CONNECTing
Children and Families to Care

CONNECTICUT NETWORK OF CARE TRANSFORMATION

The Substance Abuse and Mental Health Services Administration
System of Care Federal Grant

The goal of CONNECT is to blend and integrate ALL child-serving systems into a NETWORK of CARE which will equally and effectively serve all children and families.

WORKING TOGETHER FOR ALL OUR FUTURES

Cultural and Linguistic Competency Development
Developing, planning and implementing a statewide process for incorporating Enhanced Culturally and Linguistically Appropriate Services (CLAS) Standards within the Network of Care in Connecticut.

Data Integration Collaboration
Improving data sharing through a user-driven process across child-serving sectors to drive planning, policy, budgeting and decision making to transform local, regional and statewide networks of care.

Network of Care Analysis
Supporting the goal of integrating all child-serving systems into a Network of Care to equally and effectively serve children and families.

Workforce Development
Supporting and mentoring youth and family Champions. Expanding opportunities to share knowledge and expertise in the development of family-driven and youth-guided care.

Wraparound
Wraparound is a process for improving the lives of children and families who have complex needs. It is not a program or a specific type of service. It is a process to help develop youth and family guided Plan of Care that is: Needs Driven - Family Centered - Strengths Based - Life Domain Focused - Culturally Competent - Individualized - Team Based - Community Based - Unconditional.

Family Engagement Action Teams
Engaging a diverse network of youth and family consumers to support and foster partnerships at local, regional and statewide levels and drive the transformation of the behavioral health system.

Social Marketing Communications
Connecting to Care Communication Strategy: Increasing awareness of the Network of Care and its principles as well as increasing awareness of behavioral health needs and services.

Notes

- 1. US Census; Calculations by CONNECT project
  - Pop - 2010 Decennial Census Population.
  - Tx - Estimated number of individuals needing treatment for a serious emotional disturbance.
  - Life - Estimated number who have experienced a mental health disorder in their lifetime.
  - Hispanic includes people of any race who are of Hispanic Origin.
  - Other Race includes American Indian, Pacific Islander, Asian, and Multiracial persons who are not of Hispanic Origin.
- 2. US Census; Calculations by CT Dept of Children and Families
  - Hispanic includes people of any race who are of Hispanic Origin.
  - Other Race includes American Indian, Pacific Islander, Asian, and Multiracial persons who are not of Hispanic Origin.
- 3. US Census; Calculations by CT Dept of Children and Families
- 4. US Census; Calculations by CT Dept of Children and Families
  - Hispanic includes people of any race who are of Hispanic Origin.
  - Other Race includes American Indian, Pacific Islander, Asian, and Multiracial persons who are not of Hispanic Origin.
- 5. CT State Dept of Education
  - Data includes only school districts that do not cross town boundaries.
- 6. CT State Dept of Education
  - Data includes only school districts that do not cross town boundaries.
  - Values are a sum of unsuppressed data and include districts with suppressions.
- 7. CT State Dept of Education
  - Data includes only school districts that do not cross town boundaries.
  - Values are a sum of unsuppressed data and include districts with suppressions.
- 8. CT State Dept of Education
  - Data includes only school districts that do not cross town boundaries.
  - Other Race includes American Indian, Pacific Islander, Asian, and Multiracial persons.
- 9. CT State Dept of Education
  - Other includes: Drug Use; Violent Crime; Theft; Property Damage; Weapons; and Sexual Behavior.
  - Data includes only school districts that do not cross town boundaries.
  - Values are a sum of unsuppressed data and include districts with suppressions.
- 10. CT Office of Early Childhood
  - IFSP - Individualized Family Service Plan
  - ECSE - Early Childhood Special Education
- 11. CT Office of Early Childhood
  - IFSP - Individualized Family Service Plan
  - ECSE - Early Childhood Special Education
  - Values represent the number of families recieving Birth to Three Services out of the total number of births.
- 12. CT Dept of Children and Families
- 13. CT Dept of Children and Families
- 14. CT Dept of Children and Families
- 15. CT Dept of Children and Families
- 16. CT Dept of Public Health
  - Rate per 1000 live births
  - Fetal mortality occurs after 20 weeks of gestation and before labor.
  - Data is suppressed when number of deaths is less than or equal to 5.
