mainframe will no longer be maintained or upgraded by Unisys. If the mainframe system is not maintained the ability to access the department's business critical applications and the historical data, including those functions being moved to CORE-CT, will be exposed to increased technical risks. The historical data that cannot be recovered include Payroll information, Employee History, Budget, Contracts, Inventory, Assets and data related to Freedom of Information inquiries.

**Fund Highway and Bridge Renewal Equipment -(B)**

Recent events in the State have increased the awareness of the importance of maintaining a safe vehicle fleet. The average age of the department's fleet continues to rise year after year, which has resulted increased annual operating costs to cover additional repairs.

To properly manage its fleet of equipment, the department had previously established an Equipment Replacement Program. Operating costs increase approximately 15 to 25 percent per year as equipment gets older. Currently the agency spends approximately \$234,000 in Personnel Services overtime to repair the present snow and ice fleet for this winter.

Historically the department has supplemented its Highway and Bridge Renewal - Equipment program budget by transferring from other accounts, especially moving Personal Services and Other Expenses funding through FAC actions in years where there was a mild winter. Recently, this has not happened because of limited budgets and severe winters. As a result, the truck fleet which requires the purchase of an average of 52 vehicles per year based on a twelve year replacement program has only averaged 13 truck purchases per year in the last five years. Currently, the department's loader/backhoe fleet consists of 143 loaders & 20 backhoes. Approximately 50 of the loaders/backhoes are 17 years old or greater and are overdue for replacement. In addition, the department utilizes various other pieces of equipment such as aerial bucket trucks for inspection, mowers to maintain proper driving visibility, sweepers, centerline paint machines, and others to maintain safe driving conditions. Many of these types of equipment are also past scheduled replacement times. It would cost \$16 million to replace equipment previously mentioned.

## Transportation

**(Legislative)** Funding of \$4 million is provided in FY 07 for partial replacement of aging equipment.

<b>ADA Para-Transit Federal Funds Loss Offset Funding -(B)</b>						
All transit districts are required by the federal government to provide alternative transportation for handicapped individuals within a certain distance of regularly scheduled bus services. The ADA Para-Transit Program account, formerly known as the Handicapped Access Program, pays 100% of the cost to state-owned transit districts. Privately owned/operated transit districts receive less than 100%. In order to fund federal offset and fully fund private transit districts ADA Para-Transit federal mandate, the cost is estimated to be \$2 million in FY 07 and up to \$3 million in future years. The \$3 million estimate takes into consideration complete loss of federal funding sources as well as increases in demand and operating costs.						
<b>(Legislative)</b> The budget includes funding in the amount of \$500,000 in FY 07 to partially offset the loss of federal funding for the mandated ADA Para-Transit services provided by privately owned transit districts. Currently, certain transit districts are receiving reduced federal funding for mandated ADA Para-Transit services. This federal funding will be eliminated in FY 07.

**OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET****PA 06-58 AN ACT CONCERNING THE ROUTE 11 GREENWAY AUTHORITY COMMISSION.**

This act eliminates an absolute ban on the Route 11 Greenway Authority Commission using state funds to acquire land and instead permits it to use state funds to acquire land located within 2,000 feet of the Department of Transportation's right of way if the General Assembly specifically authorizes it.

**PA. 06-133 AN ACT CONCERNING THE DEPARTMENT OF TRANSPORTATION.**

This act:

1. modifies the state's maximum motor vehicle width law to accommodate certain aspects of recreational vehicles;
2. adds two members to the Connecticut Pilot Commission, changes qualifications for some members, and makes it, rather than the transportation commissioner, responsible for some areas of pilot regulation;
3. slightly expands the powers of campus traffic regulation committees in the Connecticut State University System;
4. modifies the way the Department of Transportation (DOT) can dispose of certain nonconforming parcels of land it has acquired;
5. creates a task force to study the state's taxi industry and report to the legislature;
6. requires police approval of licensed motor vehicle dealer or repairer locations in municipalities with fewer than 20,000 people; and
7. designates commemorative names for 10 state highway segments and five state bridges, revises an existing designation, and requires the DOT to install signs on I-84 eastbound and westbound exit ramps, where appropriate, for the Connecticut Historical Society Museum and Library.

**PA 06-136 AN ACT CONCERNING THE ROADMAP FOR CONNECTICUT'S ECONOMIC FUTURE.**

This act:

1. authorizes \$1 billion in new Special Tax Obligation (STO) bonding for strategic transportation projects and initiatives (see page 21 in section II for a listing of projects);
2. specifies these strategic projects and initiatives and the assessments the Department of Transportation (DOT) must do for several potential future projects;
3. increases the amount of petroleum products gross receipts tax receipts that must be transferred to the Special Transportation fund (STF) each year to fund the transportation improvement projects, defines what such projects include, and makes a change to the safety net provision under which shortfalls in the petroleum product tax receipts must be made up from the General Fund;
4. authorizes the State Bond Commission to issue up to \$ 1.3 billion in bonding that would be secured through future federal transportation revenues;
5. places the Transportation Strategy Board (TSB) in the Office of Policy and Management (OPM) for administrative purposes, makes OPM responsible for staff assistance for the TSB, realigns some of the TSB's responsibilities to be performed by the OPM secretary, and makes a change in how two members of the TSB must be appointed;
6. makes the OPM secretary responsible for coordinating state and regional transportation planning with other state planning and interagency policy development;
7. permits the use of previously authorized bonding under the Urban Action Program for transit-oriented development projects in municipalities and defines "transit-oriented development";
8. authorizes the Department of Economic and Community Development (DECD) and the Connecticut Development Authority (CDA) to make grants or loans, as appropriate, to support transit-oriented development projects and encourage the development and use of port and rail freight facilities and services;
9. authorizes the DOT commissioner to make agreements with Amtrak, Massachusetts, and other entities that are necessary to provide rail commuter service on the New Haven-Hartford-Springfield rail line;
10. requires DOT to study (a) building a fuel cell power station to generate power for the New Haven Line, (b) the mobility needs of residents and businesses in eastern Connecticut, and (c) implementing commuter rail service between New London and Worcester, Massachusetts, and report back to certain legislative committees by January 1, 2008;
11. requires Connecticut, acting through the Governor, to initiate ongoing formal discussions with the surrounding states regarding opportunities to enhance regional commuter and freight mobility and report any results to the legislature;
12. requires the Governor to make recommendations to the legislature on any projects necessary to implement the recommended strategy, and how these will be financed;
13. requires the OPM secretary to perform a regional "build out" analysis and make recommendations on performing one for the entire state; and
14. repeals several TSB and DOT report requirements, revises others, and modifies the requirement for DECD, CDA, and Connecticut Innovations, Inc. to submit project impact statements to the TSB for large traffic generating projects they assist.

**Medicaid Cost and Caseload Update -(B)**

The Medicaid program provides remedial, preventive, and long-term medical care for income eligible aged, blind or disabled individuals and families with children. Payment is made directly to health care providers, by the department, for services delivered to eligible individuals. The program complies with federal Medicaid law (Title XIX of the Social Security Act) and regulations in order to receive 50% reimbursement from the federal government.

**(Governor)** The Governor recommends reducing the FY 07 Medicaid appropriation by \$37.8 million to reflect updated cost and caseload estimates. This reduction is primarily due to lower than expected expenditures for HUSKY A adults, nursing homes, and pharmaceutical expenditures.

**(Legislative)** The legislature reduces the FY 07 Medicaid appropriation by \$87.8 million, based on updated caseload trends in HUSKY A adults, long term care, and pharmaceuticals.

**Carryforward FY 06 Lapse to Reduce FY 07 Requirements -(B)**

The Office of Fiscal Analysis estimates that the Medicaid account will lapse \$68 million in FY 06.

**(Governor)** The Governor recommends carrying forward \$50 million from the FY 06 Medicaid account to meet anticipated requirements in FY 07. The FY 07 appropriation is correspondingly reduced.

**(Legislative)** The legislature concurs with the Governor. The legislature also reduces the FY 07 Medicaid budget

**Implement Premium Assistance Program -(B)**

**(Governor)** The Governor recommends providing \$500,000 to establish a premium assistance program for the HUSKY A program. DSS will seek waiver authority to require HUSKY A clients to enroll in health plans offered by their employer when available and when cost effective. DSS will cover any additional costs such as premiums, deductibles, and co-pays and will provide any wraparound coverage needed to ensure their medical coverage is similar to the existing Medicaid benefit package. Although start-up costs will be required in FY 07, savings of \$5 million are anticipated in FY 08.

**(Legislative)** The legislature does not concur with the Governor's recommendation.

**Fund Provider Rate Increases -(B)**

**(Governor)** The Governor Recommends providing a 2% rate increase for Nursing Homes, Residential Care Homes, ICF/MR's, and the Medicaid Managed Care Organizations.

**(Legislative)** The legislature concurs with the Governor's recommendation. In addition, the legislature provides an additional \$22 million for Medicaid rate increases for nursing homes, which would equate to approximately a 4% rate increase. Sections 2 through 5 of PA 06-188 (AAC Social Services and Public Health Budget Implementation Provisions) implement these increases.

It should be noted that the legislature supports the recent decision by DSS to pay the same rate to optometrists and ophthalmologists when the same services are provided.

**Revise Prior Authorization Procedures for Home Health -(B)**

Currently, DSS policy allows home health aides to provide 20 hours per week per client of home health services without requiring prior authorization.

**(Governor)** The Governor recommends reducing the number of hours a home health aide can provide services without obtaining prior authorization under Medicaid to 14 hours per week. This change is anticipated to save \$880,000 in FY 07.

<b>Recycle Customized Wheelchairs -(B)</b>						
<b>(Governor)</b> The Governor recommends allowing nursing homes to recycle customized wheelchairs. It is estimated that refurbishing customized chairs rather than purchasing new chairs will result in a 25% reduction in state costs. This assumes that roughly half of the 1,700 customized chairs purchased annually could be replaced by recycled equipment, for a savings of \$838,000 in FY 07.

<b>Require Certification for Medication Administration in Residential Care and Boarding Homes -(B)</b>						
<b>(Governor)</b> The Governor recommends requiring residential care homes and boarding homes to have individuals on staff who are certified for the administration of medication. This will result in savings to the state as home health agencies will no longer need to be called in to have a nurse administer medications, at a cost of \$56.60 per visit. It is anticipated that this change will save \$1.3 million in FY 07.

<b>Update Medical Necessity and Appropriateness Definition -(B)</b>						
<b>(Governor)</b> The Governor recommends allowing DSS to replace the current medical necessity definition under Medicaid to that recently adopted for the State Administered General Assistance (SAGA) program. The proposed definition incorporates the principle of providing services which are "reasonable and necessary" or "appropriate" in light of clinical standards of practice. It eliminates the standard of "maintaining an optimal level of health". It is expected that the new definition will help avoid unnecessary medical services and result in a Medicaid savings of \$3.1 million in FY 07.

<b>HUSKY B Cost and Caseload Update -(B)</b>						
The HUSKY program provides medical benefits for all children whose family income is less than 300% of the federal poverty level. Those families with incomes under 185% of the poverty level are funded through the Medicaid account (HUSKY A), while those over this level are funded through the separate HUSKY account (HUSKY B). Some enrollees in this program may be required to make a co-payment for services, based on a sliding fee scale. Coverage under HUSKY B is available to children over 300% of the poverty limit based upon full payment by the client of the health insurance premiums and co-payments.						
<b>(Governor)</b> The Governor recommends providing an additional \$1.67 million in FY 07 for the HUSKY B program. This update primarily reflects the repeal of the anticipated premium increase for Band 1 and Band 2. This premium change was repealed during the November 2005 Special Session.

<b>Enhance Dental Services Under the HUSKY Program -(B)</b>						
<b>(Governor)</b> The Governor recommends two initiatives to enhance dental services for children enrolled in the HUSKY program. First, the Access for Baby Care (ABC) program will be implemented on a pilot basis. Under this program, a child's pediatrician will examine an infant at regular intervals before the age of three and apply topical fluoride to prevent tooth decay. The mother and child will also be taught better oral hygiene practices. The Governor recommends \$1.85 million to implement the ABC program in FY 07.						
Second, to increase preventive care, DSS will expand the dental program to include sealant coverage for premolars. These sealants will help prevent tooth decay, which can progress to more extensive disease. The Governor recommends \$1.1 million to implement this program in FY 07.

**Connecticut Home Care Program Update -(B)**

The Connecticut Home Care program assists the frail elderly in avoiding unnecessary or premature nursing home care by making available a variety of community-based services. The program is not an entitlement; rather the number of clients served is based upon the funding available. The services covered include home-health aides, visiting nurses, homemaker aides, adult day care, personal assistance, and meals on wheels.

**(Governor)** The Governor recommends reducing \$800,000 from the Connecticut Home Care program account to reflect updated cost and caseload estimates. The recommended appropriation level includes funds necessary to maintain the no waiting list policy for the state-funded Connecticut Home Care Program.

**(Legislative)** The legislature reduces the home care program by \$1.8 million based on updated caseload estimates.

The Connecticut Pharmaceutical Assistance Contract to the Elderly and the Disabled (ConnPACE) Program helps eligible senior or disabled residents pay for covered prescription drugs, insulin and insulin syringes. An \$30 annual registration fee is collected. Participants pay no more than a \$16.25 co-payment for each prescription.

To be eligible for ConnPACE a person must have an adjusted gross income of less than \$22,300 if single and less than \$30,100 if married. These income limits went into effect on January 1, 2006, and are scheduled to be indexed upward according to the Social Security cost of living increase each subsequent January 1<sup>st</sup>. Medicare eligible applicants must enroll with a Medicare Part D Plan in order to participate in ConnPACE.

40,919 elderly and 7,541 disabled individuals (for a total of 48,460) were enrolled as of January 2006.

**(Governor)** A reduction in funding, in the amount of \$4.3 million, is recommended to reflect more recent caseloads and cost trends.

**Fund Medicare Part D Supplemental Needs -(B)**

Last fall, the legislature established the Medicare Part D Supplemental Needs Fund to provide financial assistance to dually eligible Medicare Part D recipients and ConnPACE recipients. This assistance is given to beneficiaries who can establish medical necessity for a drug that is considered nonformulary in their Medicare Part D pharmacy plan. Although funds were provided in FY 06, the Governor did not include an appropriation for the fund in FY 07.

**(Legislative)** The legislature provides \$5 million for the Supplemental Needs Fund. The legislature also provides \$1.5 million to develop a uniform appeals process through the Center for Medicare Advocacy, as required by section 13 of PA 06-188.

**Temporary Family Assistance Update -(B)**  
The TFA program provides cash assistance to eligible low-income families. The TFA program limits assistance to 21 months for non-exempt cases, with possible 6-month extensions for good cause. Individuals in the TFA program are usually eligible for health care services provided under the state's Medicaid program. As a result of a healthy economy and the state's welfare reform effort, the average monthly caseload under this (and its predecessor) program has declined from over

**Increase Burial Payments -(B)**

Currently, DSS will provide up to \$1,200 for the burial of certain indigent department clients. There were 1,799 such burials in FY 05.

**(Legislative)** The legislature provides \$1 million to increase the DSS burial benefit under the TFA, SAGA and Supplemental Assistance programs. The burial benefit under the Medicaid program remains unchanged. This will raise the burial limit to approximately \$1,800. Sections 17 through 19 of PA 06-188 implement this change.

**Child Care Update -(B)**

The department offers a variety of child care benefits intended to allow low-income families to become self-sufficient in the working world.

