### **Things to Consider**

**Connecticut HUSKY Health membership** 

The Connecticut HUSKY Health membership, including dually eligible members, increased by 4.1% from 1,049,470 members in 2021 to 1,092,345 members in 2022. HUSKY Health membership remains above pre-pandemic levels as membership volume in 2022 is still 9.6% higher than in 2019. This may be due in part to the extension of the public health emergency.
