

## ATTACHMENT D

### Cross-Acceptance Process Timeline for the 2018-2023 State C&D Plan

The cross-acceptance process is intended to be a voluntary, good-faith effort among local, regional, and state officials to coordinate their planning efforts in a public manner, which is not legally binding.

August 22, 2016 OPM staff meets with Continuing Committee leadership to discuss possible revisions to the 2013-2018 State C&D Plan.

September 15, 2016 OPM submits the initial draft 2018-2023 State C&D Plan to the Continuing Committee, in accordance with CGS Section [16a-28\(a\)](#).

Fall 2016 OPM, in coordination with each COG, organizes and conducts nine regional workshops (summarized below) to solicit input from municipal officials and COG staff on the draft State C&D Plan.

1. November 7, 2016 Southeastern Connecticut COG
2. November 28, 2016 Lower Connecticut River Valley COG
3. November 30, 2016 Connecticut Metropolitan COG
4. December 6, 2016 South Central Regional COG
5. December 6, 2016 Naugatuck Valley COG

December 21, 2016 OPM staff meets with representatives of the Connecticut Chapter of the American Planning Association.

January 23, 2017 OPM staff meets with Continuing Committee leadership to provide a status update on progress to date.

January 26, 2017 OPM conducts an electronic survey of municipalities and COGs over a three-week period to solicit comments from individuals who were either unable to attend the workshops or who wanted to supplement their oral comments from the workshops. OPM believes the survey format provides a more effective

methodology than the 2013 Plan Comparison Process for municipal and COG participants to relate their own plans of conservation and development to the draft State C&D Plan. A sample survey form is available for viewing at [http://www.ct.gov/opm/lib/opm/igp/org/cdupdate/2018-2023/blank\\_survey\\_form.pdf](http://www.ct.gov/opm/lib/opm/igp/org/cdupdate/2018-2023/blank_survey_form.pdf). In total, 45 individuals completed the survey, representing 9 COGs and 27 municipalities.

February 10, 2017	OPM conducts a state agency workshop to review findings from the regional workshops. OPM receives comments from DECD, DEEP, DoAg, DOT, DPH, DAS and DOH over the following four-week period, and OPM proceeds to revise the draft State C&D Plan.

- March 29, 2019 OPM resubmits the revised draft State C&D Plan to the Continuing Committee, consistent with CGS Section [16a-29\(b\)](#). The resubmitted revised draft State C&D Plan contains new formatting and graphics but no additions or modifications to written content. The Continuing Committee raises House Joint Resolution [No. 74](#), but it is not transmitted to the General Assembly by the joint favorable deadline.