**(Governor)** The Governor recommends an additional \$217,263 for the Child Care Subsidies account, which should be sufficient to maintain open enrollment in the Child Care Certificate portion of the program (which had been closed in prior to FY 05).

The FY 2006 - 2007 biennial budget included \$4.1 million in TANF High Performance Bonus funds for the Child Care Subsidies program. These funds were originally to be split between FY 06 and FY 07. However, the Governor is recommending funding the FY 06 Child Care Subsidies through departmental resources and carrying forward the entire \$4.1 million in High Performance money. Therefore, a total of \$73.8 million is available for Child Care Subsidies in FY 07.

Of these funds, \$725,000 will be dedicated to the Employment Success program. An additional \$100,000 will be transferred from the Department of Labor via MOU to supplement the Employment Success program. <b>Supplemental Assistance Update -(B)</b>						
Supplemental Assistance consists of Old Age Assistance, Aid to the Blind and Aid to the Disabled. These programs provide monthly financial assistance to low income individuals. The supplemental assistance programs are entirely state funded, but operate under both state and federal guidelines. In order to receive benefits, an individual must have another source of income to supplement, such as the federal Social Security, Supplemental Security Income, or Veteran's Benefits. All recipients are automatically eligible for health care benefits under the state Medicaid program.						
<b>(Governor)</b> The Governor recommends reducing the appropriations for the Supplemental Assistance accounts by \$4.2 million. This reflects an annualization of the surpluses for these accounts currently projected for FY 06.

<b>Restore Nutrition Funding -(B)</b>						
The Elderly Nutrition Program serves nutritionally balanced meals and provides nutrition education to individuals age 60 years and older, and their spouses. Nourishing meals are served once a day for five or more days a week at 200 senior community centers statewide. Meals are also delivered to frail, homebound or otherwise isolated older people.						
<b>(Governor)</b> The Governor recommends providing an additional \$500,000 for the Elderly Nutrition program. These funds are intended to offset an anticipated reduction of \$491,000 in federal support of the program.						
<b>(Legislative)</b> The legislature concurs with the Governor's recommendation and provides an additional \$300,000 to further assist nutrition efforts.

<b>Provide Rental Assistance to Recovering Families -(B)</b>						
The Supportive Housing for Recovering Families (SHRF) program offers support services and safe housing to families involved with the Department of Children and Families (DCF). The program serves families statewide. Case management services are supported from the budget of the DCF. Housing supports are provided through a combination of DCF funding, DSS Rental Assistance Program (RAP) certificates and federal Section 8 housing vouchers.						
Recent cutbacks in the Section 8 program have negatively impacted the program's ability to provide participants with safe and stable housing.						
<b>(Legislative)</b> The legislature provides \$1.26 million to support rental assistance certificates for 100 families served in response to an expansion of the contracted capacity of the Supportive Housing for Recovering Families program in FY 07. For further information, refer to the write-up entitled "Expand Supportive Housing for Recovering Families Program" under the Department of Children and Families' budget.

### Centralize Business Operations -(B)

Section 60(c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

**(Governor)** The FY 07 \$1 million budgeted lapse (savings) for centralized business operations is eliminated and is achieved by reducing the Personal Services accounts within affected agencies. Funding for Personal Services is reduced by \$549,199 and 8

**Carry Forward Funding for Employment****Opportunities -(B)**

Section 46 of PA 05-251 transferred the unexpended balance of funds in the Industries account to the Enhanced Employment Opportunities account for FY 06.

The carryforward change identified below was recommended in the Governor's budget, Section 21 of HB 5007, which did not pass. This same change is also incorporated in Section 22 of PA 06-186, the budget act.

(Governor) The unexpended balance of funds previously transferred in accordance with Section 46 of PA 05-251, shall be carried forward from FY 06 into FY 07 in the Enhanced Employment Opportunities account.

### Provide Funds for the Federal Maintenance of Effort Requirement for the Capitol Scholarship Program -(B)

The Capitol Scholarship Program provides awards to students based upon academic merit and financial need.

The maximum award amount for students attending in-state institutions is \$3,000. In order to qualify for a federal match, the funding level of the Capitol Scholarship Program must increase yearly. The additional funding provided in FY 07 qualifies Connecticut for matching Federal funds.

**(Governor)** Funding of \$86,953 is included to meet the maintenance of effort requirement to qualify for federal funds.

<b>Reduce Funds for CT Independent College Student Grant -(B)</b>						
The Connecticut Independent College Student Grant provides need-based grants to Connecticut residents attending private institutions in the state. The maximum annual grant per student is linked to actual expenditures per student at Connecticut's public four-year institutions under a statutory formula. The 2005 average award per student was \$3,634 for 4,283 awards.						
Funding of \$551,682 was provided in FY 07 to account for an estimated 500 students enrolled at Goodwin College. The actual number of eligible students for FY 07 was 246.						
<b>(Governor)</b> Funding is reduced by \$270,573 to accurately reflect the number of eligible students enrolled at Goodwin College.

<b>Establish a Loan Forgiveness Program in High Needs Fields -(B)</b>						
<b>(Governor)</b> The creation of a loan forgiveness program is recommended to encourage prospective job candidates to enter into high needs areas. The program would increase forgiveness for individuals hired after January 1, 2006 but before January 1, 2007. The program provides loan forgiveness to approximately 120 individuals, with a maximum amount of \$25,000 per individual, over a five year period. Half of the \$3.0 million is earmarked for math and science teachers.						
<b>(Legislative)</b> Funding is not provided for the Loan Forgiveness program.

#### OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET

**PA 06-154, "AAC the Early Childhood Education Workforce,"** requires the Department of Higher Education (DHE) to expand an alternative route to initial teacher certification program, with a concentration in early childhood education.

**PA 06-150, "AAC Private Occupational Schools,"** increases various fees imposed on private occupational schools. The increase in fees is anticipated to generate an additional \$24,000 in revenue for the Private Occupational School Student Protection Account (\$3,300 for renewal applications, \$7,500 for new school applications, \$300 for branch applications and \$13,050 for out-of-state applications).

**Section 91 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions,"** transfers \$50,000 from the Office of Workforce Competitiveness to the Department of Higher Education for the identification of model nanotechnology curriculum.

**Sections 7-11 of PA 06-135, "AA Implementing the Provisions of the Budget Concerning Education,"** increase the unpaid obligation of the Higher Education Matching Grant Program by approximately \$1.7 million. The sections increase the match from 25% to 50% for donations made at the various constituent units, between January 1, 2005 and June 30, 2005.

<b>Provide Surplus to Fund Full State Contribution -(B)</b>						
The current budget does not fund the state contribution to the Teachers Retirement system at the actuarially required level in FY 06 and FY 07. The shortfall in contribution is \$120.6 million in FY 06 and \$125.5 million in FY 07. The shortfall has a negative fiscal impact in two respects: significant loss of investment income and increased amortization costs.						
<b>(Legislative)</b> Funds are provided from surplus appropriation to provide the full actuarially required contribution for both FY 06 and FY 07.

<b>Supplement Various Grant Programs -(B)</b>						
The Violent Offender Incarceration/Truth in Sentencing (VOI/TIS) and Residential Substance Abuse Treatment for State Prisoners (RSAT) are federal grants that provide substance abuse and addiction services to inmates. The agency has been notified that VOI/TIS and Byrne grant dollars will no longer be available to fund the continuation of “Supportive Housing” and “Transitional Supervision” halfway house beds.						
<b>(Governor)</b> Funding in the amount of \$240,457 is recommended for four Counselor positions to provide substance abuse counseling to inmates. In addition, \$323,575 is recommended for Community Support Services to fund approximately 25 substance abuse halfway house beds. The funding is recommended to supplement expiring federal dollars.

**Fund Private Provider COLA -(B)**

The Governor recommends \$17.1 million in FY 07 for a 2% cost of living adjustment (COLA) for private providers effective October 1, 2006. The total \$17.1 million reflects a 2% COLA effective October 1, 2006 for most private providers under contract with the Departments of Mental Retardation, Mental Health and Addiction Services, Children and Families and Correction; the Judicial Department; and the Council to Administer the Children's Trust Fund. This includes \$9.1 million in new appropriation and \$8 million in contingency needs funding that had been appropriated from the FY 05 surplus.

**Reflect Savings Associated with Implementation of PJOC Recommendations -(B)**

The PJOC issued a report in January 2006 that called for eight recommendations that required funding totaling \$25.7 million across this agency, the Judicial Department, the Department of Mental Health and Addiction Services, and the Department of Social Services. The DOC subsequently estimated that the recommendations could result in an estimated \$6.35 million in FY 07 and \$8.7 million in FY 08 inmate cost savings.

**(Legislative)** Partial-year funding is provided for the Parole Violation Reduction Program (2006 PJOC recommendation #3). The funding consists of four additional positions and corresponding funds for Other Expenses. The program provides expedited revocation for technical parole violators. Under the program, technical parole violators would be given expedited parole hearings, and could be re-paroled within 2 to 6 months after their readmission to prison. The Board of Pardons and Paroles implemented a pilot Parole Violation Reduction Program, and as a result the number of individuals re-paroled each month increased from 48 to 63.

<b>Open New State Operated Facility for Juvenile Girls -(B)</b>						
sSB 52 ("AA Authorizing Bonds of the State for Capital Improvements and Other Purposes") included a new FY 07 bond authorization of \$1 million to support capital costs associated with establishing a small, self-contained, secure, state-run facility for girls involved in the juvenile justice system. However, it should be noted that sSB 52 was not enacted during the regular 2006 legislative session.						
<b>(Governor)</b> Funding, in the amount of \$464,000, is recommended to reflect the half-year operating costs associated with a new 4-bed state-operated facility for girls involved in the juvenile justice system.						
This includes \$414,000 for 15 positions and \$50,000 in associated other expenses.						
The annualized cost of operating this new facility will be \$930,000 in FY 08.

**Expand Juvenile Justice Services for Girls -(B)**

The department recently terminated a contract for a secure Assessment and Reception Center for girls involved in the juvenile justice system. It also ended support for a 12-bed residential program for girls located in Massachusetts and anticipates the downsizing of another similar program in Connecticut by 14 beds. Savings associated with this downsizing of residential capacity are estimated at approximately \$4.6 million in FY 07.

A reinvestment of a portion of these dollars into alternate services for juvenile justice involved girls is recommended to both reduce reliance on residential care and target recidivism.

#### Enhance Juvenile Justice Community Support Services -(B)

Two new community-based support programs will serve juvenile justice clients.

Education Re-entry and Support services will offer comprehensive educational transition, reintegration and support services by establishing a partnership with local schools and community-based organizations to create a wrap-around service model. Services will be provided to children on parole in order to prevent truancy, suspension and expulsion. This program will target DCF-involved juvenile delinquents aged 12-17 within a specific geographic location who are on parole. An estimated 45 youth will be served annually.

School Based Juvenile Delinquency Programming will consist of a Balanced and Restorative Justice (BARJ) Program that encompasses community safety, accountability and skill development.

Services will be designed to measurably reduce recidivism and increase pro-social behaviors. Individual and group work will integrate all three components of BARJ within the context of substance abuse prevention, life skills, employment, citizenship and peer leadership. Adolescents will participate in restorative activities such as restitution, community service and understanding their impact upon victims.

**(Governor)** Funding, in the amount of \$1,252,500, is recommended to establish new juvenile justice community support services. Of this amount,

- \$1,027,500 is recommended for an Education Re-entry and Support program, serving high school students in two urban cities. Programs in one city will commence 7/1/06, and receive \$685,000 in full year funding. The other city will receive half-year funding of \$342,500.

#### Fund Community Diversion Boards -(B)

Community Diversion Boards (CDB) hold children accountable for their actions by requiring restitution to their victims as well as addressing the needs of children by providing mental health and/or substance abuse services. Children arrested for the first and second time on misdemeanor offenses are eligible to go before a CDB.

Referrals from targeted neighborhoods in Hartford, Bridgeport and New Haven will be screened for diversion from the formal court process. It is anticipated that a total of 750 children will be diverted annually.

A Hartford CDB (aka Juvenile Review Board) began operation in February 2004. The Department of Children and Families and the Judicial Branch currently jointly fund a portion of the budget for this program.

(Governor) Funding, in the amount of \$550,000, is recommended to support the costs of developing new Community Diversion Boards in Bridgeport and New Haven, fully funding a currently operating program in Hartford, and supporting a program evaluation. Of this amount,

- \$100,000 will be dedicated to increasing state financing of an existing program in Hartford;
- \$200,000 each will be awarded to new programs in Bridgeport and New Haven; and
- \$50,000 will be dedicated to costs of a program evaluation.

#### Fund Emily J. Settlement Agreement -(B)

The Emily J. Consent Judgment was implemented in 1997 as a result of a class action lawsuit over detention center services. The Judicial Branch/Court Support Services Division, the Department of Children and Families and the state complied with the judgment over the next four years

	Gov. Rev. FY 07 Pos.	Gov. Rev. FY 07 Amount	Leg. Rev. FY 07 Pos.	Leg. Rev. FY 07 Amount	Difference from Gov. Pos.	Difference from Gov. Amount
by implementing many major changes and improvements in conditions and services at the state run detention centers.						
In 2002, the parties agreed to substitute a Stipulated Agreement for the original Consent Judgment. The Stipulated Agreement allowed DCF and CSSD to focus on providing enhanced mental health treatment and evaluation services. In 2004, another agreement was reached to implement a Joint Corrective Action Plan to further ensure adequate services would continue to be provided.						
A final Settlement Agreement was reached between the parties in 2005. The Agreement outlines a two year plan which provides for a total expenditure of approximately \$2.5 million in FY 06 and an additional \$3.5 million in FY 07 (for a total of approximately \$6 million) for the delivery of post-detention, community-based mental health services for children released from state run juvenile detention centers, alternative detention programs and community detention centers. The intent of the two-year plan is to provide supplemental services to juvenile clients to divert them from residential placements with the preference given to youth in detention.						
<b>(Governor)</b> Funding, in the amount of \$3.51 million, is recommended to reflect the implementation costs of the Emily J. Settlement Agreement.						
This amount will support the enhancement of services such as or related to: Multidimensional Treatment Foster Care; Outpatient Substance Abuse Treatment; Flexible Funding; Flexible Funding for Educational Success; Funding for Wraparound Services; Multisystemic Treatment (MST) Aftercare and Support; Therapeutic Mentoring; and a Therapeutic Group Home.						
Services will be targeted to Emily J. class members (children in detention) who are at high risk of out-of-home placement.

#### Annualize Therapeutic Group Home Costs -(B)

Therapeutic group homes provide an intensive level of treatment in a community setting for children and youth with moderate to severe behavioral health issues. \$6 million was originally included under the department's budget within PA 05-251 to support the annualized cost of therapeutic group homes.

Twenty-four (24) new homes, serving 122 clients, are expected to be operational by the end of FY 06. Projected FY 07 costs are anticipated to be \$18.3 million.

**Expand Therapeutic Group Homes -(B)**

Beginning in FY 04, the department began to identify children, placed primarily in residential treatment facilities, for whom a small community-based therapeutic group home would be a more appropriate placement. As a result, the agency began to develop private therapeutic group homes. Eighteen (18) new homes with a combined total of 91 beds are anticipated to be opened during FY 07.

**(Governor)** Funding, in the amount of \$5 million, is recommended to meet projected costs associated with the development of additional therapeutic group home beds during FY 07. This includes:

- \$4.75 million to expand capacity to accommodate an estimated additional 91 children and youth; and
- \$250,000 in Other Expenses to support the costs of an associated program evaluation.

