AGENDA

Note: Topic Experts from DCF, BHP and DMHAS will be available as presenters and resources on each item

1. Continued discussion of efforts to improve service delivery and coordination of care, and reduce risk for parents receiving services in the adult system, and their children. This month's focus:
 - a. Myth and reality: Formal and informal policies and procedures in child protective services based on a parent's mental health diagnosis and history
 - b. How will implementation of Differential Response impact Structured Decision Making and service delivery for this population?
2. Discussion: How will DCF and BHP track the impact on children and families of changes implemented under each of the "Fostering the Future" Initiatives:
 - a. Congregate Care Rightsizing and Redesign
 - b. Consolidation of Riverview Hospital and Connecticut Children's Place
 - c. Supporting Children, Families and the Workforce in Connecticut's Family Foster Care System
3. Continuum of Care Partnership Updates
4. Review of the new description of the Child / Adolescent Quality, Access, and Policy Committee
