AGENDA

This committee works with DCF to maximize the combined impact of BHP fee-for-service, and DCF grant and voluntary services funds, by identifying and addressing key issues of consumers and providers. With a focus on enhancing quality and access to services, the committee reviews data that measures the effectiveness of DCF and BHP policies, procedures and initiatives; reports to the Council on results; raises concerns and makes recommendations within the purview of the Council's authority.

The committee, in collaboration with the Adult Quality, Access and Policy Committee, also works through the Council to provide input in the State's plan for federal Health Care Reform, and other emerging mental health policy and program developments.