**(Legislative)** Funding, in the amount of \$2.5 million, is provided to meet projected costs associated with the development of additional therapeutic group home beds during FY 07. This includes:

- \$2.25 million to expand capacity to accommodate an estimated additional 42 children and youth; and
- \$250,000 in Other Expenses to support the costs of an associated program evaluation.

**Delay Traditional Group Home Enhancements -(B)**

Traditional Group Homes are community-based programs intended to serve adolescents at the lowest end of the spectrum of behavioral health needs. These homes provide a community-living experience in preparation for increasing independence for youth who either elect not to move into a family-like setting or for whom such a setting is unavailable. These homes focus on teaching independent living skills and appropriate adolescent development.

The sum of \$1,207,800 was appropriated for FY 07 within PA 05-251 to allow for the enhancement of services offered by Traditional Group Homes, effective July 1, 2006.

**(Governor)** A reduction in funding, in the amount of \$301,950, is recommended to reflect a three-month delay in implementation of enhanced services by Traditional Group Homes.

**Establish Intensive Reunification Program -(B)**

Currently, the department does not have services designed to be put in place immediately following the removal of a child from a home for protective services reasons, but before a contested order of temporary custody (OTC) hearing.

The provision of intensive in-home services during the interim period (20 days) would allow many families the opportunity to address risk factors so as to allow the child to remain with their biological or custodial parents (**Governor**) Net funding, in the amount of \$625,000, is recommended to reflect the establishment of a new Intensive Reunification Program for families experiencing the initial removal of a child for protective services reasons. This reflects \$1,125,000 in three-quarter year program costs, which are offset by anticipated savings of \$500,000 due to averted foster care placements. An estimated 300 families will be served annually.

The annualized cost of this new program in FY 08 will be \$1.5 million with offsetting annualized foster care savings of \$1.7 million.

**Fund Extension of New Haven Nurturing Families Network -(B)**

An expansion of the Nurturing Families Network (NFN) to eight neighborhood sites within New Haven will allow the program to provide intensive home visiting services to 250 first-time parents. This will increase the number of at-risk families served in New Haven to 350 per year. An estimated 500 first-born children in at-risk families are born in New Haven annually.

## OTHER SIGNIFICANT 2006 LEGISLATION

**PA 06-102, "An Act Concerning Family and Medical Leave for State Employees, Services for Individuals Eighteen Years of Age and Older in the Care and Supervision of the Commissioner of Children and Families, Permanency Plans for Children, and Employment Accommodations for Members of the General Assembly"** -This Act makes a number of changes to the Department of Children and Families (DCF) laws, which could expedite the process of placing foster children in permanent homes. It also requires DCF to develop care and treatment plans for young adults who choose to remain under the department's supervision.

*Reunification*

The Act requires DCF to make reasonable efforts to reunify parents and children unless a court has (1) approved a permanency plan with a different goal or (2) found, by clear and convincing evidence, that reunification efforts are not required.

It allows motions for rulings on the necessity of providing further reunification services to be consolidated with termination of parental rights trials, in conformity with current practice.

By law, no reunification efforts are required when the parent has subjected the child to aggravated circumstances. The Act makes it a new aggravated circumstance when the parent knowingly permits someone else to (1) sexually molest, exploit, severely abuse, or engage in a pattern of abusing, the child or (2) kill or deliberately cause serious injuries to the child, another child of the parent, or a sibling of the child. These injuries are already aggravated circumstances when inflicted or attempted by the child's parent or when the parent solicits someone else to inflict them.

The Act also makes it an aggravated circumstance if the parent has voluntarily terminated her rights to the child's sibling within the last three years. Prior law considered involuntary terminations only. By law, DCF must make reasonable efforts to reunify the parent and the child for at least 90 days in this situation.

*Permanency Plan Options*

The Act:

1. adds a requirement that permanency plans calling for long-term foster care be limited to placements with licensed or certified relatives, and permits other "planned permanent living" arrangements to be permanency plan options;
2. requires DCF to document a compelling reason why it would not be in a child's best interests to have a permanency plan calling for adoption, long-term relative foster care, or guardianship when it recommends another permanency goal; and
3. establishes a 60-day deadline for the DCF commissioner to petition for the termination of parental rights when a court approves a permanency plan calling for adoption.

Prior law permitted courts to approve independent living as a permanency goal without finding a compelling reason for doing so.

*Permanency Plan Hearings*

The Act:

1. eliminates a requirement that the court make a finding on whether to seek to reunify a family or maintain or revoke a child's DCF commitment at each permanency plan hearing, and makes revocation mandatory rather than discretionary when the commissioner, a parent, or a child's attorney shows that cause for the commitment no longer exists and revocation is in the child's best interests;

2. requires parties opposing DCF's permanency plans to include their reasons and a proposed alternative in their opposition motions but retains the agency's burden of proving that its permanency plan is in the child's best interests; and
3. requires the court approving a permanency plan of reunification to determine the services DCF must provide to the parent and a timetable for providing them.

*Minor Changes**The Act:*

1. adds a child's residence with a legal guardian to the definition of "permanent home" in the termination of parental rights statutes; and
2. requires yearly court reviews of permanency plans for as long as a child remains in DCF custody, rather than until the court determines that the adoption plan has been finalized.

*Care Plans for Youth Remaining in DCF Care Voluntarily*

By law, when a youth in DCF care turns 18 he may choose to remain in DCF's care and receive services in order to develop skills to live independently. The Act requires DCF to provide such a youth with a written plan of care and treatment and review it every six months. The youth is entitled to an administrative hearing if he objects to the plan's contents. Prior law did not expressly require this.

### Claim Medicaid Reimbursement for Nurturing Families Network -(B)

The Nurturing Families Network currently operates in 25 of the 29 birthing hospitals in Connecticut. 4 additional programs will become operational in FY 07. This program provides parent education and support to 5,000 new parents each year. It also provides intensive home visiting to approximately 1,500 parents identified at the most risk.

Services offered by Nurturing Family Network programs are reimbursable under the Medicaid program. However, implementation of Medicaid claiming will result in a reduction in federal Child Abuse Prevention and Treatment Act (CAPTA) grant dollars awarded to Connecticut. This is because a portion of the CAPTA grant is determined by the amount of state and private funds leveraged by the CACTF. Federal guidelines prohibit the simultaneous claiming of NFN expenditures

#### Extend Nurturing Families Network Within New Haven -(B)

An expansion of the Nurturing Families Network (NFN) to eight neighborhood sites within New Haven will allow the program to provide intensive home visiting services to 250 first-time families. This will increase the number of at-risk families served in New Haven to 350 per year. An estimated 500 first-born children in at-risk families are born in New Haven annually.

All 800 first-time mothers in New Haven will be screened and 300 low-risk new mothers will be offered parenting information, support and community referrals via the Nurturing Connections program.

Nurturing Parenting Groups will be able to serve 120 families. The program assists parents in developing skills, attitudes and behaviors to be better parents, and alleviates social isolation.

**(Legislative)** The authorized position count of the Council to Administer the Children's Trust Fund is increased by two to reflect the addition of one Program Supervisor and one Fiscal/Administrative Officer. The sum of \$72,000 will be transferred from the budget of the Department of Children and Families (DCF) to support the partial year salaries associated with these positions, which are required to accommodate additional programmatic and administrative responsibilities generated by an expansion of the Nurturing Families Network within New Haven.

For further information, refer to the write-up entitled "Fund Expansion of New Haven Nurturing Families Network" under the DCF's budget.

A revenue gain to the state will result to the extent that this service expansion increases Medicaid billings.

### Enhance Medical and Mental Services for Juveniles -(B)

The consent judgment between the state and plaintiffs in the "Emily J" case, which concerned the conditions and practices at the state's three juvenile detention centers that the Judicial Department administers, requires the state to allocate additional resources to enhance services to juveniles within the juvenile justice system.

**(Governor)** The Governor recommends additional funding to comply with the consent judgment in the "Emily J" case. The recommended funds are to provide for an expansion in the level of medical and mental health services as well as to pay for rate increases in the delivery of those services. Specifically, the funding will provide for the following: (1) mental health clinician hours to provide group programming for substance abuse treatment and gender-specific issues; (2) the presence of licensed mental health professionals at daily

**Conform to PA 05-3 of the June Special Session -(B)**

Section 47 of Public Act 05-3 of the June Special Session, "AAC the Implementation of Various Budgetary Provisions," transferred FY 07 funds to the Division of Public Defender Services Commission, which contains the new Commission on Child Protection Services.

**(Governor)** The Governor recommends through Section 31 of HB 5007 (Governor's budget bill) eliminating the transfer from the Judicial Department to the Department of Public Defender Services Commission and instead provides these dollars within the Department of Public Defender Services agency. Therefore, there is no net change to either agency's level of funding from current law as a result of this recommendation.

**(Legislative)** The legislature makes no change and thereby maintains the agency's level of funding and authorized positions in accordance with current law.

**Expand the Jail Reinterview Program and related Mental Health Services in the Community -(B)**

The Jail Reinterview Program was established in 1997 to assist the Department of Correction with prison overcrowding. Program staff members go to DOC facilities and screen pre-trial defendants held on bond in order to determine their appropriateness for community release. Following the interview, a supervision plan is developed that addresses the specific needs of the defendant and concerns of the court. This plan is presented to the court in the form of a bond modification for consideration. There are presently nine staff members of the Court Support Services Division working in the program.

**(Legislative)** The recommendations of the Prison and Jail Overcrowding Commission to: (1) expand the jail re interview program and (2) enhance mental health services available to individuals released pursuant to the program, is adopted. The additional bail commissioners are to be assigned to Manson Youth, Garner, Osborn and York with contractual services of three clinicians at Local Mental Health Authorities. Funding is provided to initiate this program on January 1, 2007.

<b>Expand Specialized Probation Programs Statewide -(B)</b>						
The TVU (technical violations unit) and PTP (probation transition program) pilot projects began operations in October 2004; there are ten probation officers assigned to each unit w/ a total caseload of 500. These projects focus resources on supervising probationers at high risk of reoffending, being violated and subsequently reincarcerated. A recent report by the CCSU indicates a decrease of forty per cent in the rate of violations among offenders admitted to these programs.

<b>Enhance Supervision of Sexual Offenders on Probation -(B)</b>						
<b>(Governor)</b> The Governor recommends expanding the Geographic Positioning System (GPS) pilot program of supervision that the CSSD administers from 8 to 250 sexual offenders. Fifteen additional adult probation officers, contractual and other expenses are included in the Governor's recommended funding level of approximately \$1.3 million.						
<b>(Legislative)</b> The recommendation of the Prison and Jail Overcrowding Commission to increase supervision of all sex offenders on probation is adopted. Additional funding is provided for more probation officers in order to reduce caseloads and victim advocates to help supervise and treat the offenders. Funding is provided to initiate this program on July 1, 2006. It is anticipated that the victim advocate component will be phased in during the fiscal year.

#### OTHER SIGNIFICANT 2006 LEGISLATION

**Section 29 of PA 06-187, "AAC General Budget and Revenue Implementation Provisions,"** results in a potential cost by allowing the court to impose global positioning system (GPS) monitoring on any person released on probation or conditional discharge who has been convicted of certain sexual offenses (under current law the court may order electronic monitoring). The per diem cost of GPS is \$2.75 more than the system of electronic monitoring currently in use. The extent to which this authorization would increase the usage of GPS is uncertain. About two hundred and fifty offenders under probation supervision are monitored electronically using the existing system; were each of these offenders subjected to GPS under this provision, the state would incur an annual cost of approximately \$250,000.

[1] In order to achieve the General Fund bottom-line Personal Services and Other Expenses required for FY 07, the Office of Policy and Management has programmed allotment reductions for this agency to save \$1,896,618 in Personal Services and \$1,691,939 in Other Expenses.

[2] The department's FY 06 appropriation was modified by FAC # 2006-33, which transferred funds from its Other Expenses (\$2,709,396) and Alternatives to Incarceration (\$500,000) accounts to its Personal Services account. Its authorized position count was reduced (via FAC #2006-5) by five positions in accordance with PA 05-3, which transferred responsibility for the management of certain contracts to represent indigent clients from the Judicial Department to the new Child Protection Commission within the Public Defender Services Commission for administrative purposes, only.

### Provide FY 06 Deficiency Funding and Annualize FY 06 Deficiency -(B)

Both accounts have experienced shortfalls in the current and prior fiscal years resulting in FAC transfers and deficiency appropriations. The FY 06 deficiency within the Expert Witness account is attributable to increases in the rates that experts charge and a one-time cost of \$256,000 to conduct a racial disparity study on the death penalty. The deficiency in the Special Public Defenders – Non-Contractual account is due to an increase in the number of case assignments and billed hours.

Funding, in the amount of \$1,442,000, is included in PA 06-186, "AA Making Adjustments to State Expenditures and Revenues for the Biennium Ending June 30, 2007," for the Public Defender Services Commission due to deficiencies in two accounts: Special Public Defenders Non-Contractual, \$994,500; and Expert Witnesses, \$447,500.

**(Governor)** The Governor recommends increasing the FY 07 appropriations in order to annualize a portion of the projected FY 06 deficiencies.

**Conform to PA 05-3 of the June Special Session -(B)**

Sections 44-46 of Public Act 05-3 of the June Special Session, "AAC the Implementation of Various Budgetary Provisions," established a Commission on Child Protection Services and the Chief Child Protection Attorney who must, no later than July 1, 2006, do the following: (1) establish a system for the provision of (a) legal services to indigent respondents in family contempt and paternity matters, and (b) legal services and guardians ad litem to children and indigent parents in proceedings before the superior court for juvenile matters; (2) ensure that contracted attorneys providing legal services are assigned in a manner that will avoid conflicts of interest; and (3) provide initial and in-service training for attorneys providing these legal services and establish training, practice and caseload standards for representation. The Commission on Child Protection Services was placed within the Public Defender Services Commission for administrative purposes, only. Five authorized positions have been moved from the Judicial Department to the Public Defender Services Commission concurrent with this change.

Section 47 of Public Act 05-3 of the June Special Session, "AAC the Implementation of Various Budgetary Provisions," transferred FY 07 funds to the Division of Public Defender Services Commission, which contains the new Commission on Child Protection Services.

**(Governor)** The Governor recommends through Section 31 of HB 5007 (Governor's budget bill) eliminating the transfer to the Department of Public Defender Services Commission and instead provides these dollars within the agency. Therefore, there is no net change to the agency's level of funding from current law as a result of this recommendation.

**(Legislative)** No change is made which maintains the agency's level of funding and authorized positions in accordance with current law.

[1] In order to achieve the General Fund bottom-line Personal Services and Other Expenses required for FY 07, the Office of Policy and Management has programmed allotment reductions for this agency to save \$223,460 in Personal Services and \$33,524 in Other Expenses.

[2] The agency's FY 06 appropriation was modified by FAC #2006-04, which transferred funds from the Equipment (\$30,000) and Other Expenses (\$125,000) accounts to the new Child Protection Commission account. The authorized position count for the agency was increased by FAC # 2006-05 with the transfer of five authorized positions from the Judicial Department to the new Child Protection Commission. These changes were done in accordance with Public Act 05-3 of the June Special Session, which established the Commission on Child Protection within the Public Defender Services Commission for administrative purposes, only, and provided funds to cover FY 06 administrative costs.

In addition to these transfers, FAC #2006-42 shifted \$408,000 from the agency's Personal Services account to the following accounts in order to cover projected shortfalls: Other Expenses, \$76,000; Special Public Defenders, Non-Contractual, \$259,000; and Expert Witnesses, \$73,000. Lastly, FAC # 2006-43 transferred \$75,000 from the agency's Personal Services account to the new Child Protection Commission account. These funds were earmarked for the FY 06 operations of the new Child Protection Commission and remained unspent because the Chief Child Protection Attorney was hired at a date later than budgeted. In accordance with Section 93 of Public Act 06-186, "An Act Concerning General Budget and Revenue Implementation Provisions," these funds are to be carried forward into FY 07 and made available for administration of the system to provide contracted attorneys to represent indigent parents or children in a variety of civil, family and juvenile proceedings.

### Reduce Debt Service to Reflect Changes in Interest Rate and Issuance Assumptions and Bond Premiums -(B)

The FY 07 General Fund debt service appropriation contains assumptions regarding the issuance of tax exempt General Obligation (GO) bonds.

**(Governor)** Reduce debt service requirements to reflect:

(1) lower than budgeted interest rates on GO bonds issued in June 2005 (3.8% rather than the budgeted rate of 5.25%) and November 2005 (4.3% rather than the budgeted rate of 5.25%) and (2) a bond premium on the November 2005 GO issuance. (A bond premium is the extra amount a bond sells for if it costs more than its face price. Purchasers pay a premium to receive a higher interest rate than the one at which the bonds would otherwise have sold.)

**Provide Additional Debt Service for Transportation Initiatives -(B)**

In SB 59, "AAC Transportation Revitalization and Improvement and the Governor's Transportation Initiative," the Governor proposes increasing Special Tax Obligation (STO) bond authorizations for: (1) transportation system infrastructure improvements in the Greater Hartford Area; (2) rail rolling stock and maintenance facility projects on the New Haven Line; and (3) rail rolling stock and maintenance facilities for the New Britain-Hartford Busway, New Haven-Hartford-Springfield rail project, connector bus service between the New Haven-Hartford-Springfield rail line and Bradley International Airport, rail coach rehabilitation, West Haven rail station and parking, branch line improvements and rail parking improvements.

**(Governor)** Provide additional debt service resources to finance the issuance of STO bonds for new and expanded transportation projects.

**-(Legislative)** SB 59 did not pass. Instead the bond authorizations are contained in PA 06-136, "AAC the Roadmap for Connecticut's Economic Future."

**Funding for FY 08 and FY 09 Economic Recovery Note Debt Service Payments -(B)**

The treasurer issued the following five-year, tax-exempt, general obligation Economic Recovery Notes (ERNs): (1) \$219.2 million were issued in December 2002 to fund the FY 02 deficit, and (2) \$97.7 million were issued to fund the FY 03 deficit.

**(Governor)** The Governor proposes to use FY 06 budget surplus funds to pre-fund FY 08 and FY 09 debt service costs for Economic Recovery Notes. Section 6 of HB 5009, the deficiency bill, appropriates a total of \$85.5 million of the FY 06 budget surplus for debt service payments of \$65.3 million in FY 08 and \$20.2 million in FY 09.

**-(Legislative)** Same as Governor

**Reduce Debt Service Due to Actual Bond Issuance and Bond Premiums -(B)**

**(Legislative)** Reduce debt service requirements to reflect: (1) the March 2006 issuance of tax-exempt GO bonds at an interest rate of 4.1% rather than the budgeted interest rate of 5.5% and the March 2006 budgeted issuance of tax-exempt UConn 200 bonds at an interest rate of 4.18% rather than the budgeted rate of 5.75%, and (2) a bond premium on the March 2006 GO issuance. (A bond premium is the extra amount a bond sells for if it costs more than its face price. Purchasers pay a premium to receive a higher interest rate than the one at which the bonds would otherwise have sold.)

**OTHER SIGNIFICANT 2006 LEGISLATION AFFECTING THE AGENCY'S BUDGET**

PA 06-187, Section 96 directs, beginning in FY 08, and annually thereafter, \$1.6 million of the appropriation to the Mashantucket Pequot and Mohegan grant to the municipalities that are members of the Southeastern Council of Governments and to any distressed municipality that is a member of the Northeastern Connecticut Council of Governments or the Windham Area Council of Governments. These funds are to be distributed on a proportional basis according to the total amount received from the fund by these municipalities the preceding fiscal year. These funds are exempt from a proportional reduction if the appropriations are insufficient to fully fund the grant.

**Centralize Business Operations -(B)**

Sec. 60 (c) and (d) of PA 05-251, the original budget act for FY 06 and FY 07, authorized DAS to provide personnel, payroll, affirmative action, and business office functions for certain executive branch agencies. This act included a budgeted lapse (savings) of \$1 million in each of FY 06 and FY 07 for centralized business operations. Funding and positions were transferred by an October 2005 FAC to DAS to comply with the small agency business office consolidation per PA 05-251.

### Provide FY 06 Deficiency Funding and Annualize FY 06 Deficiencies -(B)

Deficiency funding of \$920,000 for the Transportation Fund Workers' Compensation Claims account was recommended in the Governor's deficiency bill (sHB 5009), which did not pass. This same level of deficiency funding is included in Sec. 53 of PA 06-186, the budget act. The deficiency is a result of an increase in lost-time claims and rising medical costs.

**(Governor)** The Governor's budget (sHB 5007), which did not pass, provided \$400,000 in funding to annualize the FY 06 workers' compensation deficiency.

**(Legislative)** Funding in the amount of \$900,000 is provided to annualize the FY 06 workers' compensation deficiency.

### Reduce Funding for Workers' Compensation Claims Account -(B)

This account funds the workers' compensation claims costs for state employees in 84 agencies that do not receive direct appropriations for their workers' compensation costs. The agencies that have direct appropriations are the Departments of Correction, Children and Families, Mental Health and Addiction Services, Mental Retardation, and Public Safety.

**(Governor)** Reduce funding for workers' compensation claims by \$1 million based on FY 06 workers' compensation cost trends.

<b>(Governor)</b> The Governor's budget (sHB 5007), which did not pass, reduced workers' compensation claim requirements by \$1.2 million by carrying forward FY 06 lapses.						
<b>(Legislative)</b> PA 06-186, the budget act, reduced workers' compensation claim requirements by \$430,000 by carrying forward FY 06 lapses. It should be noted that the budget act also reduced DAS Personal Services requirements by \$770,000 by carrying forward FY 06 lapses.

<b>Increase Workers' Compensation Funding Due to the Elimination of the Social Security Offset -(B)</b>						
PA 06-84 eliminates the requirement that workers' compensation wage replacement benefits be reduced by an amount equal to any Social Security retirement benefits to which the injured worker is entitled. Under PA 06-84, an injured worker can receive both the workers' compensation and Social Security benefits with no offset.						
<b>(Legislative)</b> Increase GF funding by \$69,000 and TF funding by \$17,000 to reflect the elimination of the Social Security offset for state employees receiving workers' compensation benefits.

## LEGISLATIVE BOND AUTHORIZATIONS (GROSS) FY 1983-2007 (in Millions)

FISCAL YEAR

[1] The FY 04 total for Legislative Authorizations includes \$252.1 million authorized in September 1993 for the construction of a stadium in Hartford. This authorization was subsequently repealed by Section 101, PA 94-2 of the May Special Session.

[2] The FY 99 total for Legislative Authorizations includes \$274.4 million authorized in December 1999 for the construction of the Patriots stadium in Hartford. This authorization was subsequently repealed by Section 65, PA 99-241.

[3] The figure includes the following Special Tax Obligation (STO) bond authorizations: (1) \$193.6 million authorized in FY 07 by PA 05-4 (JSS) for the Transportation Infrastructure Program, (2) \$507.2 million authorized in FY 07 by PA 05-4 (JSS) for rail and highway projects (PA 06-136 accelerates the authorization date for \$426.4 million of these bonds) and (3) \$1 billion authorized in FY 07 by PA 06-136 for a variety of transportation projects. It is anticipated that the \$193.6 million will be allocated in FY 07 while the \$1,507.2 million will be allocated over a period of years.

## BOND COMMISSION ALLOCATIONS

### FY 1980 - 2006

(in Millions)

FISCAL YEAR

[1] General Obligation bonds authorized by PA 95-230 and PA 02-3 (May 9<sup>th</sup> Special Session) to finance UConn 2000 projects are not included in state Bond Commission allocations because the legislation only required the commission to approve the master resolution.

## GENERAL, REVENUE AND SPECIAL TAX OBLIGATION BOND AUTHORIZATIONS

FY 07 Increases \$3,189.5 Million

[1] The figure includes the following Special Tax Obligation (STO) bond authorizations: (1) \$193.6 million authorized in FY 07 by PA 05-4 (JSS) for the Transportation Infrastructure Program, (2) \$507.2 million authorized in FY 07 by PA 05-4 (JSS) for rail and highway projects (PA 06-136 accelerates the authorization date for \$426.4 million of these bonds) and (3) \$1 billion authorized in FY 07 by PA 06-136 for a variety of transportation projects. It is anticipated that the \$193.6 million will be allocated in FY 07 while the \$1,507.2 million will be allocated over a period of years.

# **BOND AUTHORIZATIONS AVAILABLE FOR ALLOCATION DURING FY 07**

The following table lists bond authorizations with unallocated balances, which may be made available during FY 07. It includes: (1) bond projects and programs from prior years with at least one unallocated balance and (2) new authorizations and changes to previous authorizations made during the 2005 and 2006 sessions of the General Assembly. Where applicable, the table also provides a 10-year history for a project or program by listing prior bond authorizations that have been fully allocated (zero balance remaining). The balances listed in the table are as of 7/1/06.

The Public (PA) and Special Act (SA) numbers that authorize the bonds appear after each entry (e.g. SA 01-2), along with any subsequent amending acts. Continuing statutory programs are referenced by the section of the Connecticut General Statutes (CGS), revised to January 1, 2005, followed by amending legislation. The bond fund number is an accounting code established by the comptroller. The amount of bonds authorized also reflects any subsequent additions or reductions made by the legislature. The unallocated balance column indicates the remaining balance available for allocation by the Bond Commission during FY 2006-07. Once the Bond Commission approves an allocation for a project, the funds are recorded by the comptroller as an unallotted balance. The governor then must approve an allotment of these funds before they can be expended. For large construction projects, both the allocation and allotment process is often done in stages. Once a contract is awarded, funds may remain in the unallotted balance until actual expenditures are made. It should be noted that the legislature sometimes provides large authorizations that are intended to be used over a period of time. Such projects or programs include water pollution control, economic development and grants-in-aid to towns or nonprofit organizations. In such cases, substantial balances may remain unallocated for several years.

The increased amount of tax payable by any company under this section, as determined in accordance with this subsection, shall become due and be paid, collected and enforced as provided in this chapter.

(4) With respect to income years commencing on or after January 1, 2004, and prior to January 1, 2005, the additional tax imposed on any company and calculated in accordance with subsection (a) of this section shall, for each such income year, be increased by adding thereto an amount equal to twenty-five per cent of the additional tax so calculated for such income year, without reduction of the tax so calculated by the amount of any credit against such tax, except that any company that pays the minimum tax of two hundred fifty dollars under this section or section 12-223c for such income year shall not be subject to such additional tax. The increased amount of tax payable by any company under this subdivision, as determined in accordance with this subsection, shall become due and be paid, collected and enforced as provided in this chapter.

(5) With respect to income years commencing on or after January 1, 2006, and prior to January 1, 2007, the additional tax imposed on any company and calculated in accordance with subsection (a) of this section shall, for each such income year, except when the tax so calculated is equal to two hundred fifty dollars, be increased by adding thereto an amount equal to twenty per cent of the additional tax so calculated for such income year, without reduction of the tax so calculated by the amount of any credit against such tax. The increased amount of tax payable by any company under this section, as determined in accordance with this subsection, shall become due and be paid, collected and enforced as provided in this chapter.

[(6) With respect to income years commencing on or after January 1, 2007, and prior to January 1, 2008, the additional tax imposed on any company and calculated in accordance with subsection (a) of this section shall, for each such income year, except when the tax so calculated is equal to two hundred fifty dollars, be increased by adding thereto an amount equal to fifteen per cent of the additional tax so calculated for such income year, without reduction of the tax so calculated by the amount of any credit against such tax. The increased amount of tax payable by any company under this section, as determined in accordance with this subsection, shall become due and be paid, collected and enforced as provided in this chapter.]

Sec. 68. Section 12-264 of the 2006 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006*):

(a) Each (1) [Connecticut municipality or department or agency thereof, or Connecticut district, manufacturing, selling or distributing gas or electricity] municipality, or department or agency thereof, or district manufacturing, selling or distributing gas to be used for light, heat or power, [in this chapter and in chapter 212a called a "municipal utility",] (2) company the principal business of which is manufacturing, selling or distributing gas or steam to be used for light, heat or power, including each foreign municipal electric utility, as defined in section 12-59, and given authority to engage in business in this state pursuant to the provisions of section 16-246c\*, and (3) company required to register pursuant to section 16-258a shall pay a quarterly tax upon gross earnings from such operations in this state. Gross earnings from such operations under subdivisions (1) and (2) of this subsection shall include (A) all income classified as operating revenues by the Department of Public Utility Control in the uniform systems of accounts prescribed by said department for operations within the taxable quarter and, with respect to each such company, (B) all income classified in said uniform systems of accounts as income from merchandising, jobbing and contract work, (C) income from nonutility operations, (D) revenues from lease of physical property not devoted to utility operation, and (E) receipts from the sale of residuals and other by-products obtained in connection with the production of gas, electricity or steam. Gross earnings from such operations under subdivision (3) of this subsection shall be gross income from the sales of natural gas, provided gross income shall not include income from the sale of natural gas to an existing combined cycle facility comprised of three gas turbines providing electric generation services, as defined in section 16-1, as amended by this act, with a total capacity of seven hundred seventy-five megawatts, for use in the production of electricity. Gross earnings of a gas company, as defined in section 16-1, as amended by this act, shall not include income earned in a taxable quarter commencing prior to June 30, 2008, from the sale of natural gas or propane as a fuel for a motor vehicle. No deductions shall be allowed from such gross earnings for any commission, rebate or other payment, except a refund resulting from an error or overcharge and those specifically mentioned in section 12-265. Gross earnings of a company as described in subdivision (2) of this subsection shall not include income earned in any taxable quarter commencing on or after July 1, 2000, from the sale of steam.

(b) (1) Each such company and [municipal utility] municipality, or department or agency thereof, or district manufacturing, selling or distributing gas to be used for light, heat or power shall, on or before the last day of January, April, July and October of each year, render to the Commissioner of Revenue Services a return on forms prescribed or furnished by the commissioner and signed by its treasurer or the person performing the duties of treasurer, or by an authorized agent or officer, specifying (A) the name and location of such company or municipal utility, (B) the amount of gross earnings from

operations for the quarter ending with the last day of the preceding month, (C) the gross earnings from the sale or rental of appliances using water, steam, gas or electricity and the cost of such appliances sold, cost to be interpreted as net invoice price plus transportation costs of such appliances, (D) the gross earnings from all sales for resale of water, steam, gas and electricity, whether or not the purchasers are public service corporations, municipal utilities, located in the state or subject to the tax imposed by this chapter, (E) the number of miles of water or steam pipes, gas mains or electric wires operated by such company or municipal utility within this state on the first day and on the last day of the calendar year immediately preceding, and (F) the number of miles of water or steam pipes, gas mains or electric wires wherever operated by such company or municipal utility on said dates. Gas pipeline and gas transmission companies which do not manufacture or buy gas in this state for resale in this state shall be subject to the provisions of chapter 208 and shall not be subject to the provisions of this chapter and chapter 212a.

(2) No person, firm, corporation or municipality that is chartered or authorized by this state to transmit or sell gas within a franchise area shall transmit gas for any person that sells gas to be used for light, heat or power to an end user or users located in this state, unless such seller has registered with the Department of Revenue Services for purposes of the tax imposed under this chapter. The provisions of this subdivision shall not apply to the transmission of gas for any seller that is a gas company, as defined in section 16-1, as amended by this act, municipal gas utility established under chapter 101 or any other gas utility owned, leased, maintained, operated, managed or controlled by any unit of local government under any general statute or any public or special act, or a gas pipeline or gas transmission company subject to the provisions of chapter 208.

(3) The Commissioner of Revenue Services may make public the names and addresses of each person that sells gas to be used for light, heat or power to an end user or users located in this state and has registered with the Department of Revenue Services for purposes of the tax imposed under this chapter, and that is not a gas company, as defined in section 16-1, as amended by this act, a municipal gas utility established under chapter 101 or any other gas utility owned, leased, maintained, operated, managed or controlled by any unit of local government under any general statute or any public or special act, or a gas pipeline or gas transmission company subject to the provisions of chapter 208.

(c) (1) Each electric distribution company, as defined in section 16-1, as amended by this act, or municipality, or department or agency thereof, or district manufacturing, selling or distributing electricity to be used for light, heat or power, providing electric transmission services, as defined in said section 16-1, or electric distribution services, as defined in said section 16-1, shall pay a quarterly tax upon its gross earnings in each calendar quarter at the rate of (A) eight and one-half per cent of its gross earnings from

providing electric transmission services or electric distribution services allocable to other than residential service and (B) six and eight-tenths per cent of such gross earnings from providing electric transmission services or electric distribution services allocable to residential service.

(2) For purposes of this subsection, gross earnings from providing electric transmission services or electric distribution services shall include (A) all income classified as income from providing electric transmission services or electric distribution services by the Department of Public Utility Control in the uniform system of accounts prescribed by said department and (B) the competitive transition assessment collected pursuant to section 16-245g, other than any component of such assessment that constitutes transition property as to which an electric distribution company has no right, title or interest pursuant to subsection (a) of section 16-245h, the systems benefits charge collected pursuant to section 16-245l, as amended, and the assessments charged under sections 16-245m, as amended, and 16-245n, as amended. Such gross earnings shall not include income from providing electric transmission services or electric distribution services to a company described in subsection (c) of section 12-265, as amended by this act.

(3) Each electric distribution company and municipality, or department or agency thereof, or district manufacturing, selling or distributing electricity to be used for light, heat or power shall, on or before the last day of January, April, July and October of each year, render to the Commissioner of Revenue Services a return on forms prescribed or furnished by the commissioner and signed by its treasurer, or the person performing the duties of treasurer, or of an authorized agent or officer, with such other information as the Commissioner of Revenue Services deems necessary.

(d) The tax imposed by this chapter is due and payable to the Commissioner of Revenue Services quarterly on or before the last day of the month next succeeding each calendar quarter.

Sec. 69. Section 12-265 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006*):

(a) As used in this section (1) with regard to electric power, "sales for resale" include (A) sales of electric power capacity, (B) power output from such capacity, and (C) all transmission charges in conjunction with such sales on or after May 17, 1982, [and] (2) "net invoice price" means invoice price less trade discounts, and (3) "municipal utility" means a municipality, or department or agency thereof, or district manufacturing, selling or distributing gas or electricity to be used for light, heat or power.

(b) (1) Each company and municipal utility included in section 12-264, as amended by this act, other than an electric distribution company, as defined in section 16-1, as

amended by this act, included in subsection (c) of section 12-264, as amended by this act, and other than a municipality, or department or agency thereof, or district manufacturing, selling or distributing electricity to be used for light, heat or power, shall be taxed at the rate of five per cent upon the amount of gross earnings in each taxable quarter from operations, except as set forth in subsection (c) or (d) of this section and except that each company and municipal utility manufacturing, selling or distributing gas or electricity to be used for light, heat or power shall be taxed at the rate of four per cent upon the amount of gross earnings in each taxable quarter allocable to residential service, but deduction shall be made of gross earnings (A) from all sales for resale of water, steam, gas and electricity to public service corporations and municipal utilities, whether or not such purchasers are Connecticut public service corporations or Connecticut municipal utilities, and whether or not they are subject to the tax imposed by this chapter, (B) from any federal BTU energy tax included in adjustment clause and base-rate revenues, (C) from sales of appliances using water, steam, gas or electricity by each such company of the net invoice price plus transportation costs of such appliances, (D) of electric and gas companies, as defined in section 16-1, as amended by this act, from energy conservation loan programs, (E) from all sales for resale of gas to companies registered pursuant to section 16-258a, and (F) from all sales of natural gas to a user or entity located outside the state.

(2) Gross earnings for any taxable quarter, for the purposes of assessment and taxation, shall be as follows: (A) In the case of a company or municipal utility, other than a municipality, or department or agency thereof, or district manufacturing, selling or distributing electricity to be used for light, heat or power, carrying on business or operating entirely within this state, the amount of gross earnings from operations; (B) in the case of a company or municipal utility, other than a municipality, or department or agency thereof, or district manufacturing, selling or distributing electricity to be used for light, heat or power, carrying on business or operations a part of which is outside of this state, (i) such portion of the amount of gross earnings from operations determined under the provisions of section 12-264, as amended by this act, as is represented by the ratio of the number of miles of water or steam pipes, gas mains or electric wires operated by such company or municipal utility within this state on the first day and on the last day of the calendar year immediately preceding to the total number of miles of water or steam pipes, gas mains or electric wires operated by such company or municipal utility on said dates; or (ii) in the case of a company required to register pursuant to section 16-258a, such portion of the amount of gross earnings from operations determined under the provisions of section 12-264, as amended by this act, as is represented by the ratio of the sales in this state to end users during such quarter to the total sales everywhere to end users during such quarter.

(c) (1) The rate of tax on the sale, furnishing or distribution of electricity or natural gas for use directly by a company engaged in a manufacturing production process, in accordance with the Standard Industrial Classification Manual, United States Office of Management and Budget, 1987 edition, classifications 2000 to 3999, inclusive, or Sector 31, 32 or 33 in the North American Industrial Classification System United States Manual, United States Office of Management and Budget, 1997 edition, shall be four per cent with respect to calendar quarters commencing on or after January 1, 1994, and prior to January 1, 1995, three per cent with respect to calendar quarters commencing on or after January 1, 1995, and prior to January 1, 1996, and two per cent with respect to calendar quarters commencing on or after January 1, 1996, and prior to January 1, 1997. The sale, furnishing or distribution of electricity or natural gas for use by a company as provided in this subsection shall not be subject to the provisions of this chapter with respect to calendar quarters commencing on or after January 1, 1997. Not later than thirty days after May 19, 1993, and thirty days after the effective date of each rate decrease provided for in this section, each electric and gas public service company, as defined in section 16-1, as amended by this act, which does not have a proposed rate amendment under section 16-19 pending before the Department of Public Utility Control at such time, shall request the department to reopen the proceeding under section 16-19 on the company's most recent rate amendment, solely for the purpose of decreasing the company's rates to reflect the decreases required under this section. The department shall immediately reopen such proceedings, solely for such purpose.

(2) For purposes of this subsection, the sale, furnishing or distribution of natural gas for use as fuel in the operation of a cogeneration facility providing electricity or steam to a company engaged in a manufacturing production process described in subdivision (1) of this subsection shall be deemed to be a sale, furnishing or distribution of natural gas for use directly by such company in such process where such cogeneration facility is located entirely on the premises owned or controlled by such company, whether or not the cogeneration facility is owned or operated by such company.

(d) The rate of tax on the sale, furnishing or distribution of steam for use by a company, as described in subdivision (2) of subsection (a) of section 12-264, as amended by this act, shall be: (1) Four per cent with respect to calendar quarters commencing on or after July 1, 1996, and prior to July 1, 1997; (2) three per cent with respect to calendar quarters commencing on or after July 1, 1997, and prior to July 1, 1998; (3) two per cent with respect to calendar quarters commencing on or after July 1, 1998, and prior to July 1, 1999; and (4) one per cent with respect to calendar quarters commencing on or after July 1, 1999, and prior to July 1, 2000. The sale, furnishing or distribution of steam as provided in this subsection shall not be subject to the provisions of this chapter with respect to calendar quarters commencing on or after July 1, 2000.

Sec. 70. Subdivision (1) of subsection (a) of section 12-213 of the 2006 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006*):

(1) "Taxpayer" and "company" mean any corporation, foreign municipal electric utility, as defined in section 12-59, electric distribution company, as defined in section 16-1, as amended, electric supplier, as defined in section 16-1, as amended, generation entity or affiliate, as defined in section 16-1, as amended, joint stock company or association or any fiduciary thereof and any dissolved corporation which continues to conduct business but does not include a passive investment company or municipal utility, as defined in [chapter 212 and chapter 212a] section 12-265, as amended by this act.

Sec. 71. Section 12-268a of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006*):

If the method of apportionment provided for in section 12-251, section 12-258 or section 12-265 unfairly attributes to this state an undue proportion of its business activity, a company or municipal utility, as defined in section 12-265, as amended by this act, may petition for an alternate method of apportionment by filing with its return to the commissioner a statement of its objections and of such proposed other method of apportionment as it believes proper and equitable under the circumstances, accompanied by supporting details and proofs. The commissioner, within a reasonable time thereafter, shall notify the company or municipal utility whether the proposed method is accepted as reasonable and equitable and, if so accepted, shall adjust the return and tax accordingly. With respect to any company [or municipal utility] included in section 12-249, section 12-256 or section 12-264, as amended by this act, or municipal utility, as defined in section 12-265, as amended by this act, the commissioner, at any time within three years after the filing by it of a return based on the method of apportionment provided for in section 12-249, section 12-258 or section 12-265, as amended by this act, may change such method if, in his opinion, such method has operated or will operate so as to subject the company or municipal utility to taxation on a lesser portion of its business activity than is properly and equitably attributable to this state, and shall thereupon proceed to assess and collect taxes in accordance with such method as so changed by him.

Sec. 72. Subdivision (1) of subsection (a) of section 12-268c of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006*):

(a) (1) Any company [or municipal utility] included in section 12-249, 12-256 or 12-264, as amended by this act, or municipal utility, as defined in section 12-265, as amended by this act, believing that it has overpaid any taxes due under the provisions of chapter 210, 211 or 212 may file a claim for refund in writing with the commissioner

within three years from the due date for which such overpayment was made, stating the specific grounds upon which the claim is founded. Failure to file a claim within the time prescribed in this section constitutes a waiver of any demand against the state on account of overpayment. Not later than ninety days following receipt of such claim for refund, the commissioner shall determine whether such claim is valid and, if so, said commissioner shall notify the State Comptroller of the amount of such refund and the State Comptroller shall draw an order on the State Treasurer in the amount thereof for payment to such company or municipal utility. If the commissioner determines that such claim is not valid, either in whole or in part, he shall mail notice of the proposed disallowance in whole or in part of the claim to the claimant, which notice shall set forth briefly the commissioner's findings of fact and the basis of disallowance in each case decided in whole or in part adversely to the claimant. Sixty days after the date on which it is mailed, a notice of proposed disallowance shall constitute a final disallowance except only for such amounts as to which the taxpayer filed, as provided in subdivision (2) of this subsection, a written protest with the commissioner.

Sec. 73. Subsection (a) of section 12-268d of the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006*):

(a) If any company [or municipal utility] included in section 12-249, section 12-256 or section 12-264, as amended by this act, or municipal utility, as defined in section 12-265, as amended by this act, fails to pay the amount of tax reported to be due on its return within the time specified under the provisions of chapter 210, 211, 212 or this chapter, there shall be imposed a penalty equal to ten per cent of such amount due and unpaid, or fifty dollars, whichever is greater. Such amount shall bear interest at the rate of one per cent per month or fraction thereof, from the due date of such tax until the date of payment.

Sec. 74. Subdivisions (76) and (77) of section 12-412 of the 2006 supplement to the general statutes are repealed and the following is substituted in lieu thereof (*Effective July 1, 2006*):

(76) Sales of and the storage, use or other consumption of repair or replacement parts exclusively for use (A) [(i)] in aircraft, [owned or leased by a certificated air carrier or (ii) in aircraft having a maximum certificated takeoff weight of six thousand pounds or more] or (B) in the significant overhauling or rebuilding of aircraft or aircraft parts or components on a factory basis.

(77) Sales of aircraft repair services when such services are rendered in connection with (A) [(i)] aircraft, [owned or leased by a certificated air carrier or (ii) aircraft having a maximum certificated takeoff weight of six thousand pounds or more] or (B) the significant overhauling or rebuilding of aircraft or aircraft parts or components on a factory basis.

Sec. 75. Section 12-541 of the general statutes is repealed and the following is substituted in lieu thereof (*Effective from passage and applicable to admission charges imposed on or after April 1, 2006*):

(a) There is hereby imposed a tax of ten per cent of the admission charge to any place of amusement, entertainment or recreation, except that no tax shall be imposed with respect to any admission charge (1) when the admission charge is less than one dollar or, in the case of any motion picture show, when the admission charge is not more than five dollars, (2) when a daily admission charge is imposed which entitles the patron to participate in an athletic or sporting activity, (3) to any event, other than events held at the stadium facility, as defined in section 32-651, all of the proceeds from which inure exclusively to an entity which is exempt from federal income tax under the Internal Revenue Code, provided such entity actively engages in and assumes the financial risk associated with the presentation of such event, (4) to any event, other than events held at the stadium facility, as defined in section 32-651, which in the opinion of the commissioner, is conducted primarily to raise funds for an entity which is exempt from federal income tax under the Internal Revenue Code, provided the commissioner is satisfied that the net profit which inures to such entity from such event will exceed the amount of the admissions tax which, but for this subdivision, would be imposed upon the person making such charge to such event, (5) to (A) any event at the Hartford Civic Center, the New Haven Coliseum, New Britain Beehive Stadium, New Britain Stadium, effective for events occurring on or after the date such stadium was placed in service, New Britain Veterans Memorial Stadium, Bridgeport Harbor Yard Stadium, Stafford Motor Speedway, Lime Rock Park, Thompson Speedway and Waterford Speedbowl, facilities owned or managed by the Tennis Foundation of Connecticut or any successor organization, the William A. O'Neill Convocation Center, [or] the Connecticut Exposition Center, Nature's Art, or, commencing on or after November 1, 2006, Dodd Stadium or the Arena at Harbor Yard, and (B) games of the New Britain Rock Cats, New Haven Ravens or the Waterbury Spirit, (6) other than for events held at the stadium facility, as defined in section 32-651, paid by centers of service for elderly persons, as described in subdivision (d) of section 17b-425, (7) to any production featuring live performances by actors or musicians presented at Gateway's Candlewood Playhouse, Ocean Beach Park or any nonprofit theater or playhouse in the state, provided such theater or playhouse possesses evidence confirming exemption from federal tax under Section 501 of the Internal Revenue Code, (8) to any carnival or amusement ride, or (9) if the admission charge would have been subject to tax under the provisions of section 12-542 of the general statutes, revision of 1958, revised to January 1, 1999. On and after July 1, 2000, the tax imposed under this section on any motion picture show shall be eight per cent of the admission charge and, on and after July 1, 2001, the tax imposed on any such motion picture show shall be six per cent of such charge.

(b) The tax shall be imposed upon the person making such charge and reimbursement for the tax shall be collected by such person from the purchase. Such reimbursement, termed "tax", shall be paid by the purchaser to the person making the admission charge. Such tax, when added to the admission charge, shall be a debt from the purchaser to the person making the admission charge and shall be recoverable at law. The amount of tax reimbursement, when so collected, shall be deemed to be a special fund in trust for the state of Connecticut.

Sec. 76. Subparagraph (B) of subdivision (20) of subsection (a) of section 12-701 of the 2006 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006, and applicable to taxable years commencing on or after January 1, 2006*):

(B) There shall be subtracted therefrom (i) to the extent properly includable in gross income for federal income tax purposes, any income with respect to which taxation by any state is prohibited by federal law, (ii) to the extent allowable under section 12-718, exempt dividends paid by a regulated investment company, (iii) the amount of any refund or credit for overpayment of income taxes imposed by this state, or any other state of the United States or a political subdivision thereof, or the District of Columbia, to the extent properly includable in gross income for federal income tax purposes, (iv) to the extent properly includable in gross income for federal income tax purposes and not otherwise subtracted from federal adjusted gross income pursuant to clause (x) of this subparagraph in computing Connecticut adjusted gross income, any tier 1 railroad retirement benefits, (v) to the extent any additional allowance for depreciation under Section 168(k) of the Internal Revenue Code, as provided by Section 101 of the Job Creation and Worker Assistance Act of 2002, for property placed in service after December 31, 2001, but prior to September 10, 2004, was added to federal adjusted gross income pursuant to subparagraph (A) (ix) of this subdivision in computing Connecticut adjusted gross income for a taxable year ending after December 31, 2001, twenty-five per cent of such additional allowance for depreciation in each of the four succeeding taxable years, (vi) to the extent properly includable in gross income for federal income tax purposes, any interest income from obligations issued by or on behalf of the state of Connecticut, any political subdivision thereof, or public instrumentality, state or local authority, district or similar public entity created under the laws of the state of Connecticut, (vii) to the extent properly includable in determining the net gain or loss from the sale or other disposition of capital assets for federal income tax purposes, any gain from the sale or exchange of obligations issued by or on behalf of the state of Connecticut, any political subdivision thereof, or public instrumentality, state or local authority, district or similar public entity created under the laws of the state of Connecticut, in the income year such gain was recognized, (viii) any interest on indebtedness incurred or continued to purchase or carry obligations or securities the interest on which is subject to tax under this chapter but exempt from federal income

tax, to the extent that such interest on indebtedness is not deductible in determining federal adjusted gross income and is attributable to a trade or business carried on by such individual, (ix) ordinary and necessary expenses paid or incurred during the taxable year for the production or collection of income which is subject to taxation under this chapter but exempt from federal income tax, or the management, conservation or maintenance of property held for the production of such income, and the amortizable bond premium for the taxable year on any bond the interest on which is subject to tax under this chapter but exempt from federal income tax, to the extent that such expenses and premiums are not deductible in determining federal adjusted gross income and are attributable to a trade or business carried on by such individual, (x) (I) for a person who files a return under the federal income tax as an unmarried individual whose federal adjusted gross income for such taxable year is less than fifty thousand dollars, or as a married individual filing separately whose federal adjusted gross income for such taxable year is less than fifty thousand dollars, or for a husband and wife who file a return under the federal income tax as married individuals filing jointly whose federal adjusted gross income for such taxable year is less than sixty thousand dollars or a person who files a return under the federal income tax as a head of household whose federal adjusted gross income for such taxable year is less than sixty thousand dollars, an amount equal to the Social Security benefits includable for federal income tax purposes; and (II) for a person who files a return under the federal income tax as an unmarried individual whose federal adjusted gross income for such taxable year is fifty thousand dollars or more, or as a married individual filing separately whose federal adjusted gross income for such taxable year is fifty thousand dollars or more, or for a husband and wife who file a return under the federal income tax as married individuals filing jointly whose federal adjusted gross income from such taxable year is sixty thousand dollars or more or for a person who files a return under the federal income tax as a head of household whose federal adjusted gross income for such taxable year is sixty thousand dollars or more, an amount equal to the difference between the amount of Social Security benefits includable for federal income tax purposes and the lesser of twenty-five per cent of the Social Security benefits received during the taxable year, or twenty-five per cent of the excess described in Section 86(b)(1) of the Internal Revenue Code, (xi) to the extent properly includable in gross income for federal income tax purposes, any amount rebated to a taxpayer pursuant to section 12-746, (xii) to the extent properly includable in the gross income for federal income tax purposes of a designated beneficiary, any distribution to such beneficiary from any qualified state tuition program, as defined in Section 529(b) of the Internal Revenue Code, established and maintained by this state or any official, agency or instrumentality of the state, (xiii) to the extent allowable under section 78 of this act, contributions to accounts established pursuant to any qualified state tuition program, as defined in Section 529(b) of the Internal Revenue Code, established and maintained by this state or any official, agency or instrumentality of the state, (xiv) to the extent properly includable in gross

income for federal income tax purposes, the amount of any Holocaust victims' settlement payment received in the taxable year by a Holocaust victim, and [(xiv)] (xv) to the extent properly includable in gross income for federal income tax purposes of an account holder, as defined in section 31-51ww, interest earned on funds deposited in the individual development account, as defined in section 31-51ww, of such account holder.

Sec. 77. Subparagraph (B) of subdivision (20) of subsection (a) of section 12-701 of the 2006 supplement to the general statutes, as amended by section 71 of public act 05-221, is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006, and applicable to taxable years commencing on or after January 1, 2008*):

(B) There shall be subtracted therefrom (i) to the extent properly includable in gross income for federal income tax purposes, any income with respect to which taxation by any state is prohibited by federal law, (ii) to the extent allowable under section 12-718, exempt dividends paid by a regulated investment company, (iii) the amount of any refund or credit for overpayment of income taxes imposed by this state, or any other state of the United States or a political subdivision thereof, or the District of Columbia, to the extent properly includable in gross income for federal income tax purposes, (iv) to the extent properly includable in gross income for federal income tax purposes and not otherwise subtracted from federal adjusted gross income pursuant to clause (x) of this subparagraph in computing Connecticut adjusted gross income, any tier 1 railroad retirement benefits, (v) to the extent any additional allowance for depreciation under Section 168(k) of the Internal Revenue Code, as provided by Section 101 of the Job Creation and Worker Assistance Act of 2002, for property placed in service after December 31, 2001, but prior to September 10, 2004, was added to federal adjusted gross income pursuant to subparagraph (A)(ix) of this subdivision in computing Connecticut adjusted gross income for a taxable year ending after December 31, 2001, twenty-five per cent of such additional allowance for depreciation in each of the four succeeding taxable years, (vi) to the extent properly includable in gross income for federal income tax purposes, any interest income from obligations issued by or on behalf of the state of Connecticut, any political subdivision thereof, or public instrumentality, state or local authority, district or similar public entity created under the laws of the state of Connecticut, (vii) to the extent properly includable in determining the net gain or loss from the sale or other disposition of capital assets for federal income tax purposes, any gain from the sale or exchange of obligations issued by or on behalf of the state of Connecticut, any political subdivision thereof, or public instrumentality, state or local authority, district or similar public entity created under the laws of the state of Connecticut, in the income year such gain was recognized, (viii) any interest on indebtedness incurred or continued to purchase or carry obligations or securities the interest on which is subject to tax under this chapter but exempt from federal income tax, to the extent that such interest on indebtedness is not deductible in determining

federal adjusted gross income and is attributable to a trade or business carried on by such individual, (ix) ordinary and necessary expenses paid or incurred during the taxable year for the production or collection of income which is subject to taxation under this chapter but exempt from federal income tax, or the management, conservation or maintenance of property held for the production of such income, and the amortizable bond premium for the taxable year on any bond the interest on which is subject to tax under this chapter but exempt from federal income tax, to the extent that such expenses and premiums are not deductible in determining federal adjusted gross income and are attributable to a trade or business carried on by such individual, (x) (I) for a person who files a return under the federal income tax as an unmarried individual whose federal adjusted gross income for such taxable year is less than fifty thousand dollars, or as a married individual filing separately whose federal adjusted gross income for such taxable year is less than fifty thousand dollars, or for a husband and wife who file a return under the federal income tax as married individuals filing jointly whose federal adjusted gross income for such taxable year is less than sixty thousand dollars or a person who files a return under the federal income tax as a head of household whose federal adjusted gross income for such taxable year is less than sixty thousand dollars, an amount equal to the Social Security benefits includable for federal income tax purposes; and (II) for a person who files a return under the federal income tax as an unmarried individual whose federal adjusted gross income for such taxable year is fifty thousand dollars or more, or as a married individual filing separately whose federal adjusted gross income for such taxable year is fifty thousand dollars or more, or for a husband and wife who file a return under the federal income tax as married individuals filing jointly whose federal adjusted gross income from such taxable year is sixty thousand dollars or more or for a person who files a return under the federal income tax as a head of household whose federal adjusted gross income for such taxable year is sixty thousand dollars or more, an amount equal to the difference between the amount of Social Security benefits includable for federal income tax purposes and the lesser of twenty-five per cent of the Social Security benefits received during the taxable year, or twenty-five per cent of the excess described in Section 86(b)(1) of the Internal Revenue Code, (xi) to the extent properly includable in gross income for federal income tax purposes, any amount rebated to a taxpayer pursuant to section 12-746, (xii) to the extent properly includable in the gross income for federal income tax purposes of a designated beneficiary, any distribution to such beneficiary from any qualified state tuition program, as defined in Section 529(b) of the Internal Revenue Code, established and maintained by this state or any official, agency or instrumentality of the state, (xiii) to the extent allowable under section 78 of this act, contributions to accounts established pursuant to any qualified state tuition program, as defined in Section 529(b) of the Internal Revenue Code, established and maintained by this state or any official, agency or instrumentality of the state, (xiv) to the extent properly includable in gross income for federal income tax purposes, the amount of any Holocaust victims'

settlement payment received in the taxable year by a Holocaust victim, [(xiv)] (xv) to the extent properly includable in gross income for federal income tax purposes of an account holder, as defined in section 31-51ww, interest earned on funds deposited in the individual development account, as defined in section 31-51ww, of such account holder, and [(xv)] (xvi) to the extent properly included in gross income for federal income tax purposes, fifty per cent of the income received from the United States government as retirement pay for a retired member of (I) the Armed Forces of the United States, as defined in Section 101 of Title 10 of the United States Code, or (II) the National Guard, as defined in Section 101 of Title 10 of the United States Code.

Sec. 78. (NEW) (*Effective July 1, 2006, and applicable to taxable years commencing on or after January 1, 2006*) The maximum annual modification under subparagraph (B)(xiii) of subdivision (20) of subsection (a) of section 12-701 of the 2006 supplement of the general statutes, as amended by this act, shall be equal to the amount of contributions to all accounts established pursuant to any qualified state tuition program, as defined in Section 529(b) of the Internal Revenue Code, established and maintained by this state or any official, agency or instrumentality of the state, but shall not exceed five thousand dollars for each individual taxpayer, or ten thousand dollars for taxpayers filing a joint return. Any amount of a contribution that is not subtracted by the taxpayer in the year for which the contribution is made, on or after January 1, 2006, may be carried forward as a subtraction from income for the succeeding five years; provided the amount subtracted shall not exceed the maximum allowed in each subsequent taxable year.

Sec. 79. Subsection (b) of section 12-704c of the 2006 supplement to the general statutes is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006, and applicable to taxable years commencing on or after January 1, 2006*):

(b) The credit allowed under this section shall not exceed two hundred fifteen dollars for the taxable year commencing on or after January 1, 1997, and prior to January 1, 1998; for taxable years commencing on or after January 1, 1998, but prior to January 1, 1999, three hundred fifty dollars; for taxable years commencing on or after January 1, 1999, but prior to January 1, 2000, four hundred twenty-five dollars; for taxable years commencing on or after January 1, 2000, but prior to January 1, 2003, five hundred dollars; for taxable years commencing on or after January 1, 2003, three hundred fifty dollars; for taxable years commencing on or after January 1, 2005, but prior to January 1, 2006, three hundred fifty dollars; and for taxable years commencing on or after January 1, 2006, [four] five hundred dollars. In the case of any husband and wife who file a return under the federal income tax for such taxable year as married individuals filing a joint return, the credit allowed, in the aggregate, shall not exceed such amounts for each such taxable year.

Sec. 80. (NEW) (*Effective July 1, 2006, and applicable to income years commencing on or after January 1, 2006*) (a) As used in this section:

(1) "Commissioner" means the Commissioner of Economic and Community Development;

(2) "Relocation to Connecticut" or "relocation" means the taxpayer creating the new job shall not have been conducting business in Connecticut prior to the taxpayer's application to the commissioner for an eligibility certificate under this section;

(3) "Income year" means, with respect to entities subject to the insurance premiums tax under chapter 207 of the general statutes, the corporation business tax under chapter 208 of the general statutes or the utilities company tax under chapter 212 of the general statutes, the income year as determined under each of said chapters 207, 208 and 212, as the case may be;

(4) "Taxpayer" means a person subject to tax under chapter 207, 208 or 212 of the general statutes who was not conducting business in Connecticut prior to relocation to Connecticut;

(5) "New job" means a full-time job which (A) did not exist in this state prior to a taxpayer's application to the commissioner for an eligibility certificate under this section for a job creation credit, and (B) is filled by a new employee;

(6) "New employee" means a person hired by the taxpayer to fill a new full-time job. A new employee does not include a person who was employed in Connecticut by a related person with respect to the taxpayer during the prior twelve months;

(7) "Full-time job" means a job in which an employee is required to work at least thirty-five or more hours per week. A full-time job does not include a temporary or seasonal job;

(8) "Related person" means (A) a corporation, limited liability company, partnership, association or trust controlled by the taxpayer, (B) an individual, corporation, limited liability company, partnership, association or trust that is in control of the taxpayer, (C) a corporation, limited liability company, partnership, association or trust controlled by an individual, corporation, limited liability company, partnership, association or trust that is in control of the taxpayer, or (D) a member of the same controlled group as the taxpayer; and

(9) "Control", with respect to a corporation, means ownership, directly or indirectly, of stock possessing fifty per cent or more of the total combined voting power of all classes of the stock of such corporation entitled to vote. "Control", with respect to a trust, means ownership, directly or indirectly, of fifty per cent or more of the beneficial interest in the

principal or income of such trust. The ownership of stock in a corporation, of a capital or profits interest in a partnership, limited liability company or association or of a beneficial interest in a trust shall be determined in accordance with the rules for constructive ownership of stock provided in Section 267(c) of the Internal Revenue Code of 1986, or any subsequent corresponding internal revenue code of the United States, as from time to time amended, other than paragraph (3) of said Section 267(c).

(b) (1) There is established a jobs creation tax credit program whereby a taxpayer who creates at least fifty new jobs pursuant to a relocation to Connecticut may be allowed a credit against the tax imposed under chapter 207, 208 or 212 of the general statutes, in an amount up to twenty-five per cent of the income tax deducted and withheld from the wages of new employees and paid over to the state pursuant to chapter 229 of the general statutes.

(2) For each new employee, credits may be granted for five successive years.

(3) The credit shall be claimed in the income year in which it is earned. Any credits not used in a tax year shall expire.

(c) Any taxpayer planning to relocate to Connecticut and claim a credit under the provisions of this section shall apply to the commissioner in accordance with the provisions of this section. The application shall be on a form provided by the commissioner, and shall contain sufficient information concerning the nature of the relocation, including a detailed description of the type of business, the number of new jobs to be created, feasibility studies or business plans for the relocation, projected state and local revenue that might derive as a result of the relocation and other information necessary to demonstrate the financial viability of the relocation and that there will be net benefits to the economy of the municipality and the state. The commissioner shall impose a fee for such application as the commissioner deems appropriate.

(d) The commissioner shall determine whether (1) the taxpayer making the application is eligible for the tax credit, and (2) the proposed relocation (A) is economically viable only with use of the tax credit, and (B) would provide a net benefit to economic development and employment opportunities in the state. The commissioner may require the applicant to submit such additional information as may be necessary to evaluate the application.

(e) (1) The commissioner, upon consideration of the application and any additional information the commissioner requires concerning a proposed relocation, may approve the credit application, in whole or in part, if the commissioner concludes that the relocation is economically viable only with the use of the tax credit and that the revenue generated due to economic development and employment opportunities created in the state exceeds the credit and any other credits to be taken. If the commissioner

disapproves an application, the commissioner shall specifically identify the defects in the application and specifically explain the reasons for the disapproval. The commissioner shall render a decision on an application not later than ninety days after the date of its receipt by the commissioner.

(2) The total amount of credits granted to all taxpayers shall not exceed ten million dollars in any one fiscal year.

(3) A credit under this section may be granted to a taxpayer for not more than five successive income years.

(4) The commissioner may combine approval of a credit application with the exercise of any of the commissioner's other powers, including, but not limited to, the provision of other forms of financial assistance.

(f) Upon approving a taxpayer's credit application, the commissioner shall issue a credit allocation notice certifying that the credits will be available to be claimed by the taxpayer if the taxpayer otherwise meets the requirements of this section. No later than thirty days after the close of the taxpayer's income year, the taxpayer shall provide information to the commissioner regarding the number of new jobs created for the year and the income tax deducted and withheld from the wages of such new employees and paid over to the state for such year. The commissioner shall issue a certificate of eligibility that includes the taxpayer's name, the number of new jobs created, and the amount of the credit certified for the year. The certificate shall be issued by the commissioner sixty days after the close of the taxpayer's income year or thirty days after the information is provided, whichever comes first.

(g) The commissioner shall, upon request, provide a copy of the certificate of eligibility issued under subsection (f) of this section to the Commissioner of Revenue Services.

(h) (1) If (A) the number of new employees on account of which a taxpayer claimed the credit allowed by this section decreases to less than the number for which the commissioner issued an eligibility certificate during any of the four years succeeding the first full income year following the issuance of an eligibility certificate, and (B) those employees are not replaced by other employees who have not been shifted from an existing location of the taxpayer or a related person in this state, the taxpayer shall be required to recapture a percentage of the credit allowed under this section on its tax return, as determined under the provisions of subdivision (2) of this subsection. The commissioner shall provide notice of the required recapture amount to both the taxpayer and the Commissioner of Revenue Services.

(2) If the taxpayer is required under the provisions of subdivision (1) of this subsection to recapture a portion of the credit during (A) the first of such four years, then ninety per cent of the credit allowed shall be recaptured on the tax return required to be filed for such year, (B) the second of such four years, then sixty-five per cent of the credit allowed for the entire period of eligibility shall be recaptured on the tax return required to be filed for such year, (C) the third of such four years, then fifty per cent of the credit allowed for the entire period of eligibility shall be recaptured on the tax return required to be filed for such year, (D) the fourth of such four years, then thirty per cent of the credit allowed for the entire period of eligibility shall be recaptured on the tax return required to be filed for such year.

Sec. 81. (NEW) (*Effective July 1, 2006, and applicable to income years commencing on or after January 1, 2006*) (a) For the purposes of this section:

(1) "Displaced worker" means any person employed in Connecticut whose (A) position was terminated by his or her former employer as a direct result of a business restructuring in which the positions of at least ten persons employed in Connecticut by the former employer were terminated, and (B) wages or salary for the first twelve months of his or her new employment are at least seventy-five per cent of the displaced worker's previous annual wages or salary. "Displaced worker" shall not include any person whose former employer is, or was at the time of termination of the position, a related person with respect to the taxpayer;

(2) "Related person" means (A) a corporation, limited liability company, partnership, association or trust controlled by the taxpayer, (B) an individual, corporation, limited liability company, partnership, association or trust that is in control of the taxpayer, (C) a corporation, limited liability company, partnership, association or trust controlled by an individual, corporation, limited liability company, partnership, association or trust that is in control of the taxpayer, or (D) a member of the same controlled group as the taxpayer;

(3) "Control", with respect to a corporation, means ownership, directly or indirectly, of stock possessing fifty per cent or more of the total combined voting power of all classes of the stock of such corporation entitled to vote. "Control", with respect to a trust, means ownership, directly or indirectly, of fifty per cent or more of the beneficial interest in the principal or income of such trust. The ownership of stock in a corporation, of a capital or profits interest in a partnership, limited liability company, or association or of a beneficial interest in a trust shall be determined in accordance with the rules for constructive ownership of stock provided in Section 267(c) of the Internal Revenue Code of 1986, or any subsequent corresponding internal revenue code of the United States, as from time to time amended, other than paragraph (3) of said Section 267(c).

(b) There shall be allowed a credit against the insurance premiums tax imposed under chapter 207 of the general statutes, the corporation business tax imposed under chapter 208 of the general statutes, or the utilities company tax imposed under chapter 212 of the general statutes, as provided in subsections (c) and (d) of this section with respect to each displaced worker hired by a taxpayer on or after January 1, 2006.

(c) The amount of the credit shall be one thousand five hundred dollars with respect to each displaced worker hired by a taxpayer on or after January 1, 2006. The credit shall be allowed for the income year during which such displaced worker first completes twelve full months of full-time employment with the taxpayer.

(d) The amount of credit allowed any taxpayer under this section for any income year shall not exceed the amount of tax due from such taxpayer under chapter 207, 208 or 212 of the general statutes with respect to such income year. The credit allowed under this section shall be taken only once with respect to any displaced worker. No taxpayer may claim the credit under this section and under section 12-217bb of the general statutes, for the same displaced worker.

Sec. 82. (NEW) (*Effective July 1, 2006, and applicable to income years commencing on or after January 1, 2006*) (a) As used in this section, the following terms shall have the following meanings unless the context clearly indicates another meaning:

(1) "Commission" means the Connecticut Commission on Culture and Tourism established pursuant to section 10-392 of the general statutes;

(2) "Certified historic structure" means an historic commercial or industrial property that: (A) Is listed individually on the National or State Register of Historic Places, or (B) is located in a district listed on the National or State Register of Historic Places, and has been certified by the commission as contributing to the historic character of such district;

(3) "Certified rehabilitation" means any rehabilitation of a certified historic structure for residential use consistent with the historic character of such property or the district in which the property is located as determined by regulations adopted by the commission;

(4) "Owner" means any person, firm, limited liability company, nonprofit or for-profit corporation or other business entity which possesses title to an historic structure and undertakes the rehabilitation of such structure;

(5) "Placed in service" means that substantial rehabilitation work has been completed which would allow for issuance of a certificate of occupancy for the entire building or, in projects completed in phases, for individual residential units that are an identifiable portion of the building;

(6) "Qualified rehabilitation expenditures" means any costs incurred for the physical construction involved in the rehabilitation of a certified historic structure for residential use, excluding: (A) The owner's personal labor, (B) the cost of a new addition, except as required to comply with any provision of the State Building Code or the State Fire Safety Code, and (C) any nonconstruction cost such as architectural fees, legal fees and financing fees;

(7) "Rehabilitation plan" means any construction plans and specifications for the proposed rehabilitation of a certified historic structure in sufficient detail for evaluation by compliance with the standards developed under the provisions of subsections (b) to (d), inclusive, of this section; and

(8) "Substantial rehabilitation" or "substantially rehabilitate" means the qualified rehabilitation expenditures of a certified historic structure that exceed twenty-five per cent of the assessed value of such structure.

(b) (1) The commission shall administer a system of tax credit vouchers within the resources, requirements and purposes of this section for owners rehabilitating certified historic structures.

(2) The credit authorized by this section shall be available in the tax year in which the substantially rehabilitated certified historic structure is placed in service. In the case of projects completed in phases, the tax credit shall be prorated to the substantially rehabilitated identifiable portion of the building placed in service. If the tax credit is more than the amount owed by the taxpayer for the year in which the substantially rehabilitated certified historic structure is placed in service, the amount that is more than the taxpayer's tax liability may be carried forward and credited against the taxes imposed for the succeeding five years or until the full credit is used, whichever occurs first.

(3) Any credits allowed under this section that are provided to multiple owners of certified historic structures shall be passed through to persons designated as partners, members or owners, pro rata or pursuant to an agreement among such persons designated as partners, members or owners documenting an alternative distribution method without regard to other tax or economic attributes of such entity. Any owner entitled to a credit under this section may assign, transfer or convey the credits, in whole or in part, by sale or otherwise to any individual or entity and such transferee shall be entitled to offset the tax imposed under chapter 207, 208, 209, 210, 211 or 212 of the general statutes as if such transferee had incurred the qualified rehabilitation expenditure.

(c) The commission shall develop standards for the approval of rehabilitation of certified historic structures for which a tax credit voucher is sought. Such standards

shall take into account whether the rehabilitation of a certified historic structure will preserve the historic character of the building.

(d) The commission shall adopt regulations, in accordance with chapter 54 of the general statutes, to carry out the purposes of this section. Such regulations shall include provisions for filing of applications, rating criteria and for timely approval by the commission.

(e) Prior to beginning any rehabilitation work on a certified historic structure, the owner shall submit (1) a rehabilitation plan to the commission for a determination of whether or not such rehabilitation work meets the standards developed under the provisions of subsections (b) to (d), inclusive, of this section, and (2) an estimate of the qualified rehabilitation expenditures. The provisions of this subsection shall not disqualify applications for tax credits for certified historic structures for which rehabilitation commenced but were not placed in service before the effective date of this section.

(f) If the commission certifies that the rehabilitation plan conforms to the standards developed under the provisions of subsections (b) to (d), inclusive, of this section, the commission shall reserve for the benefit of the owner an allocation for a tax credit equivalent to twenty-five per cent of the projected qualified rehabilitation expenditures, not exceeding two million seven hundred thousand dollars.

(g) Following the completion of rehabilitation of a certified historic structure, the owner shall notify the commission that such rehabilitation has been completed. The owner shall provide the commission with documentation of work performed on the certified historic structure and shall submit certification of the costs incurred in rehabilitating the certified historic structure. The commission shall review such rehabilitation and verify its compliance with the rehabilitation plan. Following such verification, the commission shall issue a tax credit voucher to the owner rehabilitating the certified historic structure or to the taxpayer named by the owner as contributing to the rehabilitation. The tax credit voucher shall be in an amount equivalent to the lesser of the tax credit reserved upon certification of the rehabilitation plan under the provisions of subsection (f) of this section or twenty-five per cent of the actual qualified rehabilitation expenditures not exceeding two million seven hundred thousand dollars. In order to obtain a credit against any state tax due that is specified in subsections (h) to (k), inclusive, of this section, the holder of the tax credit voucher shall file the voucher with the holder's state tax return.

(h) The Commissioner of Revenue Services shall grant a tax credit to a taxpayer holding the tax credit voucher issued under subsections (e) to (i), inclusive, of this section against any tax due under chapter 207, 208, 209, 210, 211 or 212 of the general

statutes in the amount specified in the tax credit voucher. Such taxpayer shall submit the voucher and the corresponding tax return to the Department of Revenue Services.

(i) The aggregate amount of all tax credits which may be reserved by the commission upon certification of rehabilitation plans under subsections (b) to (d), inclusive, of this section shall not exceed fifteen million dollars in any one fiscal year.

(j) The commission may charge an application fee in an amount not to exceed ten thousand dollars to cover the cost of administering the program established pursuant to this section.

Sec. 83. Section 20 of public act 06-83 is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006, and applicable to income years commencing on or after January 1, 2006*):

(a) As used in this section:

(1) "Commissioner" means the Commissioner of Revenue Services.

(2) "Commission" means the Connecticut Commission on Culture and Tourism.

(3) "Qualified production" means the process of producing any type of entertainment content which shall include motion pictures; documentaries; long-form, specials, mini-series, series, music videos and interstitials television programming; interactive television; interactive games; videogames; commercials; infomercials; any format of digital media created primarily for distribution or exhibition to the general public; and any trailer, pilot, video teaser or demo created primarily to stimulate the sale, marketing, promotion or exploitation of future investment in either a product or a qualified production via any means and media in any digital media format, film or videotape, provided such program meets all the underlying criteria of a qualified production. "Qualified production" shall not include (A) any ongoing program created primarily as news, weather or financial market reports, [except for an initial pilot, demo or prototype presentation or informational series programming relating to any qualified production,] or (B) any production containing [obscene material or performances for which records are required to be maintained with respect to any performer in such production pursuant to 18 USC 2257] any material or performance that is obscene, as defined in section 53a-193.

(4) "Eligible production company" means a corporation, partnership, limited liability company, or other business entity engaged in the business of producing qualified productions on a one-time or ongoing basis, and qualified by the Secretary of the State to engage in business in the state.

(5) "Production expenses or costs" means all [cash] expenditures clearly and demonstrably incurred in the state in the development, preproduction, production or postproduction costs of a qualified production, including:

(A) Expenditures for optioning or purchase of any intellectual property including, but not limited to, books, scripts, music or trademarks relating to the development or purchase of a script, screenplay or format, provided (i) the [holder of the intellectual property is either a company authorized to do business in the state or an individual who is a resident of] intellectual property was produced primarily in the state, (ii) seventy-five per cent of the qualified production based on such intellectual property is produced in the state, and (iii) the production expenses or costs for such optioning or purchase are less than thirty-five per cent of the [actual cash expenditures within the budget allocated for the production of the qualified] production expenses or costs incurred in the state. Such expenses or costs shall include all expenditures generally associated with the optioning or purchase of intellectual property, including option money, agent fees and attorney fees relating to the transaction, but shall not include any and all deferrals, deferments, royalties, profit participation or recourse or nonrecourse loans which the eligible production company may negotiate in order to obtain the rights to the intellectual property;

(B) Expenditures incurred in the state in the form of either compensation or purchases [paid directly to individuals or companies authorized to do business in the state,] including production work, production equipment, production software, postproduction work, postproduction equipment, postproduction software, set design, set construction, props, lighting, wardrobe, makeup, makeup accessories, special effects, visual effects, audio effects, film processing, music, sound mixing, editing, location fees, soundstages and any and all other costs or services directly incurred in the state in connection with a state-certified qualified production;

(C) Expenditures for distribution, including preproduction, production or postproduction costs relating to the creation of trailers, marketing videos, commercials, point-of-purchase videos and any and all content created on film or digital media, including the duplication of films, videos, CDs, DVDs and any and all digital files now in existence and those yet to be created for mass consumer consumption; the purchase, by a company in the state, of any and all equipment relating to the duplication or mass market distribution of any content [from within] created or produced in the state by any digital media format which is now in use and those formats yet to be created for mass consumer consumption; and

[(D) Any other production expense or cost as may be determined by the commission; and]

[(E)] (D) "Production expenses or costs" does not include the following: [(A)] Compensation paid to Connecticut resident employees and independent contractors for services rendered in connection with a qualified production; (B)] (i) Talent fees for extras, principal day players and atmosphere, as defined by the Screen Actors Guild, to the extent the individual performer costs exceed the rates of the Screen Actors Guild for double scale wages under the current collective bargaining agreements; (ii) media buys, promotional events or gifts or public relations associated with the promotion or marketing of any qualified production; [(C)] (iii) deferred, leveraged or profit participation costs relating to any and all personnel associated with any and all aspects of the production, including, but not limited to, producer fees, director fees, talent fees and writer fees; [(D)] (iv) costs relating to the transfer of the production tax credits; and [(E)] (v) any amounts paid to persons or businesses as a result of their participation in profits from the exploitation of the qualified production.

(6) "State-certified qualified production" means a qualified production produced by an eligible production company that (A) is in compliance with regulations adopted pursuant to subsection (f) of this section, (B) is authorized to conduct business in this state, and (C) has been approved by the commission as qualifying for a production tax credit under this section.

[(b)] The Connecticut Commission on Culture and Tourism shall allow an eligible production company producing a qualified production in Connecticut to receive a production tax credit against the tax imposed under chapter 208 of the general statutes as follows: (1) For a qualified production incurring fifty thousand dollars to one million dollars, inclusive, of production expenses or costs, a credit of twenty-five per cent of such costs, and (2) for a qualified production incurring over one million dollars of production expenses or costs, a credit of thirty per cent of such costs. Any credit allowed pursuant to this subsection shall be applied within three years of issuance and may be sold, assigned or otherwise transferred, in whole or in part, to one or more taxpayers.

(c) The Connecticut Commission on Culture and Tourism shall allow an eligible production company producing a qualified production in Connecticut to receive a wage tax credit against the tax imposed under chapter 208 of the general statutes as follows: For a qualified production, a credit equal to twenty-five per cent of the compensation paid to Connecticut resident employees and independent contractors for services rendered in connection with a qualified production, provided the amount of compensation to a single employee or independent contractor that is over one million dollars shall not be included in the amount of compensation paid for purposes of this subsection. Any wage tax credit allowed under this subsection shall be nonrefundable, nontransferable, may be carried forward for a period of three years from the date such credit is authorized, and may not exceed the tax liability of the eligible production company in the year in which such credit is applied.]

(b) The Connecticut Commission on Culture and Tourism shall administer a system of tax credit vouchers within the resources, requirements and purposes of this section for eligible production companies producing a state-certified qualified production in the state. For income years commencing on or after January 1, 2006, any eligible production company incurring production expenses or costs in excess of fifty thousand dollars shall be eligible for a credit against the tax imposed under chapter 208 equal to thirty per cent of such production expenses or costs. Any credit allowed pursuant to this subsection may be sold, assigned or otherwise transferred, in whole or in part, to one or more taxpayers, provided such taxpayers may claim such credit only for an income year in which the eligible production company would have been eligible to claim such credit. Any such credit allowed under this subsection shall be claimed against the tax imposed under chapter 208 for the income year in which final certification for the state-certified qualified production is made by the commission pursuant to this section, and may be carried forward for the three immediately succeeding income years. Any production tax credit allowed under this subsection shall be nonrefundable.

[(d)] (c) (1) An eligible production company shall apply to the commission for an eligibility certificate not later than ninety days after the first production expenses or costs are incurred in the production of a qualified production, and shall provide with such application such information as the commission may require to determine such company's eligibility to claim a credit under this section.

(2) Not later than ninety days after the last production expenses or costs are incurred in the production of a qualified production, an eligible production company shall apply to the commission for a production [or wage] tax credit certificate, and shall provide with such application such information as the commission may require pertaining to the amount of the company's production expenses or costs. If the commission determines that the company is eligible to be issued a production [or wage] tax credit certificate, the commission shall enter on the certificate the amount of production expenses or costs [or wages] that has been established to the satisfaction of the commission, and the amount of the company's credit [or credits] under this section. The commission shall provide a copy of such certificate to the commissioner, upon request.

[(e)] The production or wage tax credit allowed under this section shall be against the actual tax imposed under chapter 208 of the general statutes for the income year in which final certification for the state-certified qualified production is made by the commission pursuant to this section. Any such credit not applied in any year may be carried forward and used to offset income tax in the succeeding three years, except where otherwise noted. Any production or wage tax credit allowed under this section shall not be used to reduce any taxpayer's liability to less than zero.】

(d) If an eligible production company sells, assigns or otherwise transfers a credit under this section to another taxpayer, the transferor and transferee shall jointly submit written notification of such transfer to the commission not later than thirty days after such transfer. The notification shall include the credit certificate number, the date of transfer, the amount of such credit transferred, the tax credit balance before and after the transfer, the tax identification numbers for both the transferor and the transferee, and any other information required by the commission. Failure to comply with this subsection will result in a disallowance of the tax credit until there is full compliance on both the part of the transferor and the transferee. The commission shall provide a copy of the notification of assignment to the commissioner upon request.

~~[(f)]~~ (e) The ~~[commissioner]~~ commission, in consultation with the ~~[commission, may]~~ commissioner, shall adopt regulations, in accordance with the provisions of chapter 54 of the general statutes, as may be necessary for the administration of this section.

Sec. 84. Subparagraph (A) of subdivision (72) of section 12-81 of the 2006 supplement to the general statutes, as amended by section 10 of public act 06-83, is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006, and applicable to assessment years commencing on or after October 1, 2006*):

(72) (A) Effective for assessment years commencing on or after October 1, 2002, new machinery and equipment, as defined in this subdivision, acquired after October 1, 1990, and newly-acquired machinery and equipment, as defined in this subdivision, acquired on or after July 1, 1992, by the person claiming exemption under this subdivision, provided this exemption shall only be applicable in the five full assessment years following the assessment year in which such machinery or equipment is acquired, subject to the provisions of subparagraph (B) of this subdivision. Machinery and equipment acquired on or after July 1, 1996, and used in connection with biotechnology shall qualify for the exemption under this ~~[subsection]~~ subdivision. Machinery and equipment acquired on or after July 1, 2006, and used in connection with recycling shall qualify for the exemption under this subdivision. For the purposes of this subdivision: (i) "Machinery" and "equipment" means tangible personal property which is installed in a manufacturing facility and claimed on the owner's federal income tax return as either five-year property or seven-year property, as those terms are defined in Section 168(e) of the Internal Revenue Code of 1986, or any subsequent corresponding internal revenue code of the United States, as from time to time amended, and the predominant use of which is for manufacturing, processing or fabricating; for research and development, including experimental or laboratory research and development, design or engineering directly related to manufacturing; for the significant servicing, overhauling or rebuilding of machinery and equipment for industrial use or the significant overhauling or rebuilding of other products on a factory basis; for measuring or testing or for metal finishing; or used in the production of motion pictures, video and sound recordings.

"Machinery" means the basic machine itself, including all of its component parts and contrivances such as belts, pulleys, shafts, moving parts, operating structures and all equipment or devices used or required to control, regulate or operate the machinery, including, without limitation, computers and data processing equipment, together with all replacement and repair parts therefor, whether purchased separately or in conjunction with a complete machine, and regardless of whether the machine or component parts thereof are assembled by the taxpayer or another party. "Equipment" means any device separate from machinery but essential to a manufacturing, processing or fabricating process. (ii) "Manufacturing facility" means that portion of a plant, building or other real property improvement used for manufacturing, processing or fabricating, for research and development, including experimental or laboratory research and development, design or engineering directly related to manufacturing, for the significant servicing, overhauling or rebuilding of machinery and equipment for industrial use or the significant overhauling or rebuilding of other products on a factory basis, for measuring or testing or for metal finishing. (iii) "Manufacturing" means the activity of converting or conditioning tangible personal property by changing the form, composition, quality or character of the property for ultimate sale at retail or use in the manufacturing of a product to be ultimately sold at retail. Changing the quality of property shall include any substantial overhaul of the property that results in a significantly greater service life than such property would have had in the absence of such overhaul or with significantly greater functionality within the original service life of the property, beyond merely restoring the original functionality for the balance of the original service life. (iv) "Fabricating" means to make, build, create, produce or assemble components or tangible personal property work in a new or different manner, but does not include the presorting, sorting, coding, folding, stuffing or delivery of direct or indirect mail distribution services. (v) "Processing" means the physical application of the materials and labor in a manufacturing process necessary to modify or change the characteristics of tangible personal property. (vi) "Measuring or testing" includes both nondestructive and destructive measuring or testing, and the alignment and calibration of machinery, equipment and tools, in the furtherance of the manufacturing, processing or fabricating of tangible personal property. (vii) "Biotechnology" means the application of technologies, including recombinant DNA techniques, biochemistry, molecular and cellular biology, genetics and genetic engineering, biological cell fusion techniques, and new bioprocesses, using living organisms, or parts of organisms, to produce or modify products, to improve plants or animals, to develop microorganisms for specific uses, to identify targets for small molecule pharmaceutical development, or to transform biological systems into useful processes and products. (viii) "Recycling" means the processing of solid waste to reclaim material, as defined in section 22a-260.

Sec. 85. Section 13 of public act 06-83 is repealed and the following is substituted in lieu thereof (*Effective July 1, 2006, and applicable to income years commencing on or after January 1, 2006*):

(a) For purposes of this section, (1) "machinery" and "equipment" shall have the same meaning as in subdivision (72) of section 12-81 of the 2006 supplement to the general statutes, as amended by this act, and (2) "municipality" means each town, city, borough, consolidated town and city and consolidated town and borough and each district, as defined in section 7-324 of the general statutes.

(b) The state shall provide a payment to each municipality representing a percentage of the property tax due on machinery and equipment, when such machinery and equipment is not receiving a payment in lieu of taxes pursuant to section 12-94b of the general statutes, as amended by [this act] public act 06-83. The taxpayer shall continue to be responsible for the remainder of the property tax. For all such machinery and equipment, the state shall pay to the municipality (1) for the assessment year commencing October 1, 2006, twenty per cent of the property tax due, and the taxpayer shall pay eighty per cent; (2) for the assessment year commencing October 1, 2007, forty per cent of the property tax due, and the taxpayer shall pay sixty per cent; (3) for the assessment year commencing October 1, 2008, sixty per cent of the property tax due, and the taxpayer shall pay forty per cent; (4) for the assessment year commencing October 1, 2009, eighty per cent of the property tax due, and the taxpayer shall pay twenty per cent; and (5) for the assessment year commencing October 1, 2010, one hundred per cent of the property tax due.

(c) Municipalities receiving a payment in lieu of taxes for machinery and equipment pursuant to subdivision (72) of section 12-81 of the 2006 supplement to the general statutes, as amended by [this act] public act 06-83, and section 12-94b of the general statutes, as amended by [this act] public act 06-83, and section 12-94c of the general statutes, shall continue to receive such payment for five years from the date such machinery and equipment became eligible to receive such payment. As such machinery and equipment ceases to be eligible for such payment, the state shall pay a percentage of the property tax due to the municipality, in accordance with the following schedules:

(1) For machinery and equipment first included in a payment in lieu of taxes made pursuant to section 12-94b of the general statutes, as amended by [this act] public act 06-83, for assessment years commencing on or prior to October 1, 2002, the state shall make a payment in lieu of taxes to the municipality for the assessment year commencing October 1, 2006. For the assessment year commencing October 1, 2007, the state shall provide a payment to each municipality representing a percentage of the property tax due on such machinery and equipment. The taxpayer shall continue to be responsible for the remainder of the property tax. The state shall pay to the municipality

(A) for the assessment year commencing October 1, 2007, forty per cent of the property tax due, and the taxpayer shall pay sixty per cent; (B) for the assessment year commencing October 1, 2008, sixty per cent of the property tax due, and the taxpayer shall pay forty per cent; (C) for the assessment year commencing October 1, 2009, eighty per cent of the property tax due, and the taxpayer shall pay twenty per cent; and (D) for the assessment year commencing October 1, 2010, one hundred per cent of the property tax due.

(2) For machinery and equipment first included in a payment in lieu of taxes made pursuant to section 12-94b of the general statutes, as amended by ~~[this act]~~ public act 06-83, for assessment years commencing on or prior to October 1, 2003, the state shall make a payment in lieu of taxes to the municipality for the assessment years commencing October 1, 2006, and October 1, 2007. For the assessment year commencing October 1, 2008, the state shall provide a payment to each municipality representing a percentage of the property tax due on such machinery and equipment. The taxpayer shall continue to be responsible for the remainder of the property tax. The state shall pay to the municipality (A) for the assessment year commencing October 1, 2008, sixty per cent of the property tax due, and the taxpayer shall pay forty per cent; (B) for the assessment year commencing October 1, 2009, eighty per cent of the property tax due, and the taxpayer shall pay twenty per cent; and (C) for the assessment year commencing October 1, 2010, one hundred per cent of the property tax due.

(3) For machinery and equipment first included in a payment in lieu of taxes made pursuant to section 12-94b of the general statutes, as amended by ~~[this act]~~ public act 06-83, for assessment years commencing on or prior to October 1, 2004, the state shall make a payment in lieu of taxes to the municipality for the assessment years commencing October 1, 2006, October 1, 2007, and October 1, 2008. For the assessment year commencing October 1, 2009, the state shall provide a payment to each municipality representing a percentage of the property tax due on such machinery and equipment. The taxpayer shall continue to be responsible for the remainder of the property tax. The state shall pay to the town (A) for the assessment year commencing October 1, 2009, eighty per cent of the property tax due, and the taxpayer shall pay twenty per cent; and (B) for the assessment year commencing October 1, 2010, one hundred per cent of the property tax due.

(4) For machinery and equipment first included in a payment in lieu of taxes made pursuant to section 12-94b of the general statutes, as amended by ~~[this act]~~ public act 06-83, for assessment years commencing on or prior to October 1, 2005, the state shall make a payment in lieu of taxes to the municipality for the assessment years commencing October 1, 2006, October 1, 2007, October 1, 2008, and October 1, 2009. For the assessment year commencing October 1, 2010, the state shall provide a payment to each municipality representing one hundred per cent of the property tax due on such machinery and equipment.

(d) On or before [November] March fifteenth, annually, commencing [November] March 15, [2006] 2007, the assessor or board of assessors of each municipality shall certify to the Secretary of the Office of Policy and Management, on a form furnished by said secretary, the [amount of property tax due on] assessed value of all machinery and equipment located in such municipality that is [no longer] not eligible for the [payment in lieu of taxes pursuant to section 12-94b] exemption under subdivision (72) of section 12-71 of the general statutes, as amended by this act. [The depreciation schedule required pursuant to] The provisions of section 12-63 of the general statutes, as amended by [this act] public act 06-83, shall apply to all such machinery and equipment. The secretary shall, annually, on or [before thirty days prior to the date such tax is due to the municipality] the fifteenth day of December, commencing December 15, 2007, certify to the Comptroller the amount due to each [town] municipality under the provisions of this section. The Comptroller shall draw an order on the Treasurer [on or before fourteen days prior to the date such tax is due to the municipality] not later than five business days following, and the Treasurer shall pay such amount to such [town] municipality on or before [five days prior to the date such tax is due to the municipality] the thirty-first day of December. If for any reason any modification is made to the amount of tax due, any adjustments to the tax due to any municipality for the period for which such modification was made shall be made in the next payment the Treasurer shall make to such municipality pursuant to this section.

(e) All municipal valuation and enforcement procedures pursuant to chapters 203, 204 and 205 of the general statutes shall continue to apply to machinery and equipment covered by this section. The assessment of any machinery and equipment for which a state payment is being made pursuant to this section may be appealed by the taxpayer in the same manner in which any taxpayer may appeal an assessment to the board of assessment appeals pursuant to chapter 203 of the general statutes.
